Montana Women Homesteaders A Field Of Ones Own:

Montana Women Homesteaders Sarah Carter,2009 By shedding light on Montana s first women homesteaders determined 19th and early 20th century pioneers Carter reveals inspiring stories filled with joy tragedy and redemption

Montana ,2014 **I Do** Martha Kohl,2011 I Do traces Montana weddings and circumstances that influenced them from the 1860s gold rush to the present day Engaging stories insightful analysis and intriguing photographs provide an intimate and surprising look at an important tradition *Homesteading the Plains* Richard Edwards,Jacob K. Friefeld,Rebecca S. Wingo,2017 Homesteading the Plains offers a bold new look at the history of homesteading overturning what for decades has been the orthodox scholarly view The authors begin by noting the striking disparity between the public s perception of homesteading as a cherished part of our national narrative and most scholars harshly negative and dismissive treatment Homesteading the Plains reexamines old data and draws from newly available digitized records to reassess the current interpretation s four principal tenets homesteading was a minor factor in farm formation with most Western farmers purchasing their land most homesteaders failed to prove up their claims the homesteading process was rife with corruption and fraud and homesteading caused Indian land dispossession Using data instead of anecdotes and focusing mainly on the nineteenth century Homesteading the Plains demonstrates that the first three tenets are wrong and the fourth only partially true In short the public s perception of homesteading is perhaps more accurate than the one scholars have constructed Homesteading the Plains provides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy Great Plains Homesteaders Richard Edwards,2024 In Great Plains Homesteaders Richard Edwards offers a concise and colorful overview of our country s successful experiment in populating the Plains with permanent settlers *Birthing the West* Jennifer J. Hill,2022-03 Reading the West Longlist for Nonfiction Childbirth defines families communities and nations In Birthing the West Jennifer J Hill fills the silences around historical reproduction with copious new evidence and an enticing narrative describing a process of settlement in the American West that depended on the nurturing connections of reproductive caregivers and the authority of mothers over birth Economic and cultural development depended on childbirth Hill s expanded vision suggests that the mantra of cattle drives and military campaigns leaves out essential events and falls far short of an accurate representation of American expansion The picture that emerges in Birthing the West presents a more complete understanding of the American West no less moving or engaging than the typical stories of extraction and exploration but concurrently intriguing and complex Birthing the West unearths the woman centric practice of childbirth across Montana the Dakotas and Wyoming a region known as a death zone for pregnant women and their infants As public health entities struggled to establish authority over its isolated inhabitants they collaborated with physicians eroding the power and control of mothers and midwives The transition from home to hospital and from midwife to doctor created a dramatic shift in the intimately personal act of birth *Woman* Lillian Faderman,2022-03-15 A comprehensive

history of the struggle to define womanhood in America from the seventeenth to the twenty first century An intelligently provocative vital reading experience This highly readable inclusive and deeply researched book will appeal to scholars of women and gender studies as well as anyone seeking to understand the historical patterns that misogyny has etched across every era of American culture Kirkus Reviews A comprehensive and lucid overview of the ongoing campaign to free women from the tyranny of old notions Publishers Weekly What does it mean to be a woman in America Award winning gender and sexuality scholar Lillian Faderman traces the evolution of the meaning from Puritan ideas of God s plan for women to the sexual revolution of the 1960s and its reversals to the impact of such recent events as metoo the appointment of Amy Coney Barrett to the Supreme Court the election of Kamala Harris as vice president and the transgender movement This wide ranging 400 year history chronicles conflicts retreats defeats and hard won victories in both the private and the public sectors and shines a light on the often overlooked battles of enslaved women and women leaders in tribal nations Noting that every attempt to cement a particular definition of woman has been met with resistance Faderman also shows that successful challenges to the status quo are often short lived As she underlines the idea of womanhood in America continues to be contested

Women in the Western Matheson Sue Matheson,2020-07-31 In Westerns women transmit complicated cultural coding about the nature of westward expansionism heroism family life manliness and American femininity As the genre changes and matures depictions of women have transitioned from traditional to more modern roles Frontier Feminine charts these significant shifts in the Western s transmission of gender values and expectations and aims to expand the critical arena in which Western film is situated by acknowledging the importance of women in this genre

touched on issues of ethnicity race gender class and nation Despite legal and cultural obstacles and discrimination British women did acquire land as homesteaders farmers ranchers and speculators on the Canadian prairies They participated in the project of dispossessing Indigenous people Their complicity was however ambiguous and restricted because they were excluded from the power and privileges of their male counterparts Imperial Plots depicts the female farmers and ranchers of the prairies from the Indigenous women agriculturalists of the Plains to the array of women who resolved to work on the land in the first decades of the twentieth century Empire of Liberty Michaela Hampf, 2019-12-02 Wie erklärt man den Aufstieg der USA von einer britischen Kolonie zur globalen Hegemonialmacht in einem Zeitraum von knapp 140 Jahren von der Revolution bis zum Ersten Weltkrieg Welche Bedeutung hat dabei die nach dem Bürgerkrieg einsetzende forcierte Nationsbildung die im Kontext der Besiedelung des Westens der Etablierung eines kapitalistischen Systems I Am ricaine der Ausbildung eines sich von Europa deutlich unterscheidenden Systems der Regulierung von Arbeit und Kapital der nicht Durchsetzbarkeit sozialistischer Ideen und der Politik des small government und laissez faire stattfand Kurz Welche Bedeutung hatte die spezifisch amerikanische Entwicklung mit ihrem Fokus auf den innenpolitischen und innergesellschaftlichen Problemkontext für die Entstehung bzw Entwicklung der diskursiven Formation des Empire for Liberty das sich sp testens mit dem Spanisch Amerikanischen Krieg in eine außenpolitische Maxime bersetzte und handlungsleitend für die offensive amerikanische Hegemonialpolitik nach dem Weltkrieg wurde ja das Empire zu einem Way of Life machte Obwohl der Erste Weltkrieg gemeinhin als Beginn einer amerikanischen Dominanz in der Weltpolitik gesehen wird argumentiert M Michaela Hampf dass der Aufstieg der Vereinigten Staaten zu einer imperialen Macht bereits nach 1865 erfolgte Methodisch geht die Untersuchung insofern neue Wege als zur Erklärung des amerikanischen Sonderwegs die sozialwissenschaftliche Theorie der Pfadabhängigkeit herangezogen wird Erklärt werden soll nicht die expansive amerikanische Außenpolitik als konsequente Anwendung amerikanischer Prinzipien sondern die Pfade die dazu führten dass die amerikanische Politik bereit war einen Weg zu beschreiten der eine Abkehr von eben jenen Grundsätzen darstellte
