they work what they're about what makes them good or bad and how to talk about them At a deeper level this is a book in which one of the most intimate relationship is described one in which a reader meets a novel Will a great love affair begin Will the rendezvous end in disappointment Who can say In order for the relationship to take its appropriate course all the details must be clearly acknowledged and understood for their complexities plot point of view character style pace first and last sentences and even beauty Still Sutherland knows a true understanding of fiction is more than a flirtation with text and style it is a business Taking his readers on a trip to the bookshop he helps them judge a book by its cover based on design and color wondering aloud what genre might be best even going so far as to analyze one of the latest American bestsellers to further help the buying reader choose the novel that is right for him or her In a book that is as witty and humorous as it is learned and opinionated John Sutherland tells you everything you always wanted to know about how to read fiction better than you do now but were afraid to ask **Braille Book Review**, 2007-05 **The Literary Digest International Book**

Female Gothic Histories Diana Wallace, 2013-03-30 *Female Gothic Histories* traces the development of women's Gothic historical fiction from Sophia Lee's *The Recess* in the late eighteenth century through the work of Elizabeth Gaskell Vernon Lee Daphne du Maurier and Victoria Holt to the bestselling novels of Sarah Waters in the twenty first century Often left out of traditional historical narratives women writers have turned to Gothic historical fiction as a mode of writing which can both reinsert them into history and symbolise their exclusion This study breaks new ground in bringing together thinking about the Gothic and the historical novel and in combining psychoanalytic theory with historical contextualisation *Cold War Radio* Richard H.
