**Istanbul Appearances** Claudia Liebelt, 2023-03-17 In the twenty first century the consumption of beauty services and cosmetic surgery in Turkey has developed from an elite phenomenon to an increasingly common practice especially among younger and middle aged women Turkey now ranks among the top countries worldwide with the highest number of cosmetic procedures and with its cultural and economic capital Istanbul has become a regional center for the beauty and fashion industries Istanbul Appearances illustrates the profound effects of this growing market on urban residents body images gendered norms and practices Drawing upon extensive fieldwork carried out in beauty salons and clinics in different parts of the city Liebelt explores how standards of femininity and female desire have shifted since the consolidation of power and authoritarian rule of the conservative Islamic Justice and Development Party Arguing that the politics of beauty are intricately bound up with the politics of race class gender and sexuality Liebelt shows that female bodies have become a major site for the negotiation of citizenship It is in the numerous beauty salons and clinics that heteronormative ideals and images of gendered bodies become real embodied in a complex array of emotional desires of who and what is considered not only beautiful but also morally proper

**Health Tourism** David A. Reisman, 2010-01-01 In this unique and pathbreaking book David Reisman examines the relatively new phenomenon of health travel He presents a multidisciplinary account of the way in which lower costs shorter waiting times different services and the chance to combine recreational tourism with a check up or an operation all come together to make medical travel a new industry with the potential to create jobs and wealth while at the same time giving sick people high quality care at an affordable price The book illustrates that it is no longer the case that medical attention must be consumed at home Patients are travelling to Mexico India and Thailand for a heart bypass They are going to Hungary Poland and Malaysia for dentistry Doctors are migrating to Britain the USA and Canada for new challenges Hospitals are opening subsidiaries in Dubai the Philippines and Costa Rica to see overseas patients on the spot Integrating academic perspectives from medicine tourism health economics development studies and public policy the author concludes that the benefits both to the importing and the exporting nations are considerable but that there are also some costs He suggests that the new industry should be regulated and supported in order that it can do its best both for the local population and for the sick people who travel abroad for treatment This fascinating and highly original book will be of great interest to academics and researchers in areas such as health economics tourism social policy development studies Asian studies and public policy It will also prove invaluable to practitioners actively involved in planning and delivering medical attention in the global economic order
