

MORAL VISION IN INTERNATIONAL POLITICS

*THE FOREIGN
AID REGIME.
1949-1989*

DAVID HALLORAN
LUMSDAINE

Moral Vision In International Politics

William R. Thompson

Moral Vision In International Politics:

Moral Vision in International Politics David Halloran Lumsdaine,1993-02-14 This investigation of the evolving foreign aid policies of 18 developed nations challenges conventional international relations theory and explains how ethical commitments and humanitarian convictions can help to structure global politics [Moral Vision in International Politics](#)

David Halloran Lumsdaine,1993-02-14 This investigation of the evolving foreign aid policies of 18 developed nations challenges conventional international relations theory and explains how ethical commitments and humanitarian convictions can help to structure global politics **Right and Wronged in International Relations** Brian C. Rathbun,2023-08-10

Countering the opposing narratives of political amorality and moral progressivism Rathbun provides a new approach to the place of morality in international politics This book will appeal to students and scholars of international relations and security studies especially those interested in normative psychological and evolutionary approaches [Realism and International Relations](#)

Jack Donnelly,2000-06-01 Realism and International Relations provides students with a critical yet sympathetic survey of political realism in international theory Using six paradigmatic theories Hans Morgenthau Kenneth Waltz the Prisoners Dilemma Thucydides Machiavelli and Hobbes the book examines realist accounts of human nature and state motivation international anarchy system structure and the balance of power international institutions and morality in foreign policy Donnelly argues that common realist propositions not only fail to stand up to scrutiny but are rejected by many leading realists as well He argues that rather than a general theory of international relations realism is best seen as a philosophical orientation or research program that emphasizes in an insightful yet one sided way the constraints imposed by individual and national egoism and international anarchy Containing chapter by chapter guides to further reading and discussion questions for students this book offers an accessible and lively survey of the dominant theory in International Relations *Moral Vision in the Histories of Polybius* Arthur M. Eckstein,2023-09-01

Arthur Eckstein s fresh and stimulating interpretation challenges the way Polybius Histories have long been viewed He argues that Polybius evaluates people and events as much from a moral viewpoint as from a pragmatic utilitarian or even Machiavellian one Polybius particularly asks for improvement in his audience hoping that those who study his writings will emerge with a firm determination to live their lives nobly

Teaching by the use of moral exemplars Polybius also tries to prove that success is not the sole standard by which human action should be judged Arthur Eckstein s fresh and stimulating interpretation challenges the way Polybius Histories have long been viewed He argues that Polybius evaluates people and events as much from a moral viewpoint as from a pragmatic utilitarian or even Machi

Readings in the International Relations of Africa Tom Young,2016-01-11 These readings in international relations in Africa grapple with the continent s changing place in the world The essays confront issues such as the increasing tempo of armed conflict the tendency of Western states and agencies to intervene in African settings the presence of China and the health of African states and their ability to participate in the global economy Questions regarding

sovereignty leading regional actors conflict and resolution and the neoliberal African renaissance add to the broad thematic coverage presented in this timely volume

Role Theory in International Relations Sebastian Harnisch, Cornelia Frank, Hanns W Maull, 2011-04-06 Role Theory in International Relations provides a comprehensive up to date survey of recent theoretical scholarship on foreign policy roles and extensive empirical analysis of role behaviour of a variety of states in the current era of eroding American hegemony Taking stock of the evolution of role theory within foreign policy analysis international relations and social science theory the authors probe role approaches in combination with IR concepts such as socialization learning and communicative action They draw upon comparative case studies of foreign policy roles of states the United States Japan PR China Germany France UK Poland Sweden and Norway and international institutions NATO EU to assess NATO s transformation the EU as a normative power as well as the impact of China s rise on U S hegemony under the Bush and Obama administrations The chapters also offer compelling theoretical arguments about the nexus between foreign policy role change and the evolution of the international society This important new volume advances current role theory scholarship offering concrete theoretical suggestions of how foreign policy analysis and IR theory could benefit from a closer integration of role theory It will be of great interest to all scholars and students of international relations foreign policy and international politics

Ethics and Security in Canadian Foreign Policy Rosalind Irwin, 2002 An analysis of the ever evolving nexus of ethics security and international relations Organized thematically the chapters include theoretical and policy relevant commentaries on Canadian nuclear policy democratization human rights economic development peacekeeping and more

Domestic Role Contestation, Foreign Policy, and International Relations Cristian Cantir, Juliet Kaarbo, 2016-04-28 Despite the increase in the number of studies in international relations using concepts from a role theory perspective scholarship continues to assume that a state s own expectations of what role it should play on the world stage is shared among domestic political actors Cristian Cantir and Juliet Kaarbo have gathered a leading team of internationally distinguished international relations scholars to draw on decades of research in foreign policy analysis to explore points of internal contestation of national role conceptions NRCs and the effects and outcomes of contestation between domestic political actors Nine detailed comparative case studies have been selected for the purpose of theoretical exploration with an eye to illustrating the relevance of role contestation in a diversity of settings including variation in period geographic area unit of analysis and aspects of the domestic political process This edited book includes a number of pioneering insights into how the domestic political process can have a crucial effect on how a country behaves at the global level

The Oxford Handbook of Political Science Robert E. Goodin, 2009-06-18 Drawing on the rich resources of the ten volume series of The Oxford Handbooks of Political Science this one volume distillation provides a comprehensive overview of all the main branches of contemporary political science political theory political institutions political behavior comparative politics international relations political economy law and politics public policy contextual political analysis and political

methodology Sixty seven of the top political scientists worldwide survey recent developments in those fields and provide penetrating introductions to exciting new fields of study Following in the footsteps of the New Handbook of Political Science edited by Robert Goodin and Hans Dieter Klingemann a decade before this Oxford Handbook will become an indispensable guide to the scope and methods of political science as a whole It will serve as the reference book of record for political scientists and for those following their work for years to come Sharing Security M. Chalmers, 2016-04-30 Sharing Security is a unique and comprehensive study of a key yet often neglected feature of modern international society It begins by assessing how political theory can contribute to an understanding of international burdensharing It then analyses in turn why some Western states contribute more than others to common defences the European Union budget and overseas development aid It highlights the particular burdensharing problems involved in global regimes focusing on the UN s continuing financial crisis and the costs of combating global warming It argues that today s burdensharing disparities continue to be shaped by the particular character of the international settlement at the end of the Second World War

Psychology and Constructivism in International Relations Vaughn P. Shannon, Paul A. Kowert, 2012 Psychology and constructivism together offer new ways of understanding international relations **International Ethics** Mark R. Amstutz, 2025-07-10 Through case studies and careful arguments this book shows that moral values are an essential element of foreign policy and that ethical analysis is indispensable to the study of international relations Mark Amstutz explores two distinct dimensions of international political morality the role of moral norms in foreign affairs and the ethical foundation of the rules institutions and structures of global society Amstutz illustrates the role of moral norms in global politics through twenty six case studies assessing the nature role and impact of political morality on international relations The cases address six major global issues migration human rights war irregular war foreign intervention and international economic relations The book s third section examines justice among states and the challenge of pursuing global justice The Ethics of Destruction Ward Thomas, 2001 Many assume that in international politics and especially in war anything goes Sherman famously declared war is all hell The implication behind the maxim is that in war there is no order only chaos no mercy only cruelty no restraint only suffering Ward Thomas finds that this anything goes view is demonstrably wrong It neither reflects how most people talk about the use of force in international relations nor describes the way national leaders actually use military force Events such as those in Europe during World War II in the Persian Gulf War and in Kosovo cannot be understood he argues until we realize that state behavior even during wartime is shaped by common understandings about what is ethically acceptable and unacceptable Thomas makes extensive use of two cases the assassination of foreign leaders and the aerial bombardment of civilians to trace the relative influence of norms and interests His insistence on interconnections between ethical principle and material power leads to a revised understanding of the role of normative factors in foreign policy and the ways in which power and interest shape the international system **A Practice of Ethics**

for Global Politics Jack L. Amoureux, 2015-10-05 What kind of ethics in world politics is possible if there is no foundation for moral knowledge or global reality is at least complex and contingent Furthermore how can an ethics grapple with difference a persistent and confounding feature for global politics This book responds to the call for a bold and creative approach to ethics that avoids assuming or aspiring to universality and instead prioritizes difference complexity and uncertainty by turning to reflexivity not as method or methodology but as a practice of ethics for politics This practice ethical reflexivity offers individuals organizations and communities tools to recognize interrogate and potentially change the stories they tell about politics about constraints notions of responsibility and visions of desirability The benefits and limits of ethical reflexivity are investigated by the author who engages writing on critique rhetoric affect and relationality and carefully considers dominant and alternative framings of difficult issues in International Relations IR the 1994 genocide in Rwanda and the US policies of enhanced interrogation and drone strikes This path breaking study provokes new possibilities for agency and action and contributes to a growing literature in IR on reflexivity by uniquely elaborating its promise as an ethics for politics and by drawing on thinkers less utilized in discussions of reflexivity such as Hannah Arendt Michel Foucault and Aristotle This book will appeal to scholars and upper level graduates in several sub fields of IR including international global ethics IR theory global governance international organizations non governmental organizations foreign policy analysis and US foreign policy

Political Science Abstracts, 2012-12-06 Political Science Abstracts is an annual supplement to the Political Science Government and Public Policy Series of The Universal Reference System which was first published in 1967 All back issues are still available

Realism and Moralism in International Relations Eric J. Janse de Jonge, Ernst M.H. Hirsch Ballin, Willem J.M. van Genugten, Pieter H. Kooijmans, 2023-09-29 Professor Frans Alting von Geusau held the chair of Professor of International Organizations at Tilburg University His life long academic and distinguished career is reflected in this book He has long inspired others with his insistence that political realism can only be matched with a sense of ethical purpose This moral dimension of international relations is one of the main themes of the 23 contributions Academics from the United States the UK Israel The Netherlands and other European countries give their view of a world which faces the challenges of the next millennium Those who share von Geusau s deep interest in the cultural and moral dimensions of international relations will find excellent essays on this issue in this book Those who want to enlarge their views on the uncertain future of a united Europe will find inspiring ideas and visions in this book This book demonstrates that what really matters is righteousness and justice for all

Disarmament Diplomacy and Human Security Denise Garcia, 2011-02-08 This book assesses how progress in disarmament diplomacy in the last decade has improved human security It examines moral and normative progress in international relations by investigating three cases the Arms Trade Treaty ATT the ban on cluster munitions and the international regime on small arms and light weapons

A Vision of a New Liberalism? K?z? Yamamura, 1997 Nine essays critically evaluate Murakami s sanguine vision for the future which is sustained by polymorphic

liberalism a new type of liberalism that reflects the needs of both developed and developing economies and the realities of the diversity of cultures **Debating Cosmopolitics** Mathias Koenig-Archibugi, 2003-07-17 Cosmopolitics the concepts of a world politics based on shared democratic values is in an increasingly fragile state What is needed the writers here suggest is a deliberate decision to extend the principles and values of democracy to the sphere of international relations

Thank you totally much for downloading **Moral Vision In International Politics**. Maybe you have knowledge that, people have seen numerous periods for their favorite books considering this Moral Vision In International Politics, but stop going on in harmful downloads.

Rather than enjoying a fine PDF with a cup of coffee in the afternoon, otherwise they juggled later some harmful virus inside their computer. **Moral Vision In International Politics** is reachable in our digital library; an online entrance to it is set as public appropriately. You can download it instantly. Our digital library saves in multiple countries, allowing you to acquire the most less latency period to download any of our books subsequently this one. Merely said, the Moral Vision In International Politics is universally compatible later than any devices to read.
