More Than Medication Incorporating Psychotherapy Into Community Psychiatry Appointments:

More Than Medication Paulette Marie Gillig, Ann M. Morrison, 2009-05-15 This book addresses how to incorporate psychotherapy into the standard 15 to 30 minute community psychiatry appointment *Difficult Psychiatric Consultations* Sergio V. Delgado, Jeffrey R. Strawn, 2013-11-19 The fields of psychiatry and child psychiatry are encumbered by numerous and complex relational medicolegal and ethical dilemmas This practical and clinically relevant book attempts to bring clarity to complex clinical presentations through the integration of psychodynamic family systems medicolegal and ethical perspectives It recognizes that the intimate and often difficult work with such complex cases requires consultation with multidimensional experts to address psychodynamic family ethical and therapeutic issues In the process the author aims to foster the comfort and skill in dealing with these cases that is essential to the personal and professional growth of the psychiatrist It is further anticipated that the book will assist in developing best practice standards for assessment and intervention in cases of this nature

Contemporary Psychodynamic Psychotherapy for Children and Adolescents

Sergio V. Delgado, Jeffrey R. Strawn, Ernest V. Pedapati, 2014-12-02 Contemporary psychodynamic theory profoundly impacts our understanding of the development of psychopathology in children and adolescents This book creates new concepts derived from contemporary psychodynamic theory that necessitate a revision to the principles underlying our understanding of and approach to young patients in psychotherapy Moreover this book reviews recent contributions from contemporary two person relational psychodynamic theory and makes use of detailed case examples to bring to life this theory's practical applications in child and adolescent psychotherapy Psychotherapists and students of psychotherapy will find this book a valuable source of information on contemporary psychodynamic theory and a useful resource for introducing a contemporary style into their practice co constructing with the patient a narrative to achieve the desired goals
