Pathways To Power Political Recruitment And Candidate Selection In Latin America:

Pathways to Power Peter M. Siavelis, 2012-03-31 A cross national analysis of political recruitment and candidate selection in six Latin American countries Argentina Brazil Chile Colombia Mexico and Uruguay Provides typology and theoretical insights for other countries in the region and around the world Provided by publisher *Pathways to Power* Peter Siavelis, Scott Morgenstern, 2010-11 A cross national analysis of political recruitment and candidate selection in six Latin American countries Argentina Brazil Chile Colombia Mexico and Uruguay Provides typology and theoretical insights for other countries in the region and around the world Provided by publisher *New Paths for Selecting Political Elites* Giulia Sandri, Antonella Seddone, 2021-05-15 This book provides a cross country study of the consequences of the expansion of intra party democracy the trend towards more inclusive methods of selection for party candidates and leaders and the impact of these on political elites in terms of sociopolitical profile and patterns of careers It explores the link between political organizations and political elites by studying the role of parties in parliamentary and political selection and its impact on the political leadership appointed Putting an emphasis on primary elections it analyses the party elites that emerge from those selection processes and those democratized organizational settings It focuses not only on the analysis of the processes through which party elites are selected and the consequences at the level of the party but also at the level of party elites themselves i e what impact party primaries have on the characteristics parties candidates and leaders The book offers a theoretical comparative and empirical account of the internal electoral processes of parties and their impact on political recruitment This book will be of key interest to scholars and students of political elites political parties and party systems electoral politics democracy populism and leadership and more broadly to comparative politics **Elections in Latin America** Kevin Pallister, 2024-02-27 Even as several Latin American countries have regressed to authoritarian rule in the first two decades of the twenty first century elections remain permanent and vital features of the region s political life Kevin Pallister provides an accessible overview of elections throughout Latin America including formal electoral institutions informal practices and the behavior of voters and candidates Through a wide ranging synthesis of scholarly literature and sources it offers a descriptive and analytical look at how elections in the region work from the legal rules of the game to the final counting of the votes and provides an even handed discussion of its complexities such as electoral integrity gender quotas the role of social media corruption in campaign finance and how elections can be instruments of both democracy and autocracy This comprehensive narrative from Mexico to Argentina is complemented with illustrative examples case studies and data By understanding how elections in Latin America work as flawed but indispensable institutions of democracy students and other readers will enhance their knowledge of contemporary Latin American politics and the important process of democratization in the region *Legislative Institutions and Lawmaking in Latin America* Eduardo Alemán, George Tsebelis, 2016-09-01 In this volume twelve experts on Latin American politics investigate the ways in which the interaction

between legislative institutions and the policy positions of key actors affects the initiation and passage of legislation covering seven Latin American Countries Argentina Brazil Chile Colombia Mexico Peru and Uruguay These seven presidential systems vary widely in terms of their legislative institutions and the position of relevant actors The introduction provides a framework to understand the interaction of legislative majorities political institutions and policy position and each chapter begins with a description of the constitutional and congressional rules that allocate powers to propose amend and veto legislation The authors then identify the political actors who have these prerogatives and apply the framework to show how their policy positions and relative strengths influence legislative decision making The findings are consistent with the basic argument of the book that presidents with extensive legislative powers may be constrained by the positions of their legislative allies whereas weaker presidents may be well positioned to build successful coalitions to achieve their legislative goals The essays in this volume demonstrate that institutional design which determines the allocation of legislative powers must be considered along with the policy preferences of key legislative actors in order to construct a full picture of law making Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is Laurence Whitehead Senior Research Fellow Nuffield College University of Oxford

Do the Poor Count? Michelle M. Taylor-Robinson, 2015-11-05 Latin America's flirtation with neoliberal economic restructuring in the 1980s and 1990s the so called Washington Consensus strategy had the effect of increasing income inequality throughout the region The aim of this economic policy was in part to create the conditions for stable democracy by ensuring efficient economic use of resources both human and capital but the widening gap between rich and poor threatened to undermine political stability At the heart of the dilemma faced by these new democracies is the question of accountability Are all citizens equally capable of holding the government accountable if it does not represent their interests In this book Michelle Taylor Robinson investigates both the formal institutions of democracy such as electoral rules and the design of the legislative and executive branches and informal institutions such as the nomination procedures of political parties and patron client relationships to see what incentives legislators have to pay attention to the needs of poor people and thereby adequately represent their interests

Measuring Women's Political Empowerment across the Globe Amy C. Alexander, Catherine Bolzendahl, Farida Jalalzai, 2017-11-16 This volume brings together leading gender and politics scholars to assess how women's political empowerment can best be conceptualized and measured on a global scale It argues that women's political empowerment is a fundamental process of transformation for benchmarking and understanding all political empowerment gains across the globe Chapters improve our global understanding of women's political empowerment through cross national comparisons a synthesis of methodological approaches across varied levels of politics and attention to the

ways gender intersects with myriad factors in shaping women's political empowerment. This book is an indispensable resource for scholars of politics and gender as well as being relevant to a global scholarly and policy community. **Women in Presidential Cabinets** Maria C. Escobar-Lemmon, Michelle M. Taylor-Robinson, 2016-07-01 Though parity is still rare, presidential cabinets contain more women than ever before. Who are these women and what types of political capital resources do they bring to the administration? Are they new types of political players or very much like the men who have traditionally run the government? And once they gain office, are they treated equally in the cabinet? Do they have the capacity to be as effective as their male counterparts? Drawing on data from five presidential democracies: Argentina, Chile, Colombia, Costa Rica, and the United States, *Women in Presidential Cabinets* examines the backgrounds, connections, and credentials of all full-rank cabinet ministers in presidential administrations over the course of two decades to determine if women and men bring similar numbers and diversity of political capital resources to the administration. Maria C. Escobar-Lemmon and Michelle M. Taylor-Robinson find that, with a few notable exceptions, presidents select men and women with similar work and education backgrounds, political experience, and linkages to related interest groups. There are, however, differences across types of posts and countries. They evaluate the treatment and effectiveness of similarly credentialed male and female ministers on four benchmarks. Specifically, they examine whether women with equal qualifications can really obtain all posts or whether glass ceilings persist in some areas. They then turn to the ability of women to hold onto a post, considering the nature and circumstances surrounding their departures from office and how long they remain in office. In doing so, they uncover evidence that female ministers in Latin America stand on an unequal playing field when it comes to the ability to enact policy through legislation. Ultimately, Escobar-Lemmon and Taylor-Robinson show conclusively that while women lack numerical equality, they are no longer tokens; instead, appearing positioned to exercise power at the highest levels within the executive branch. **The Forum of Federations Handbook on Local Government in Federal Systems** Nico Steytler, 2024-02-19 This book brings together leading scholars and practitioners from around the globe to examine the current roles of and future trends in local government structures and mechanisms in 16 different federal and federal-type countries. In doing so, this volume explores pressing topics such as the institutions of local government, constitutional recognition, financial management, intergovernmental relations, political culture, and the impact of the COVID-19 pandemic on the role of local government in federal systems. Contributors to this volume provide a timely and comprehensive account of the integral role local governments play in federal countries and offer fascinating perspectives on how these roles may change as individual federal systems evolve. These individual analyses are contextualized in a comparative perspective in order to gain a holistic understanding of the challenges and opportunities of various local government dynamics in different regions around the world. This is an open access book. **Species of Capital in the Political Elite** Luis Garrido-Vergara, 2020-06-16 Although sociological research has examined the reproduction of Chile's elites, there is little

empirical evidence as to how different forms of capital operate within them Based on a survey of the country's elites this study examines the effect of different forms of capital cultural social and political on access to strategic positions in the legislative and executive branches of government It focuses on the political elite between 1990 when military dictator Augusto Pinochet handed over the presidency to Patricio Aylwin his democratically elected successor and 2010 the end of President Michelle Bachelet's first government At least three points are germane to this analysis 1 understanding the nature of the party elites during the political transition 2 describing and explaining the main aspects of the party elites background and social resources including their family networks independent variables and 3 exploring the effect of those variables on individuals chances of achieving strategic positions in the political field comparing the legislative and executive branches as represented by deputies and ministers dependent variable

Coalitional Presidentialism in Comparative Perspective

Paul Chaisty, Nic Cheeseman, Timothy J. Power, 2018-02-02 This book provides the first cross regional study of an increasingly important form of politics coalitional presidentialism Drawing on original research of minority presidents in the democratising and hybrid regimes of Armenia Benin Brazil Chile Ecuador Kenya Malawi Russia and Ukraine it seeks to understand how presidents who lack single party legislative majorities build and manage cross party support in legislative assemblies It develops a framework for analysing this phenomenon and blends data from MP surveys detailed case studies and wider legislative and political contexts to analyse systematically the tools that presidents deploy to manage their coalitions The authors focus on five key legislative cabinet partisan budget and informal exchange of favours tools that are utilised by minority presidents They contend that these constitute the toolbox for coalition management and argue that minority presidents will act with imperfect or incomplete information to deploy tools that provide the highest return of political support with the lowest expenditure of political capital In developing this analysis the book assembles a set of concepts definitions indicators analytical frameworks and propositions that establish the main parameters of coalitional presidentialism In this way Coalitional Presidentialism in Comparative Perspective provides crucial insights into this mode of governance Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is Laurence Whitehead Senior Research Fellow Nuffield College University of Oxford

Party Institutionalization and Women's Representation in Democratic

Brazil Kristin N. Wylie, 2018-08-02 Brazil's quality of democracy remains limited by enduring obstacles including the weakness of parties and underrepresentation of marginalized groups Party Institutionalization and Women's Representation in Democratic Brazil theorizes the connections across those problems explaining how weakly institutionalized and male dominant parties interact to undermine descriptive representation in Brazil This book draws on an original multilevel

database of 27 653 legislative candidacies spanning six election cycles over 100 interviews and field observations from throughout Brazil Wylie demonstrates that more inclusive participation in candidate centered elections amidst raced gendered structural inequities relies on institutionalized parties with the capacity to support women and the will heralded by party leadership to do so The book illustrates how women leaders in Brazil s more institutionalized parties enable white and Afro descendant female aspirants to navigate the masculinized terrain of formal politics It enhances our understanding of how parties mediate electoral rules as well as institutional and party change in the context of weak but robustly gendered institutions

When Movements Become Parties Santiago Anria,2018-11-15 Provides a new way of thinking about parties formed by social movements and their evolution over time *Latin American Democracy* Richard L. Millett,Richard

L. Millett,Jennifer S. Holmes,Orlando J. Pérez,2010-04-26 Nearly thirty years have passed since Latin America began the arduous task of transitioning from military led rule to democracy In this time more countries have moved toward the institutional bases of democracy than at any time in the region s history Nearly all countries have held free competitive elections and most have had peaceful alternations in power between opposing political forces Despite these advances however Latin American countries continue to face serious domestic and international challenges to the consolidation of stable democratic governance The challenges range from weak political institutions corruption legacies of militarism transnational crime and globalization among others In *Latin American Democracy* contributors both academics and practitioners North Americans and Latin Americans explore and assess the state of democratic consolidation in Latin America by focusing on the specific issues and challenges confronting democratic governance in the region

Presidents versus Federalism in the National Legislative Process Hirokazu Kikuchi,2018-07-11 This book rethinks gubernatorial effects on national politics using the case of the Argentine Senate Simultaneously analyzing senatorial behavior in committees and on the floor Kikuchi argues that senators strategically change their actions according to stages in the legislative process and that longstanding governors may influence national politics causing their senators to shelve unwanted presidential bills at the committee stage He explains senatorial behavior focusing on varieties in the combinations of principals whose preferences senators must take into account and shows that legislators under the same electoral system do not necessarily behave in the same way He also demonstrates that this argument can be applied to cases from other federal countries such as Brazil and Mexico Based on rich qualitative evidence and quantitative data the book offers a theoretical framework for understanding how some governors may influence national politics

Women in Executive Power Gretchen Bauer,Manon Tremblay,2011-03-10 *Women in Executive Power* studies the participation of women in the political executive around the world notably in cabinet positions as ministers and sub ministers and as heads of government and state Providing multiple case studies in each chapter the book provides regional overviews of nine different world regions covering those with the fewest to the most women in executive power Evaluating the role of socio cultural economic and political

variables of women's access to cabinet positions and positions of head of state and government the book shows that women are increasingly moving into positions previously considered male Tracing the historical trends of women's participation in governments that has markedly increased in the last two decades the book assesses the factors that have contributed to women's increasing presence in executives and the extent to which women executives once in office represent women's interests With case studies from Europe the Americas Asia Africa the Arab world and Oceania *Women in Executive Power* will be of interest to scholars of comparative politics gender and women's studies [The Oxford Handbook of Electoral Systems](#) Erik S. Herron, Robert J. Pekkanen, Matthew S. Shugart, 2018-03-15 No subject is more central to the study of politics than elections All across the globe elections are a focal point for citizens the media and politicians long before and sometimes long after they occur Electoral systems the rules about how voters preferences are translated into election results profoundly shape the results not only of individual elections but also of many other important political outcomes including party systems candidate selection and policy choices Electoral systems have been a hot topic in established democracies from the UK and Italy to New Zealand and Japan Even in the United States events like the 2016 presidential election and court decisions such as *Citizens United* have sparked advocates to promote change in the Electoral College redistricting and campaign finance rules Elections and electoral systems have also intensified as a field of academic study with groundbreaking work over the past decade sharpening our understanding of how electoral systems fundamentally shape the connections among citizens government and policy This volume provides an in depth exploration of the origins and effects of electoral systems [The Politics of Legislative Debates](#) Hanna Back, Marc Debus, Jorge M. Fernandes, 2021-10-07 Legislative debates make democracy and representation work Political actors engage in legislative debates to make their voice heard to voters Parties use debates to shore up their brand This book makes the most comprehensive study of legislative debates thus far looking at the politics of legislative debates in 33 liberal democracies in Europe North America and Latin America Africa Asia and Oceania The book begins with theoretical chapters focused on the key concepts in the study of legislative debates Michael Laver Slapin and Proksch and Taylor examine the politics of legislative debates in parliamentary and presidential democracies Subsequently Goplerud makes a critical review of the methodological challenges in the study of legislative debates Schwalbach and Rauh further discuss the difficulties in the comparative empirical study of debates Country chapters offer a wealth of original material organized around structured sections Each chapter begins with a details discussion of the institutional design focusing on the electoral system legislative organization and party parties to which a section on the formal and informal rules of legislative debates ensues Next each country chapter focuses on analyzing the determinants of floor access with a particular emphasis on the role of gender seniority legislative party positions among others In the concluding chapter the editors explore comparative patterns and point out to multiple research avenues opened by this edited volume The Oxford Politics of Institutions series is designed to provide in depth coverage of research on a specific

political institution Each volume includes a mix of theoretical contributions state of the art research review chapters comparative empirical chapters country case study chapters and chapters aimed at practitioners Typically the majority of chapters in each volume comprises of country studies written by country experts Volumes in the series are aimed at political scientists students in political science programmes social scientists more generally and policy practitioners Series editors Shane Martin Anthony King Chair in Comparative Government and Head of the Department of Government University of Essex and Sona N Golder Professor of Politics Department of Political Science Pennsylvania State University

Gender, Informal Institutions and Political Recruitment E. Bjarnegård, 2013-02-18 Parliaments around the world are still overwhelmingly populated by men yet studies of male dominance are much rarer than are studies of female under representation In this book men in politics are the subjects of a gendered analysis How do men manage to hold on to positions of power despite societal trends in the opposite direction And why do men seek to cooperate mainly with other men Elin Bjarnegård studies how male networks are maintained and expanded and seeks to improve our understanding of the rationale underlying male dominance in politics The findings build on results both from statistical analyses of parliamentary composition worldwide and from extensive field work in Thailand A new concept homosocial capital is coined and developed to help us understand the persistence of male political dominance

A Companion to Mexican History and Culture William H. Beezley, 2011-03-16 A Companion to Mexican History and Culture features 40 essays contributed by international scholars that incorporate ethnic gender environmental and cultural studies to reveal a richer portrait of the Mexican experience from the earliest peoples to the present Features the latest scholarship on Mexican history and culture by an array of international scholars Essays are separated into sections on the four major chronological eras Discusses recent historical interpretations with critical historiographical sources and is enriched by cultural analysis ethnic and gender studies and visual evidence The first volume to incorporate a discussion of popular music in political analysis This book is the recipient of the 2013 Michael C Meyer Special Recognition Award from the Rocky Mountain Conference on Latin American Studies

Pathways To Power Political Recruitment And Candidate Selection In Latin America Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Pathways To Power Political Recruitment And Candidate Selection In Latin America PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education.

and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Pathways To Power Political Recruitment And Candidate Selection In Latin America PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Pathways To Power Political Recruitment And Candidate Selection In Latin America free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Pathways To Power Political Recruitment And Candidate Selection In Latin America Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read

eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Pathways To Power Political Recruitment And Candidate Selection In Latin America is one of the best book in our library for free trial. We provide copy of Pathways To Power Political Recruitment And Candidate Selection In Latin America in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Pathways To Power Political Recruitment And Candidate Selection In Latin America. Where to download Pathways To Power Political Recruitment And Candidate Selection In Latin America online for free? Are you looking for Pathways To Power Political Recruitment And Candidate Selection In Latin America PDF? This is definitely going to save you time and cash in something you should think about.
