**MONEY AND EVANGELICALS IN
RECENT NORTH AMERICAN HISTORY**

A photograph of a man in a dark suit and white shirt, looking upwards with a thoughtful or prayerful expression. His hands are raised, with fingers slightly spread, in a gesture of praise or supplication. The lighting is dramatic, highlighting his face and hands against a dark background.

More Money More Ministry Money And Evangelicals In Recent North American History:

More Money, More Ministry Larry Eskridge, Mark A. Noll, 2000 More Money More Ministry explores the role that money has played in the growth of North American evangelicalism during the last 150 years Written by 17 experts on the contemporary religious scene these chapters discuss in engaging ways such topics as Christian nonprofit organizations fund raising strategies advertising and consumerism evangelical higher education financial scandals the connection between money and theology and more

The Blessings of Business Darren E. Grem, 2016 Tells the largely forgotten story of the historical ties between conservative Protestants and corporate America shows how business executives have been crucial to the growth of modern evangelicalism explains how evangelicals attached their social and religious aspirations to American corporate culture and the private sector <https://global.oup.com>

The Great Evangelical Recession John S. Dickerson, 2013-01-15 In 2006 few Americans were expecting the economy to collapse Today the American church is in a similar position on the precipice of a great spiritual recession While we focus on a few large churches and dynamic leaders that are successful the church's overall membership is shrinking Young Christians are fleeing Our donations are drying up Political fervor is dividing us Even as these crises eat at the church internally our once friendly host culture is quickly turning hostile and antagonistic How can we avoid a devastating collapse In *The Great Evangelical Recession* award winning journalist and pastor John Dickerson identifies six factors that are radically eroding the American church and offers biblical solutions to prepare evangelicals for spiritual success even in the face of alarming trends This book is a heartfelt plea and call to the American church combining quality research genuine hope and practical application with the purpose of igniting the church toward a better future

Apostles of Reason Molly Worthen, 2016 In *Apostles of Reason* Molly Worthen offers a sweeping history of modern American evangelicalism arguing that the faith has been shaped not by shared beliefs but by battles over the relationship between faith and reason

Traditional Churches, Born Again Christianity, and Pentecostalism Yonatan N. Gez, 2018-09-08 In Kenya's vibrant urban religious landscape where Pentecostal and traditional churches of various orientations live side by side religious identity tends to overflow a single institutional affiliation While Kenya's Christianity may offer modes of coping with the fragilities of urban life it is subject to repeated crises and schisms often fueled by rumors and accusations of hypocrisy In order to understand the unfolding of Kenyans' dynamic religious identities and inspired by the omnipresent distinction between religious membership and church visits Yonatan N. Gez considers the complementary relations between a center of religious affiliation and expansion towards secondary practices Building on this basic distinction the book develops a theoretical innovation in the form of the religious repertoire model which maps individuals' religious identities in terms of three intertwined degrees of practice

The Child in American Evangelicalism and the Problem of Affluence David A. Sims, 2009-06-01 This work presents an evangelical theology of the child nurtured in the context of American evangelicalism and affluence It employs an eclectic theological critical method to

produce a theological anthropology of the affluent American evangelical child AAEC through interdisciplinary evangelical engagement of American history sociology and economics Sims articulates how affluence constitutes a significant impediment to evangelical nurture of the AAEC in the discipline and instruction of the Lord Thus the problem he addresses is nurture in evangelical affluence conceived as a theological anthropological problem Nurture in the cultural matrices of the evangelical affluence generated by technological consumer capitalism in the U S impedes spiritual and moral formation of the AAEC for discipleship in the way of the cross This impediment risks disciplinary formation of the AAEC for capitalist culture cultivates delusional belief that life consists in an abundance of possessions and hinders the practice of evangelical liberation of the poor on humanity s underside The result is the AAEC s spiritual moral lack in late modernity Chapter 1 introduces the problem of the AAEC Chapters 2 and 3 provide a diachronic lens for the theological anthropology of the AAEC through critical assessment of the theological anthropologies of the child in Jonathan Edwards Horace Bushnell and Lawrence Richards Chapters 4 and 5 constitute the synchronic perspective of the AAEC Chapter 4 presents an evangelical sociology of the AAEC drawing upon William Corsaro s theory of interpretive reproductions and chapter 5 constructs an evangelical theology of the AAEC through critical interaction with John Schneider s moral theology of affluence Chapter 6 Whither the AAEC concludes with a recapitulation of the work and a forecast of possible futures for the AAEC in the twenty first century

Understanding Asian Mission Movements Kang San Tan,Jonathan Ingleby,Simon Cozens,2011 The rise of Asian mission poses important questions to the global Church How can we best relate to these burgeoning Asian mission movements What can we learn from them What models of partnership mutual support and resourcing are appropriate on both sides This book presents the papers from three Asian Mission Consultations held at Redcliffe College in Gloucester between 2008 and 2010 which brought together mission leaders and practitioners from Asian and non Asian missions to interact with these questions

The Blackwell Companion to Religion in America Philip Goff,2010-03-25 This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons Explores topics ranging from religion and the media immigration and piety though to politics and social reform Considers how American religion has influenced and been interpreted in literature and popular culture Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment

Jesus the Word According to John the Sectarian Robert Horton Gundry,2002 Built on a unique combination of biblical exegesis sociological analysis and contemporary applications this book traces the influence of Word Christology throughout the Gospel of John unpacking its implications for North American evangelicalism Sure to create discussion are

Gundry's adoption of a sectarian interpretation of John and his evaluation of contemporary North American evangelicalism

Religious Leadership Sharon Henderson Callahan, 2013-06-20 This title tackles issues relevant to leadership in the realm of religion. It explores such themes as the contexts in which religious leaders move leadership in communities of faith, leadership as taught in theological education and training, religious leadership impacting social change and social justice, and more. Topics are examined from multiple perspectives, traditions, and faiths.

The Electronic Church in the Digital Age Mark Ward Sr., 2015-11-10 This two-volume set investigates the evangelical presence in America as experienced through digital media, examining current evangelical ideologies regarding education, politics, family, and government. Evangelical broadcasting has greatly expanded its footprint in the digital age. This informative text acquaints readers with how the electronic church of today spreads its message through Internet podcasts, social networking, religious radio programs, and televised sermons; how mass media forms the institution's modern identity and what the future of the industry holds as mobile church apps, Christian-based video games, and online worship become the norm. The work is split into two volumes, revealing the ways that the Christian broadcast community affects evangelical traditions and influences American society in general. Volume 1 explores how electronic media shapes today's Christian subculture, while the second volume describes how the electronic church impacts the wider American culture, analyzing what key figures in evangelical mass media are saying about today's religious, political, economic, and social issues. The set concludes by addressing criticism about religious media and the prospects of American public discourse to accommodate both secular and religious voices.

Evangelicalism Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture. This may be particularly true in the United States. Certainly, immigrant Catholicism became Americanized, mainstream Protestantism accommodated itself to the modern world, and Reform Judaism is at home in American society. In *Evangelicalism*, Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture. Evangelicals have resisted many aspects of the modern world, but Kyle focuses on what he considers their romance with popular culture. Kyle sees this as an Americanized Christianity rather than a Christian America, but the two are so intertwined that it is difficult to discern the difference between them. Instead, in what has become a vicious self-serving cycle, Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant, thus increasing their numbers and success within an abundantly populous and populist-driven American society. In doing so, Evangelicalism has become a middle-class movement, one that dominates America's culture and unabashedly populist. Many Evangelicals view America as God's chosen nation, thus sanctifying American culture, consumerism, and middle-class values. Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture. Yet he also thinks Evangelicals may have compromised themselves and their future in the process, so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become

secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful **For the Gospel's Sake** Boone

Aldridge,2018-04-12 Informed take on the amazing growth of a very unusual missionary organization The two sided mission organization comprising Wycliffe Bible Translators and the Summer Institute of Linguistics is a paradox that begs for an explanation The Summer Institute has long been doing laudable linguistic humanitarian work in many countries while Wycliffe has been one of the largest fastest growing and most controversial Christian missionary enterprises in the world In this wide ranging study Boone Aldridge a religious historian and twenty year insider at WBT SIL looks back at the organization s early years from its inception in the 1930s to the death of its visionary founder William Cameron Townsend in 1982 He situates the iconic institution within the evolving landscape of mid twentieth century evangelicalism examines its complex and occasionally confusing policies and investigates the factors that led despite persistent criticism from many sides to its remarkable rise to prominence **WealthWatch** Michael S. Moore,2011-05-12

The purpose of this book is to help postmodern Westerners understand what the Bible has to say about wealth and possessions basing itself on the presumption that a nobody can understand themselves apart from some recognition of their spiritual roots and b that these roots sink deeper into the pages of the Bible than most Westerners realize Focusing upon that part of the Bible most widely recognized to be its ideological core that which is called Torah by some Pentateuch by others it interprets this great text against other great texts in its literary historical environment including a some epic poems from Mesopotamia b some Jewish texts from Syria Palestine and c some Nazarene parables from the Greek New Testament **The Good of Affluence** John R.

Schneider,2002 wealth incompatible with true Christianity In The Good of Affluence John R Schneider reopens the debate over the proper Christian attitude toward money arguing ultimately that Scripture does indeed provide support for the responsible possession of wealth This is a provocative book of Christian theology written to help people seeking God in a culture that has grown from modern capitalism By comparing classic Christian teaching on wealth with the realities of our modern economic world Schneider challenges the common presumption that material affluence is inherently bad Careful interpretation of Scripture narratives creation exodus exile and more also shows that abundance is the condition that God envisions for all human beings and that faithful persons of wealth are part of this plan Schneider believes that the wealth as blessing themes of the Old Testament are not to be spiritualized and do not run contrary to New Testament teachings but provide exactly the frame of reference for the incarnate identity life and teaching of Jesus who came to make real the messianic feast both in this age and in the age to come Through insightful engagement with the biblical text Schneider

overturns some of the most cherished and unquestioned assumptions of influential Christian writers particularly Ronald Sider on modern capitalist affluence Yet Schneider s message is also finely balanced with the need for responsible Christian living He offers rich Christians biblical affirmation but also challenges them to a life shaped by an uncommon sense of stewardship and compassion Incisive thought provoking and biblically grounded *The Good of Affluence* is a superb resource for anyone students professors businesspeople general readers discussion groups wishing to grapple seriously with the subject of faith and wealth

The Genevan Reveil in International Perspective Jean D. Decorvet, Tim Grass, Kenneth J. Stewart, 2023-09-01 The nineteenth century international religious movement known as the R veil had a major impact on Protestantism and particularly on Evangelicalism That impact is still evident today Yet as a multi faceted phenomenon this movement has not received its due share of scholarly attention This book offers a collection of essays exploring the international dimensions of the Genevan strand of the R veil providing an overview of events and trends outlining the careers of some of its key figures and highlighting some of the areas in which it made a contribution to contemporary society As the first such collection to focus on this movement it brings together scholars from several countries with expertise in its various aspects

Plotting Apocalypse Jennie Chapman, 2013-09-13 It is the not too distant future and the rapture has occurred Every born again Christian on the planet has without prior warning been snatched from the earth to meet Christ in the heavens while all those without the requisite faith have been left behind to suffer the wrath of the Antichrist as the earth enters into its final days This is the premise that animates the enormously popular cultural phenomenon that is the Left Behind series of prophecy novels co written by Tim LaHaye and Jerry Jenkins and published between 1995 and 2007 But these books are more than fiction it is the sincere belief of many evangelicals that these events actually will occur soon *Plotting Apocalypse* delves into the world of rapture prophecy and tribulation in order to account for the extraordinary cultural salience of these books and the impact of the world they project Through penetrating readings of the novels Chapman shows how the series offers a new model of evangelical agency for its readership The novels teach that although believers are incapable of changing the course of a future that has been preordained by God they can become empowered by learning to read the prophetic books of the Bible and the signs of the times correctly Reading and interpretation become key indices of agency in the world that Left Behind limns *Plotting Apocalypse* reveals the significant cultural work that Left Behind performs in developing a counter narrative to the passivity and fatalism that can characterize evangelical prophecy belief Chapman s arguments may bear profound implications for the future of American evangelicalism and its interactions with culture society and politics

Marks of the Beast Glenn W. Shuck, 2004-12-01 The Left Behind series by Tim LaHaye and Jerry B Jenkins has become a popular culture phenomenon selling an astonishing 40 million copies to date These novels written by two well known evangelical Christians depict the experiences of those left behind in the aftermath of the Rapture when Christ removes true believers leaving everyone else to suffer seven years of Tribulation under Satan s proxy Antichrist

In *Marks of the Beast* Shuck uncovers the reasons behind the books unprecedented appeal assessing why the novels have achieved a status within the evangelical community even greater than Hal Lindsey's 1970 blockbuster *The Late Great Planet Earth*. It also explores what we can learn from them about evangelical Christianity in America. Shuck finds that ironically the series not only reflects contemporary trends within conservative evangelicalism but also encourages readers especially evangelicals to embrace solutions that enact rather than engage their fears. Most strikingly he shows how the ultimate vision put forth by the series authors inadvertently undermines itself as the series unfolds.

Broadcasting the Faith Michael E. Pohlman, 2021-02-02 *Broadcasting the Faith* tells the riveting story of the American church's embrace of radio in the early decades of the twentieth century. By investigating major radio personalities like Walter Maier Aimee Semple McPherson Harry Emerson Fosdick and Charles Fuller this study considers the implications for theology in America when Christianity moved to the airwaves. In the heyday of radio religious radio preachers sought to use their programs to counter the secularization of American culture. Ultimately however their programs contributed to secularization by accelerating changes already evident in both the conservative and liberal streams of American Christianity. To reach a vast American audience radio preachers transformed their sectarian messages into a religion more suitable to the masses thereby altering the very religion it aimed to preserve. To make religion accessible to large and diverse audiences radio preachers accommodated their messages in ways suited to the medium of radio. Although religious radio preachers set forth to advance the influence of religion in American society their choice to limit theological substance ironically promoted the secularization of the American church.

Walking Where Jesus Walked Hillary Kaell, 2014 Since the 1950s millions of American Christians have traveled to the Holy Land to visit places in Israel and the Palestinian territories associated with Jesus' life and death. Why do these pilgrims choose to journey halfway around the world? How do they react to what they encounter and how do they understand the trip upon return? This book places the answers to these questions into the context of broad historical trends analyzing how the growth of mass market evangelical and Catholic pilgrimage relates to changes in American Christian theology and culture over the last sixty years including shifts in Jewish-Christian relations the growth of small group spirituality and the development of a Christian leisure industry. Drawing on five years of research with pilgrims before during and after their trips *Walking Where Jesus Walked* offers a lived religion approach that explores the trip's hybrid nature for pilgrims themselves both ordinary and tied to their everyday role as the family's ritual specialists and extraordinary since they leave home in a dramatic way often for the first time. Their experiences illuminate key tensions in contemporary US Christianity between material evidence and transcendent divinity commoditization and religious authority domestic relationships and global experience. Hillary Kaell crafts the first in-depth study of the cultural and religious significance of American Holy Land pilgrimage after 1948. The result sheds light on how Christian pilgrims especially women make sense of their experience in Israel/Palestine offering an important complement to top-down approaches in studies of

Christian Zionism and foreign policy
