The cockpit is big and roomy with seating accommodation for at least six adults. All necessary sailing equipment is within easy reach i.e. winches, sheets and the inboard rudder.

Standard fittings on the finished Moonraker include twin Wilkie number 18 genoa winches, dorades and flexi-vents, halyard winch on cabin top plus full rigging with main-sail and genoa.

The Moonraker is available in three interior layout options and in five different stages of completion, from a bare hull and deck, right through to a ready-to-sail-away boat.

available with an optional electric winch, which makes things a lot easier. It is necessary to float the yacht onto the trailer and this can be done in less than .91m of water.

It's not the size boat to be towed behind the family 4-cylinder car (although some people would try) but better suited to a big 6 or V8 machine.

Naturally with such a big boat you have a big mast and the Moonraker's is 9.1m high. Raising and lowering the mast is a single person operation, especially with the help of a special rig, made for the job.
