behaviors as their parents June emphasizes that change is possible Using the familiar Bible story of Joseph and his brothers June reveals how God can use one family member yielded to Him to change the dynamics of an entire family She also tells the remarkable true story of Catherine Brown Deeken a woman who grew up in a shattered home with 2 alcoholics but who now through the grace of God runs Rainbow Days a ministry which supports over 65 000 children who are living in high risk situations Compassionate in its approach rich with scripture and easy to understand this ebook explains how to reverse the impact of unhealthy family relationships Includes a quick overview and key definitions Answers What is a dysfunctional family What is a functional family What are the dysfunctional family roles How does being raised in a dysfunctional family affect future relationships Reveals signs symptoms and common characteristics of a dysfunctional family Explains the 8 dominant traits characterized by dysfunctional families including chaos control denial inconsistency emotional indifference instability shame and unpredictability Explains how unresolved conflicts in the past often cause children to repeat the dysfunctional behavior of their parents Includes a checklist to see if you or someone you know is showing signs of unresolved conflict Provides dozens of step by steps suggestions and practical ways to replace old mindsets and behaviors from unhealthy family relationships with God s truth

### What Is a Dysfunctional Family

A dysfunctional family is one where improper and immature behavior of at least one parent damages the growth of individuality and healthy relational skills among family members A dysfunctional family is one where family members are negatively affected emotionally psychologically and spiritually A dysfunctional family is one where everyone is negatively affected even when only one family member experiences a problem

### Dysfunctional Families Produce Dysfunctional Families

Dysfunction looks different in each family Here are some of the ways dysfunction can creep into the family unit

- Overly possessive or faultfinding parents
- Poor organization or overly rigid structure
- Inconsistent and indecisive parents
- Emotionally abandoned children including emotional abuse
- Overly rigid structure or lacking parental authority

### How Do Kids Cope

#### 4 Dysfunctional Family Roles

Children Adopt When parents are unable to manage their lives children learn to cope by playing specific roles in the family or acting out in damaging ways Typically the child will adopt one of four roles

- The Responsible Child** The hero tries to fix the family problems and help create a positive family image through noteworthy achievement This child receives positive attention but often develops perfectionistic compulsive behaviors
- The Rebellious Child** The scapegoat draws focus away from the family s problems and onto himself or herself with rebellious uncontrollable behavior This child consumes time and energy from the family members and often develops self destructive life patterns
- The Reclusive Child** The lost child hopes that by ignoring family problems the difficulties will go away This child avoids attention and is often lonely and withdrawn
- The Reveling Child** The clown uses humor and antics to direct the focus away from family problems This child is often highly active or hyperactive and usually seeks to be the center of attention

A child may even display a combination of these traits or progress through different stages as they attempt to manage their emotional pain just seeking to survive To find out more
