[Slowing Down to Run Faster](#) Edward Yu, 2020-06-30

A trainer and former triathlete shows you how to achieve the results you want with a new multidisciplinary approach. Why does trying harder sometimes become an exercise in futility? Why does following expert advice often lead to little or no improvement? What if there were an efficient way of learning that could be applied to every area of human experience? Drawing from the principles of Bagua Taichi and Feldenkrais, Edward Yu presents an innovative approach to running.
