## **Pattys Got A Gun Patricia Hearst In 1970s America:**

*Patty's Got a Gun* William Graebner, 2008-11 With *Patty's Got a Gun* the first substantial reconsideration of Patty Hearst's story in more than twenty five years William Graebner vividly re creates the atmosphere of uncertainty and frustration of mid 1970s America Drawing on copious media accounts of the robbery and trial as well as cultural artifacts from glam rock to *Invasion of the Body Snatchers* Graebner paints a compelling portrait of a nation confused and frightened by the upheavals of 1960s liberalism and beginning to tip over into what would become Reagan era conservatism with its invocations of individual responsibility and the heroic Trapped in the middle of that shift the affectless zombielike brainwashed Patty Hearst was a ready made symbol of all that seemed to have gone wrong with the sixties the inevitable result some said of rampant permissiveness reckless elitism the loss of moral clarity and feminism run amok *Patty's Got a Gun* William

Graebner, 2024-05-31 It was a story so bizarre it defied belief in April 1974 twenty year old newspaper heiress Patricia Hearst robbed a San Francisco bank in the company of members of the Symbionese Liberation Army who had kidnapped her a mere nine weeks earlier But the robbery and the spectacular 1976 trial that ended with Hearst's criminal conviction seemed oddly appropriate to the troubled mood of the nation an instant exemplar of a turbulent era With *Patty's Got a Gun* the first substantial reconsideration of Patty Hearst's story in more than twenty five years William Graebner vividly re creates the atmosphere of uncertainty and frustration of mid 1970s America Drawing on copious media accounts of the robbery and trial as well as cultural artifacts from glam rock to *Invasion of the Body Snatchers* Graebner paints a compelling portrait of a nation confused and frightened by the upheavals of 1960s liberalism and beginning to tip over into what would become Reagan era conservatism with its invocations of individual responsibility and the heroic Trapped in the middle of that shift the affectless zombielike brainwashed Patty Hearst was a ready made symbol of all that seemed to have gone wrong with the sixties the inevitable result some said of rampant permissiveness feckless elitism the loss of moral clarity and feminism run amok By offering a fresh look at Patty Hearst and her trial for the first time free from the agendas of the day yet set fully in their cultural context *Patty's Got a Gun* delivers a nuanced portrait of both an unforgettable moment and an entire era one whose repercussions continue to be felt today **The Federal Bureau of Investigation** Douglas M. Charles, Aaron J.

Stockham, 2022-05-18 This authoritative set provides a one stop resource for understanding specific FBI controversies as well as for those looking to understand the full history law enforcement authority and inner workings of the nation's most famous and important federal law enforcement agency This authoritative two volume reference resource uses a combination of encyclopedia entries and primary sources to provide a comprehensive overview of the FBI detailing its history most famous leaders and agents institutional structure and authority law enforcement responsibilities reporting relationships to other parts of government and major events and controversies Today the FBI sits squarely at the intersection of major controversies surrounding the presidential campaign and administration of Donald Trump foreign interference in U S

elections and politicization of law enforcement But the FBI has always been in the political spotlight its history is dotted with episodes that have come under heavy scrutiny from its surveillance of civil rights leaders during the 1960s to the methods it employs to combat domestic terrorism in the post 9 11 era And all the while FBI agents and offices across the country continue to investigate a wide range of lawbreaking from organized crime in all its facets to white collar crime and corruption by public officials

**A Companion to Gerald R. Ford and Jimmy Carter** Scott Kaufman,2015-12-21 With 30 historiographical essays by established and rising scholars this Companion is a comprehensive picture of the presidencies and legacies of Gerald Ford and Jimmy Carter Examines important national and international events during the 1970s as well as presidential initiatives crises and legislation Discusses the biography of each man before entering the White House his legacy and work after leaving office and the lives of Betty Ford Rosalynn Carter and their families Covers key themes and issues including Watergate and the pardon of Richard Nixon the Vietnam War neoconservatism and the rise of the New Right and the Iran hostage crisis Incorporates presidential diplomatic military economic social and cultural history Uses the most recent research and newly released documents from the two Presidential Libraries and the State Department

**Commodified and Criminalized** David J. Leonard,C. Richard King,2010-12-28 Commodified and Criminalized examines the centrality of sport to discussions of racial ideologies and racist practices in the 21st century It disputes familiar refrains of racial progress arguing that athletes sit in a contradictory position masked by the logics of new racism and dominant white racial frames Contributors discuss athletes ranging from Tiger Woods and Serena Williams to Freddy Adu and Shani Davis Through dynamic case studies Commodified and Criminalized unpacks the conversation between black athletes and colorblind discourse while challenging the assumptions of contemporary sports culture The contributors in this provocative collection push the conversation beyond the playing field and beyond the racial landscape of sports culture to explore the connections between sports representations and a broader history of racialized violence

The SAGE Encyclopedia of Terrorism, Second Edition Gus Martin,2011-06-15 This thoroughly updated edition with expanded coverage explores the impact of terrorism on economics public health religion and pop culture and also includes details of ethical issues and debates relating to terrorism

**Days of Rage** Bryan Burrough,2016-04-05 The Weathermen The Symbionese Liberation Army The FALN The Black Liberation Army The names seem quaint now but there was a stretch of time in America when there was on average more than one significant terrorist act in the U S every week The FBI combated these groups and others as nodes in a single revolutionary underground dedicated to the violent overthrow of the American government Thus began a decade long battle between the FBI and these homegrown terrorists compellingly and thrillingly documented in Days of Rage

Lock, Stock, and Barrel Clayton E. Cramer,2018-02-21 This provocative book debunks the myth that American gun culture was intentionally created by gun makers and demonstrates that gun ownership and use have been a core part of American society since our colonial origins Revisionist historians argue that American gun culture and manufacturing are

relatively recent developments They further claim that widespread gun violence was largely absent from early American history because guns of all types and especially handguns were rare before 1848 According to these revisionists American gun culture was the creation of the first mass production gun manufacturers who used clever marketing to sell guns to people who neither wanted nor needed them However as proven in this first scholarly history of gun culture in early America gun ownership and use have in fact been central to American society from its very beginnings Lock Stock and Barrel The Origins of American Gun Culture shows that gunsmithing and gun manufacturing were important parts of the economies of the colonies and the early republic and explains how the American gun industry helped to create our modern world of precision mass production and high wages for workers **Aberration in the Heartland of the Real** Wendy S.

Painting, 2016-04-19 Presenting startling new biographical details about Timothy McVeigh and exposing stark contradictions and errors contained in previous depictions of the All American Terrorist this book traces McVeigh's life from childhood to the Army throughout the plot to bomb the Alfred P Murrah Federal Building and the period after his 1995 arrest until his 2001 execution McVeigh's life as Dr Wendy Painting describes it offers a backdrop for her discussion of not only several intimate and previously unknown details about him but a number of episodes and circumstances in American History as well In Aberration in the Heartland Painting explores Cold War popular culture all American apocalyptic fervor organized racism contentious politics militarism warfare conspiracy theories bioethical controversies mind control the media's construction of villains and demons and institutional secrecy and cover ups All these stories are examined compared and tested in Aberration in the Heartland of the Real making this book a much closer examination into the personality and life of Timothy McVeigh than has been provided by any other biographical work about him Class Divide Howard Gillette, Jr., 2015-05-21 Members of the Yale College class of 1964 the first class to matriculate in the 1960s were poised to take up the positions of leadership that typically followed an Ivy League education Their mission gained special urgency from the inspiration of John F Kennedy's presidency and the civil rights movement as it moved north Ultimately these men proved successful in traditional terms in the professions in politics and in philanthropy and yet something was different Challenged by the issues that would define a new era their lives took a number of unexpected turns Instead of confirming the triumphal perspective they grew up with in the years after World War II they embraced new and often conflicting ideas In the process the group splintered In Class Divide Howard Gillette Jr draws particularly on more than one hundred interviews with representative members of the Yale class of 64 to examine how they were challenged by the issues that would define the 1960s civil rights the power of the state at home and abroad sexual mores and personal liberty religious faith and social responsibility Among those whose life courses Gillette follows from their formative years in college through the years after graduation are the politicians Joe Lieberman and John Ashcroft the Harvard humanities professor Stephen Greenblatt the environmental leader Gus Speth and the civil rights activist Stephen Bingham Although their Ivy League education gave them access to positions in the national

elite the members of Yale 64 nonetheless were too divided to be part of a unified leadership class Try as they might they found it impossible to shape a new consensus to replace the one that was undone in their college years and early adulthood

After Aquarius Dawned Judy Kutulas,2017-03-16 In this book Judy Kutulas complicates the common view that the 1970s were a time of counterrevolution against the radical activities and attitudes of the previous decade Instead Kutulas argues that the experiences and attitudes that were radical in the 1960s were becoming part of mainstream culture in the 1970s as sexual freedom gender equality and more complex notions of identity work and family were normalized through popular culture television movies music political causes and the emergence of new communities Seemingly mundane things like watching The Mary Tyler Moore Show listening to Carole King songs donning Birkenstock sandals or reading Roots were actually critical in shaping Americans perceptions of themselves their families and their relation to authority Even as these cultural shifts eventually gave way to a backlash of political and economic conservatism Kutulas shows that what critics perceive as the narcissism of the 1970s was actually the next logical step in a longer process of assimilating 1960s values like individuality and diversity into everyday life Exploring such issues as feminism sexuality and race Kutulas demonstrates how popular culture helped many Americans make sense of key transformations in U S economics society politics and culture in the late twentieth century

*New Hollywood and Countercultural Whiteness* Till Kadritzke,2024-11-18 In the late 1960s the white counterculture enters the screens with Bonnie and Clyde and Easy Rider in 1976 a backlash seems to have taken place with white male protagonists such as Travis Bickle Howard Beale and Rocky Balboa being surrounded by non white and female others But these films cannot be neatly identified as left wing or right wing liberal or conservative in their politics of affect they rather express important affinities This study proposes the New Hollywood as an entry point into a cultural history of the postwar era sensitive to the intersections of affect race and gender Following a narrative that spreads from the immediate postwar years to the 1970s the study examines how New Hollywood films were part of a discursive and affective reconfiguration of white masculinity the emergence of a subject position of countercultural whiteness and its affective style of expressivity Examining affective affinities between films of the era complicates the narrative of polarization that shapes commentary on the history of American politics emphasizing instead the shared racialized and gendered politics of the white counterculture and those reactionary forces that allegedly lashed back against it

**The Budapest School of Psychoanalysis** Arnold Rachman,2016-06-10 The Budapest School of Psychoanalysis brings together a collection of expertly written pieces on the influence of the Budapest Ferenczi conception of analytic theory and practice on the evolution of psychoanalysis It touches on major figures S ndor Ferenczi and Michael Balint whilst concurrently considering topics such as Ferenczi s clinical diary the study of trauma the Confusion of Tongues paradigm and Balint s perspective on supervision Further to this the book highlights Jacques Lacan s teaching of Ferenczi which brings a fresh perspective to a relatively unknown connection between them The book highlights that the Hungarian analysts influenced by Ferenczi through their

pioneering work developed a psychoanalytic paradigm which became an alternative to the Freudian tradition That this paradigm has become recognised and admired in its own right underlines the need to clearly outline as this book does the historical context and the output of those who are writing and working in the tradition of the Budapest School The contributions to this volume demonstrate the widespread and enduring influence of the Budapest School on contemporary psychoanalysis The contributors are amongst the foremost in Budapest School scholarship and the insights they offer are at once profound as well as insightful This book is an important read for those practitioners and students of psychoanalysis who wish for an insight into the early and developing years of the Budapest School of Psychoanalysis and its impact on contemporary clinical practice

**Age in America** Corinne T. Field, Nicholas L. Syrett, 2015-05-22 Eighteen Twenty one Sixty five In America today we recognize these numbers as key transitions in our lives precise moments when our rights and opportunities change when we become eligible to cast a vote buy a drink or enroll in Medicare This volume brings together scholars of childhood adulthood and old age to explore how and why particular ages have come to define the rights and obligations of American citizens Since the founding of the nation Americans have relied on chronological age to determine matters as diverse as who can marry work be enslaved drive a car or qualify for a pension Contributors to this volume explore what meanings people in the past ascribed to specific ages and whether or not earlier Americans believed the same things about particular ages as we do The means by which Americans imposed chronological boundaries upon the variable process of growing up and growing old offers a paradigmatic example of how people construct cultural meaning and social hierarchy from embodied experience Further chronological age always intersects with other socially constructed categories such as gender race and sexuality Ranging from the seventeenth century to the present taking up a variety of distinct subcultures from frontier children and antebellum slaves to twentieth century Latinas **Age in America** makes a powerful case that age has always been a key index of citizenship

**Creating a Movement with Teeth** Daniel Burton-Rose, 2010-10-01 Bursting into existence in the Pacific Northwest in 1975 the George Jackson Brigade claimed 14 pipe bombings against corporate and state targets as many bank robberies and the daring rescue of a jailed member Combining veterans of the prisoners women s gay and black liberation movements this organization was also ideologically diverse consisting of both communists and anarchists Concomitant with the Brigade s extensive armed work were prolific public communications In more than a dozen communiqués and a substantial political statement they sought to explain their intentions to the public while defying the law enforcement agencies that pursued them **Creating a Movement with Teeth** makes available this body of propaganda and mediations on praxis collecting it in one volume for the first time In addition the collection assembles corporate media profiles of the organization s members and alternative press articles in which partisans thrash out the heated debates sparked in the progressive community by the eruption of an armed group in their midst **Creating a Movement with Teeth** illuminates a forgotten chapter of the radical social movements of the 1970s in which diverse interests combined

forces in a potent rejection of business as usual in the United States      Understanding Terrorism Gus Martin,2024-06-20 Understanding Terrorism Challenges Perspectives and Issues offers a multidisciplinary comprehensive exploration of domestic and international terrorism that helps students develop the knowledge and skills needed to critically assess the expressions and underlying causes of terrorism Martin explores theory and provides in depth analysis in an accessible engaging manner that helps readers develop the knowledge and skills they need to engage meaningfully with this robust course      A Historical Introduction to the Study of New Religious Movements W. Michael Ashcraft,2018-02-02 The American public's perception of New Religious Movements NRMs as fundamentally harmful cults stems from the anticult movement of the 1970s which gave a sometimes hysterical and often distorted image of NRMs to the media At the same time academics pioneered a new field studying these same NRMs from sociological and historical perspectives They offered an interpretation that ran counter to that of the anticult movement For these scholars in the new field of NRM studies NRMs were legitimate religions deserving of those freedoms granted to established religions Those scholars in NRM studies continued to evolve methods and theories to study NRMs This book tells their story Each chapter begins with a biography of a key person involved in studying NRMs The narrative unfolds chronologically beginning with late nineteenth and early twentieth century perceptions of religions alternative to the mainstream Then the focus shifts to those early efforts in the 1960s and 1970s to comprehend the growing phenomena of cults or NRMs using the tools of academic disciplines The book's midpoint is a chapter that looks closely at the scholarship of the anticult movement and from there moves forward in time to the present highlighting themes in the study of NRMs like violence gender and reflexive ethnography No other book has used the scholars of NRMs as the focus for a study in this way The material in this volume is therefore a fascinating viewpoint from which to explore the origins of this vibrant academic community as well as analyse the practice of Religious Studies more generally      *Toward a Linguistic and Literary Revision of Cultural Paradigms* Ettore Finazzi-Agrò,2018-11-02 This book draws an updated Euro American conceptual map starting from a limited number of strategic terms whose meanings today are judged univocal and permanent while in fact daily use has turned them into common sense depriving them of their ambiguity an original feature of language particularly relevant when it comes to literary use By re-examining the proper noun for each of the selected notions the contributors' common intent is to shed light on their polysemous nature and linguistic fluidity in spite of the common tendency towards simplification and homogeneity imposed by hegemonic cultural paradigms Along this line the book explores the great divides between identity and otherness or common or alien in order to recover a sense of cultural identity which is at once polymorphous and polyphonic      **The Holiday Makers** Richard K. Popp,2012-05-16 In mid twentieth century America mass tourism became emblematic of the expanding horizons associated with an affluent industrial society Nowhere was the image of leisurely travel more visible than in the parade of glossy articles and advertisements that beckoned readers from the pages of popular magazines In Richard K Popp's *The Holiday Makers* the

magazine industry serves as a window into postwar media and consumer society showing how the dynamics of market research and commercial print culture helped shape ideas about place mobility and leisure Magazine publishers saw travel content as a way to connect audiences to a booming ad sector while middlebrow editors believed sightseeing travel was a means of fostering a classless society at home and harmony abroad Expanding transportation networks and free time lay at the heart of this idealized vision Holiday magazine heralded nothing less than the dawn of a new era calling it the age of Mobile Man Man gifted for the first time in history with leisure and the means to enjoy distance on a global scale For their part advertisers understood that selling tourism meant turning dreams into action as ad executive David Ogilvy put it Doing so involved everything from countering ugly stereotypes to tapping into desires for authentic places and self actualization Though tourism was publicly touted in egalitarian terms publishers and advertisers privately came to see it as an easy way to segment the elite free spenders from the penny pinching masses Just as importantly marketers identified correlations between an interest in travel and other consumer behavior Ultimately Popp contends the selling of tourism in postwar America played an early integral role in the shift toward lifestyle marketing an experiential service economy and contributed to escalating levels of social inequality

**Essentials of Terrorism** Gus Martin, 2021-12-08 Captivating concise and accessible Essentials of Terrorism Concepts and Controversies covers key foundational topics by defining terrorism and introducing its history and causes Author Gus Martin introduces readers to the modern landscape of terrorism and discusses terrorist environments domestic international religious etc as well as tactics targets and counterterrorism Included in the Sixth Edition is an added focus on U S hate crimes and homeland security in addition to new introductory discussions information and data throughout each chapter
