Paths of Individuation in Literature and Film Phyllis B. Kenevan, 1999-01-01 In his account of the individuation process Carl G Jung describes a spiritual goal for the individual as well as the collective That process as exemplified through archetypes in both literature and film offers the reader insight into the variety and richness those paths may take In this highly original book Phyllis Berdt Kenevan provides an analysis of individuation and then explores four different individual paths of characters from the stories of Zorba the Greek House of the Spirits Crime and Punishment and Bagdad Cafe Kenevan then explores ways in which individuation can become a path for the collective analyzing My Dinner With Andre Wings of Desire and various Dostoevsky novels An engaging and thought provoking look at archetypes as vehicles for interpretation Paths of Individuation in Literature and Film is a must read for courses in personal and social psychology literary or film interpretation Jung and philosophy and psychology **Post-Jungian Criticism** James S.
