## **Patterns Of Discipleship In The New Testament McMaster New Testament Studies:**

**Patterns of Discipleship in the New Testament** Richard N. Longenecker, 1996-10-08 Discipleship is a subject that lies at the heart of Christian thought life and ministry For centuries it has been a way of thinking and speaking about the nature of the Christian life But what is actually meant by the notion of Christian discipleship In *Patterns of Discipleship in the New Testament* thirteen first class scholars examine what the New Testament writings say about the subject of discipleship highlight the features of both unity and diversity that appear throughout the New Testament and suggest in a very readable style how Christian discipleship can be expressed today in ways that honor both the oneness of the gospel and a legitimate variety of lifestyles

**Patterns of Discipleship in the New Testament** Richard N. Longenecker, 1996 These essays examine what the New Testament says about the subject of discipleship highlight the features of both unity and diversity that appear throughout the New Testament and suggest how Christian discipleship can be expressed today [The Messiah in the Old and New Testaments](#) Stanley E. Porter, 2007-04-26 When the ancients talked about messiah what did they picture Did that term refer to a stately figure who would rule to a militant who would rescue or to a variety of roles held by many While Christians have traditionally equated the word messiah with Jesus the discussion is far more complex This volume contributes significantly to that discussion Ten expert scholars here address questions surrounding the concept of messiah and clarify what it means to call Jesus messiah The book comprises two main parts first treating those writers who preceded or surrounded the New Testament two essays on the Old Testament and two on extrabiblical literature and then discussing the writers of the New Testament Concluding the volume is a critical response by Craig Evans to both sections This volume will be helpful to pastors and laypersons wanting to explore the nature and identity of the Messiah in the Old and New Testament in order to better understand Jesus as Messiah

**The Dubious Disciples** J. David Woodington, 2020-08-10 The Dubious Disciples provides a literary examination of the four scenes of the disciples doubting the appearance of the resurrected Jesus in the canonical Gospels Each Gospel offers a unique account of this episode and the differences between them dramatically affect how readers evaluate the disciples actions and perceive the role of doubt in the Christian experience

**The Meaning of "Make Disciples" in the Broader Context of the Gospel of Matthew** Lindsay D. Arthur, 2022-05-09 Students of the Bible are generally comfortable with their understanding of the command make disciples Matt 28 19 Indeed most of them would argue that the Gospel writer Matthew spells out very clearly the meaning of the term in the Great Commission Matt 28 16 20 by utilizing three key words viz go ing baptizing and teaching This point of view is the result of centuries of scholarly opinion that has looked primarily if not solely to these three adjacent participles of make disciples Matt 28 19 and not to the entire Gospel of Matthew for the meaning of the command This book does not suggest that going baptizing and teaching are not to be considered in determining the essence of Christian disciple making Rather it contends that the three terms should not be our only source of meaning This problem is tackled herein by demonstrating that Matthew

establishes a framework within the Great Commission itself that points to a fuller meaning of make disciples in the broader context of his Gospel and that the Gospel writer expects his reader to draw on his entire Gospel to grasp the full meaning of this important command

**The Road from Damascus** Richard N. Longenecker,1997 The august contributors to this volume examine the nature of Paul s Damascus Road experience and the impact of that experience on his thought and ministry and explore how Paul s experience functions as a paradigm for Christian thought today

**Incorporated Servanthood** Ben Cooper,2014-03-27 In this volume Ben Cooper analyses how commitment to God is described within the Gospel of Matthew how this is related to becoming a disciple of Jesus and how reading or hearing the Gospel works to evoke such a response The analysis draws upon a variety of approaches in linguistics and literary studies in a new way to characterise the communicative equilibrium between the author and the subset of readers who process the text compliantly Cooper argues that Matthew s Gospel evokes in its compliant readers a particular kind of theocentric commitment which he calls incorporated Servanthood Such readers become persuaded that Jesus came to bring forgiveness of sins to the people of God and then to take this salvation out to the nations a program that can be associated with Isaiah s Servant of the Lord Compliant readers are humbled so they can be served by the Servant for the forgiveness of their sins They are then incorporated into his program for the nations to join in the task of incorporating others

*1-2 Thessalonians* G. K. Beale,2025-06-06 Fascination with the end times is not just a recent phenomenon The young church at Thessalonica having taken root during Paul s brief stay there pondered when the end might come as well Paul in order to instruct them more fully wrote them two letters which taken together expound the already and not yet character of the end times His instruction and counsel can serve us well today Throughout this commentary G K Beale explains what each letter meant to its original hearers and its application for us today

**Paul's Understanding of the Church's Mission** Robert Lewis Plummer,2006 This book engages in a careful study of Pauls letters to determine if the apostle expected the communities to which he wrote to engage in missionary activity It helpfully summarizes the discussion on this debated issue judiciously handling contested texts and provides a way forward in addressing this critical question While admitting that Paul rarely explicitly commands the communities he founded to evangelize Plummer amasses significant incidental data to provide a convincing case that Paul did indeed expect his churches to engage in mission activity Throughout the study Plummer progressively builds a theological basis for the churchs mission that is both distinctively Pauline and compelling

Christology and Discipleship in John 17 Marianus Pale Hera,2013 Using the method of literary critical analysis to read the Johannine narrative Marianus Pale Hera underlines the profound relationship between the Johannine Christology and the Gospel s teaching on discipleship A narrative reading of selected passages from chapters 1-12 of John the prologue Jesus first disciples the first sign at Cana the man born blind and the I Am sayings indicates John s tendency to present christological teaching that leads to teaching on discipleship The reading of these passages also identifies the elements that indicate the christological character of Johannine

discipleship The author's exegesis of John 17 confirms that John's teaching on Christology and discipleship are intimately interrelated to each other All the elements that indicate the christological character of discipleship are on display in John 17 The author concludes that Christology which is the center and heartbeat of John's thought is not an end in itself but leads to discipleship The twofold message of Christology and discipleship is a distinctive Johannine trait *Empire in the New Testament* Stanley E. Porter, Cynthia Long Westfall, 2011-01-01 How does a Christian render unto Caesar what is Caesar's and unto God what is God's This book is the result of the Bingham Colloquium of 2007 that brought scholars from across North America to examine the New Testament's response to the empires of God and Caesar Two chapters lay the foundation for that response in the Old Testament's concept of empire and six others address the response to the notion of empire both human and divine in the various authors of the New Testament A final chapter investigates how the church fathers regarded the matter The essays display various methods and positions together however they offer a representative sample of the current state of study of the notion of empire in the New Testament **Death and Resurrection** Dennis J. Horton, 2009-06-10 Dennis Horton highlights the shape and function of the death and resurrection motif by applying William Freedman's criteria of a literary motif to the Acts narrative By analyzing the statements about death and resurrection together with the examples of this messianic pattern among the experiences of major and minor characters the motif becomes clear This central theme then becomes intensified through contrast with a secondary motif that of death and decay Death and Resurrection provides a clear example of a biblical motif and how it develops and functions within the narrative serving as a valuable guide for future studies of biblical motifs The work also supplies a needed balance between the extremes of past and present Lukan scholarship by considering the combined effect of suffering and renewed life within a single motif Both the statements and actions of the characters reveal the importance of the two elements for Lukan theology and soteriology The function of the motif derives from its usage within the narrative and proves insightful for gaining a better understanding of the aesthetic quality of the story while simultaneously showing how the narrator skillfully wields the motif to provide encouragement to the followers of The Way to issue a warning to would be persecutors and to deliver an evangelistic message to potential converts such as the God-fearers The messianic pattern of death and resurrection becomes a heuristic tool that the narrator carefully applies to create a potent motif with a multifaceted message for a growing and often suffering Christian community **Text and Context** Melanie Baffes, 2018-10-24 As biblical hermeneutics moves increasingly toward the inclusion of vernacular approaches to the text understandings of the Bible based on culture context and human experience many communities of faith around the world are contributing their voices to the conversation of global Christianity This volume explores reading methods and text interpretations of believers in South Africa the Caribbean Spain the Netherlands the United States India Kenya Fiji Japan the United Kingdom New Zealand and Nigeria revealing the ways various faith communities read the Bible contextually Essays in this volume also illustrate the impact of the biblical text in

people's lives on their understandings of oppression identity the plight of refugees decline and loss the relationship between church and society imperialism homelessness restorative justice bodily experiences of the Holy Spirit and time and the future Together these writings provide an in depth sense of how global Christians read the Bible through the lens of their own tradition or culture as well as how the Bible informs all aspects of their lives as they read the world biblically *Ecclesia and Ethics* Edward Allen Jones III, John Frederick, John Anthony Dunne, Eric Lewellen, Janghoon Park, 2016-05-19 *Ecclesia and Ethics* considers the subject of Ecclesial Ethics within its theological theoretical and exegetical contexts Part one presents the biblical theological foundations of an ecclesial ethic examining issues such as creation and Paul's theology of the Cross Part two moves on to examine issues of character formation and community Finally part three presents a range of exegetical applications which examine scripture and ethics in praxis These essays look at hot button issues such as the virtual self in the digital age economics and attitudes to war The collection includes luminaries such as N T Wright Michael J Gorman Stanley Hauerwas and Dennis Hollinger as well as giving space to new theological and exegetical voices As such *Ecclesia and Ethics* provides a challenging and contemporary examination of modern ethical debates in the light of up to date theology and exegesis *Contours of Christology in the New Testament* Richard N. Longenecker, 2005-07-06 *Contours of Christology in the New Testament* features first class biblical scholars who steep readers in the biblical texts about Jesus These essays focus on the New Testament writers various understandings of Jesus their differing emphases seen as contours in the common landscape of New Testament christology Sweeping in scope the volume begins with a look at early christology and covers the whole of the New Testament from the Gospels to Revelation *The ^AOther Christs* Candida R. Moss, 2010-05-24 Moss begins by tracing the theme of imitating Jesus through suffering in the literature of the Jesus movement and early church and its application in martyrdom literature She demonstrates the importance of imitating the sufferings of Christ as a practice and ethos in the Jesus movement She then proceeds to the interpretations of the martyr's death and afterlife arguing against the dominant theory that the martyr's death was viewed as a sacrifice and finding that in their post mortem existence martyrs continue to be assimilated to Christ closely resembling the exalted Christ as intercessors judges enthroned monarchs and banqueters *Blasphemy and Exaltation in Judaism* Darrell L. Bock, 2016-06-15 Why Jesus was put to death remains a pivotal issue in New Testament scholarship The Marcan account of the Jewish examination of Jesus lies at the heart of the debate Darrell Bock defends the historical cultural veracity of Mark's portrayal through a careful study of the Jewish views on blasphemy and exaltation *The Routledge Encyclopedia of the Historical Jesus* Craig A. Evans, 2014-01-14 This Encyclopedia brings together the vast array of historical research into the reality of the man the teachings the acts and the events ascribed to him that have served as the foundational story of one of the world's central religions This kind of historiography is not biography The historical study of the Jesus stories and the transmission of these stories through time have been of seminal importance to historians of religion Critical historical examination has provided a way for scholars of

Christianity for centuries to analyze the roots of legend and religion in a way that allows scholars an escape from the confines of dogma belief and theological interpretation In recent years historical Jesus studies have opened up important discussions concerning anti-Semitism and early Christianity and the political and ideological filtering of the Jesus story of early Christianity through the Roman empire and beyond Entries will cover the classical studies that initiated the new historiography the theoretical discussions about authenticating the historical record the examination of sources that have led to the western understanding of Jesus teachings and disseminated myth of the events concerning Jesus birth and death Subject areas include the history of the historical study of the New Testament major contributors and their works theoretical issues and concepts methodologies and criteria historical genres and rhetorical styles in the story of Jesus historical and rhetorical context of martyrdom and messianism historical teachings of Jesus teachings within historical context of ethics titles of Jesus historical events in the life of Jesus historical figures in the life of Jesus historical use of Biblical figures referenced in the Gospels places and regions institutions the history of the New Testament within the culture politics and law of the Roman Empire

*Living as God's Holy People* Kent Brower, 2014-08-08 In this readable and enlightening book based on his 2008 Didsbury Lectures Kent Brower opens up Paul's theology of holy living as community in the power of the Spirit At the heart of Paul's practical theology is God's call of Israel to be holy as God is holy But his conviction is that the call to be God's holy people now encompasses all Jews and Gentiles who follow Jesus the Messiah This new community of God is to embody the holiness of God wherever they live just as Israel was to embody it This is a central theological concern in all of Paul's epistles His ethics are always theological ethics his theology is always practical theology Abreast of other scholarly studies and written in a very accessible style this engaging book makes a contribution in inverse relation to its modest size

Larry Hurtado Professor of New Testament Language Literature and Theology University of Edinburgh

*Images of Salvation in the New Testament* Brenda B. Colijn, 2010-10-05 The New Testament does not develop a systematic doctrine of salvation writes Brenda Colijn Instead it presents us with a variety of pictures taken from different perspectives Students of the New Testament and of theology will both find their vision broadened and their understanding deepened by this rich informative study As the author seeks to understand their implications for people of faith she uncovers how New Testament images provide the building blocks of the master story of redemption
