Montauk The Alien Connection:

Montauk Stewart Swerdlow, 1998 Reveals the most amazing story yet to surface in the area of alien abduction This is an autobiographical and factual account from Swerdlow a gifted mentalist who was born clairvoyant but haunted by strange time space scenarios After suffering alien abductions and government manipulations Stewart met Nichols and discovered his own role in time travel experiments known as the Montauk Project After refusing to break his association with Nichols Stewart was incarcerated by the authorities but the truth began to reveal itself Struggling for his life Stewart used his mental abilities to overcome the negative influences surrounding him and ultimately discovered the highest common denominator in the alien equation an interdimensional language which communicates to all conscious beings *They Know Us Better Than We Know Ourselves* Bridget Brown, 2007-08-01 What's really behind Americans persistent belief in alien abductions Since its emergence in the 1960s belief in alien abduction has saturated popular culture with the ubiquitous image of the almond eyed alien appearing on everything from bumper stickers to bars of soap Drawing on interviews with alleged abductees from the New York area Bridget Brown suggests a new way for people to think about the alien phenomenon one that is concerned not with establishing whether aliens actually exist but with understanding what belief in aliens in America may tell us about our changing understanding of ourselves and our place in the world *They Know Us Better Than We Know Ourselves* looks at how the belief in abduction by extraterrestrials is constituted by and through popular discourse and the images provided by print film and television Brown contends that the abduction phenomenon is symptomatic of a period during which people have come to feel increasingly divested of the ability to know what is real or true about themselves and the world in which they live The alien abduction phenomenon helps us think about how people who feel left out create their own stories and fashion truths that square with their own experience of the world *The Ancient Secret of the Flower of Life, Volume 2* Drunvalo Melchizedek, 2000 The sacred Flower of Life pattern the primary geometric generator of all physical form is explored in even more depth in this volume the second half of the famed Flower of Life workshop The proportions of the human body the nuances of human consciousness the sizes and distances of the stars planets and moons even the creations of humankind are all shown to reflect their origins in this beautiful and divine image Through an intricate and detailed geometrical mapping Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third dimensional existence From the pyramids and mysteries of Egypt to the new race of Indigo children Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world We are led through a divinely inspired labyrinth of science and stories logic and coincidence on a path of remembering where we come from and the wonder and magic of who we are Finally for the first time in print Drunvalo shares the instructions for the Mer Ka Ba meditation step by step techniques for the re creation of the energy field of the evolved human which is the key to ascension and the next dimensional world if done from love this ancient process of breathing prana opens up for us a world of tantalizing possibility

in this dimension from protective powers to the healing of oneself of others and even of the planet Embrace the expanded vision and understanding that Drunvalo offers to the world Coincidences abound miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life Conspiracies and Secret Societies
