**Pau Hana** Ronald Takaki, 1984-03-01 A scholarly work but as readable as a novel this is the first history of plantation life as experienced by the laborers themselves The oppressive round the clock conditions under which they worked will make you glad they fought back in one huge strike Takaki charts this conflict well San Francisco Chronicle [Indentured Labor in the Age of Imperialism, 1834-1922](#) David Northrup, 1995-06-30 The indentured labour trade was begun to replace freed slaves on sugar plantations in British colonies in the 1830s but expanded to many other locations around the world This is the first survey of the global flow of indentured migrants from Africa that developed after the end of the slave trade and continued until shortly after the First World War This volume describes the experiences of the two million Asians Africans and South Pacific Islanders who signed long term labour contracts in return for free passage overseas modest wages and other benefits The experience of these indentured migrants of different origins and destinations is compared in terms of their motives conditions of travel and subsequent creation of permanent overseas settlements *The Columbia Guide to Asian American History* Gary Y. Okihiro, 2005-03-30 Offering a rich and insightful road map of Asian American history as it has evolved over more than 200 years this book marks the first systematic attempt to take stock of this field of study It examines comments and questions the changing assumptions and contexts underlying the experiences and contributions of an incredibly diverse population of Americans Arriving and settling in this nation as early as the 1790s with American born generations stretching back more than a century Asian Americans have become an integral part of the American experience this cleverly organized book marks the trajectory of that journey offering researchers invaluable information and interpretation Part 1 offers a synoptic narrative history a chronology and a set of periodizations that reflect different ways of constructing the Asian American past Part 2 presents lucid discussions of historical debates such as interpreting the anti Chinese movement of the late 1800s and the underlying causes of Japanese American internment during World War II and such emerging themes as transnationalism and women and gender issues Part 3 contains a historiographical essay and a wide ranging compilation of book film and electronic resources for further study of core themes and groups including Chinese Japanese Filipino Hmong Indian Korean Vietnamese and others *Encyclopedia of U.S. Labor and Working-class History* Eric Arnesen, 2007 Publisher Description **Cane Fires** Gary Okihiro, 2010-10-29 A history of a systematic anti Japanese movement in Hawaii from the time migrant workers were brought to the sugar cane fields until the end of World War II **The Routledge History of Twentieth-Century United States** Jerald Podair, Darren Dochuk, 2018-05-02 The Routledge History of the Twentieth Century United States is a comprehensive introduction to the most important trends and developments in the study of modern United States history Driven by interdisciplinary scholarship the thirty four original chapters underscore the vast range of identities perspectives and tensions that contributed to the growth and contested meanings of the United States in the twentieth century The chronological and topical breadth of the collection highlights critical political and economic

developments of the century while also drawing attention to relatively recent areas of research including borderlands technology and disability studies Dynamic and flexible in its possible applications The Routledge History of the Twentieth Century United States offers an exciting new resource for the study of modern American history **Majority Minority** Justin Gest,2022 How do societies respond to great demographic change This question lingers over the contemporary politics of the United States and other countries where persistent immigration has altered populations and may soon produce a majority minority milestone Wielding historical analysis fieldwork and polling data Majority Minority shows how states can leverage political institutions and rhetoric to deepen social divisions or evolve public understandings of the nation **The Canal Builders** Julie Greene,2009-02-05 A revelatory look at a momentous undertaking from the workers point of view The Panama Canal has long been celebrated as a triumph of American engineering and ingenuity In The Canal Builders Julie Greene reveals that this emphasis has obscured a far more remarkable element of the historic enterprise the tens of thousands of workingmen and workingwomen who traveled from all around the world to build it Greene looks past the mythology surrounding the canal to expose the difficult working conditions and discriminatory policies involved in its construction Drawing extensively on letters memoirs and government documents the book chronicles both the struggles and the triumphs of the workers and their families Prodigiously researched and vividly told The Canal Builders explores the human dimensions of one of the world's greatest labor mobilizations and reveals how it launched America's twentieth century empire **Gateway State** Sarah Miller-Davenport,2021-07-06 How Hawai'i became an emblem of multiculturalism during its journey to statehood in the mid twentieth century Gateway State explores the development of Hawai'i as a model for liberal multiculturalism and a tool of American global power in the era of decolonization The establishment of Hawai'i statehood in 1959 was a watershed moment not only in the ways Americans defined their nation's role on the international stage but also in the ways they understood the problems of social difference at home Hawai'i's remarkable transition from territory to state heralded the emergence of postwar multiculturalism which was a response both to independence movements abroad and to the limits of civil rights in the United States Once a racially problematic overseas colony by the 1960s Hawai'i had come to symbolize John F Kennedy's New Frontier This was a more inclusive idea of who counted as American at home and what areas of the world were considered to be within the U S sphere of influence Statehood advocates argued that Hawai'i and its majority Asian population could serve as a bridge to Cold War Asia and as a global showcase of American democracy and racial harmony In the aftermath of statehood business leaders and policymakers worked to institutionalize and sell this ideal by capitalizing on Hawai'i's diversity Asian Americans in Hawai'i never lost a perceived connection to Asia Instead their ethnic difference became a marketable resource to help other Americans navigate a decolonizing world As excitement over statehood dimmed the utopian vision of Hawai'i fell apart revealing how racial inequality and U S imperialism continued to shape the fiftieth state and igniting a backlash against the islands white

dominated institutions     Unsustainable Empire Dean Itsuji Saranillio,2018-12-21 In a bold challenge to conventional understandings of Hawai i s admission as a U S state Dean Saranillio tracks the disparate stories different groups tell about Hawaiian statehood by returning to historical flashpoints ranging from the turn of the century until shortly after 1959

Franks,2022-09-16 Arguably the most famous baseball team outside of the major leagues in the early twentieth century the Travelers from Hawai i barnstormed the American mainland from 1912 to 1916 During their journeys and after team leader and star Buck Lai and his teammates encountered racism and colonialism while asserting their humanity in a variety of ways     **Imperial Maine and Hawai'i** Paul T. **Luso-Tropicalism and Its Discontents** Warwick Anderson,Ricardo Roque,Ricardo Ventura Santos,2019-04-22 Modern perceptions of race across much of the Global South are indebted to the Brazilian social scientist Gilberto Freyre who in works such as *The Masters and the Slaves* claimed that Portuguese colonialism produced exceptionally benign and tolerant race relations This volume radically reinterprets Freyre s Luso tropicalist arguments and critically engages with the historical complexity of racial concepts and practices in the Portuguese speaking world Encompassing Brazil as well as Portuguese speaking societies in Africa Asia and even Portugal itself it places an interdisciplinary group of scholars in conversation to challenge the conventional understanding of twentieth century racialization proffering new insights into such controversial topics as human plasticity racial amalgamation and the tropes and proxies of whiteness     *America Without*

*the Death Penalty* John F. Galliher,Larry W. Koch,David Patrick Keys,Teresa J. Guess,2005 In 2000 Governor George Ryan of Illinois a Republican and a supporter of the death penalty declared a moratorium on executions in his state In 2003 he commuted the death sentences of all Illinois prisoners on death row Ryan contended that the application of the death penalty in Illinois had been arbitrary and unfair and he ignited a new round of debate over the appropriateness of execution

Nationwide surveys indicate that the number of Americans who favor the death penalty is declining As the struggle over capital punishment rages on twelve states and the District of Columbia have taken bold measures to eliminate the practice This landmark study is the first to examine the history and motivations of those jurisdictions that abolished capital punishment and have resisted the move to reinstate death penalty statutes     Migrant Frontiers Anna Tybinko,Lamonte

Aidoo,Daniel F. Silva,2023-11-16 This book examines today s massive migrations between Global South and Global North in light of Spain and Portugal s complicated colonial legacies It offers unique material on Spanish speaking and Lusophone

Africa in conjunction to transatlantic and transpacific perspectives encompassing the Americas Asia and the Caribbean For the first time these are brought together to explore how movement within and beyond these former metropolises came to define the Iberian Peninsula The collection is composed of papers that study human mobility in Spanish speaking or Lusophone contexts from a myriad of approaches The project thus sheds critical light on migratory movement within the Luso Hispanic world and also beyond its traditional geo linguistic parameters through an eclectic and inter disciplinary collection of essays traversing anthropology literary studies theater and popular culture Beyond focusing solely on the geo political limits of Peninsular space several essays interrogate the legacies of Iberian colonial projects in a global perspective and how the discursive underpinnings of these impact the politics of migration in the broader Luso Hispanic world

The Coolie Speaks Lisa Yun,2008-04-22 Introducing radical counter visions of race and slavery and probing the legal and philosophical questions raised by indenture The Coolie Speaks offers the first critical reading of a massive testimony case from Cuba in 1874 From this case Yun traces the emergence of a coolie narrative that forms a counterpart to the slave narrative The written and oral testimonies of nearly 3 000 Chinese laborers in Cuba who toiled alongside African slaves offer a rare glimpse into the nature of bondage and the tortuous transition to freedom Trapped in one of the last standing systems of slavery in the Americas the Chinese described their hopes and struggles and their unrelenting quest for freedom Yun argues that the testimonies from this case suggest radical critiques of the contract institution the basis for free modern society The example of Cuba she suggests constitutes the early experiment and forerunner of new contract slavery in which the contract itself taken to its extreme was wielded as a most potent form of enslavement and complicity Yun further considers the communal biography of a next generation Afro Chinese Cuban author and raises timely theoretical questions regarding race diaspora transnationalism and globalization

Paradise Remade Elizabeth Buck,1994-01-25 This is a book about the politics of competing cultures and myths in a colonized nation Elizabeth Buck considers the transformation of Hawaiian culture focusing on the indigenous population rather than on the colonizers She describes how Hawaii s established religious social

political and economic relationships have changed in the past 200 years as a result of Western imperialism Her account is particularly timely in light of the current Hawaiian demands for sovereignty 100 years after the overthrow of the monarchy in 1893 Buck examines the social transformation Hawaii from a complex hierarchical oral society to an American state dominated by corporate tourism and its myths of paradise She pays particular attention to the ways contemporary Hawaiians are challenging the use of their traditions as the basis for exoticized entertainment Buck demonstrates that sacred chants and hula were an integral part of Hawaiian social life as the repository of the people s historical memory chants and hula practices played a vital role in maintaining the links between religious political and economic relationships Tracing the ways in which Hawaiian culture has been variously suppressed and constructed by Western explorers New England missionaries the tourist industry ethnomusicologists and contemporary Hawaiians Buck offers a fascinating rereading of Hawaiian history
