Gangster Ways ~autofilled~ , *Gangster Priest* Robert Casillo, 2006-01-01 Widely acclaimed as America s greatest living film director Martin Scorsese is also some argue the pre eminent Italian American artist Although he has treated various subjects in over three decades his most sustained filmmaking and the core of his achievement consists of five films on Italian American subjects *Who s That Knocking at My Door* *Mean Streets* *Raging Bull* *GoodFellas* and *Casino* as well as the documentary *Italianamerican* In *Gangster Priest* Robert Casillo examines these films in the context of the society religion culture and history of Southern Italy from which the majority of Italian Americans including Scorsese derive

Casillo argues that these films cannot be fully appreciated either thematically or formally without understanding the various facets of Italian American ethnicity as well as the nature of Italian American cinema and the difficulties facing assimilating third generation artists. Forming a unified whole, Scorsese's Italian American films offer what Casillo views as a prolonged meditation on the immigrant experience, the relationship between Italian America and Southern Italy, the conflicts between the ethnic generations and the formation and development of Italian American ethnicity and thus identity on American soil through the generations. Raised as a Catholic and deeply imbued with Catholic values, Scorsese also deals with certain forms of Southern Italian vernacular religion which have left their imprint not only on Scorsese himself but also on the spiritually tormented characters of his Italian American films. Casillo also shows how Scorsese interrogates the Southern Italian code of masculine honour in his exploration of the Italian American underworld or Mafia and through his implicitly Catholic optic discloses its thoroughgoing and longstanding opposition to Christianity. Bringing a wealth of scholarship and insight into Scorsese's work, Casillo's study will captivate readers interested in the director's magisterial artistry, the rich social history of Southern Italy, Italian American ethnicity and the sociology and history of the Mafia in both Sicily and the United States.

Culture + the State: Nationalisms Gabrielle Eva Marie Zezulka-Mailloux, James Gifford, 2003 **Mafia Summit** Gil Reavill, 2013-01-22. The true story of how a small town lawman in upstate New York busted a Cosa Nostra conference in 1957 exposing the Mafia to America. In a small village in upstate New York, mob bosses from all over the country, Vito Genovese, Carlo Gambino, Joe Bonanno, Joe Profaci, Cuba boss Santo Trafficante and future Gambino boss Paul Castellano were nabbed by Sergeant Edgar D. Croswell as they gathered to sort out a bloody war of succession. For years, FBI director J. Edgar Hoover had adamantly denied the existence of the Mafia, but young Robert Kennedy immediately recognized the shattering importance of the Apalachin summit. As attorney general when his brother JFK became president, Bobby embarked on a campaign to break the spine of the mob, engaging in a furious turf battle with the powerful Hoover. Detailing mob killings, the early days of the heroin trade and the crusade to loosen the hold of organized crime, this momentous story will captivate fans of Gus Russo and Luc Sante. Reavill scintillatingly recounts the beginning of the end for the Mafia in America and how it began with a good man in the right place at the right time. The best and best written true crime story I've ever read. It's as suspenseful, detailed, racy and knowing as a novel by Hammett or Chandler. Howard Frank Moshier, award-winning author of *North Country*. A close investigation into the crime bosses, upstate New York summit and its grisly aftermath. Reavill's book accurately recreates one of the golden eras of American organized crime. *Publishers Weekly*. *French B Movies* David A. Pettersen, 2023-03-07. In the impoverished outskirts of French cities known as the banlieues, minority communities are turning to American culture, history and theory to make their own voices, cultures and histories visible. Filmmakers have followed suit, turning to Hollywood genre conventions to challenge notions of identity, belonging and marginalization in mainstream French film. *French B Movies* proposes that French banlieue films far from being a fringe genre, offer a privileged

site from which to understand the current state of the French film industry in an age of globalization This gritty style appears in popular arthouse films such as Mathieu Kassovitz's *La Haine* and *Bande de filles* *Girlhood* along with the major Netflix hit series *Lupin* David Pettersen traces how in these works and others directors fuse features of banlieue cinema with genre formulas associated with both Hollywood and Black cultural models as well as how transnational genre hybridizations such as B movies have become part of the ecosystem of the French film industry By combining film analysis cultural history critical theory and industry studies *French B Movies* reveals how featuring banlieues is as much about trying to imagine new identities and production models for French cinema as it is about representation
