Moonshifted An Edie Spence Novel Book 2:

Shapeshifted Cassie Alexander, 2022-12-07 Nurse Edie Spence is once again called upon to save a life and this time it's personal. Can her new community of zombies, vampires, and shapeshifters come to her rescue when she needs them most? When Edie was fired from her paranormal nursing job at County Hospital, her whole world came crashing down. Now she's once again shaken to her core. Her mother is deathly ill, and there's only one thing that will save her: vampire blood. But with the paranormal community shunning Edie, where can she obtain it without losing her own life in the process? **SHAPESHIFTED** Edie hopes to procure it at her new job at the clinic across town, where the forces of evil loom large. Vampire gang wars are rampant. Old underground enemies are rising to the surface. And Edie's zombie ex-boyfriend has arrived at the scene, but is he the same man he used to be? And what should she make of the enigmatic doctor with whom she shares an unexpected connection? She'll have to figure it out soon, because all hell is about to break loose, literally, and time is running out.

Shapeshifted is the third Cassie Alexander novel I've read, and I enjoyed it just as much as the first. Edie Spence, Alexander's nurse protagonist, has a real talent for getting into trouble and somehow getting out of it, but each time she seems to have sacrificed something, even if it's only her couch. And she's so often sleep-deprived I worry a little about her patients. But Edie is loyal and tough and determined, and these are all characteristics you want in an urban fantasy hero. We can all look forward to what happens next. New York Times bestselling author Charlaine Harris

Moonshifted Cassie Alexander, 2012-11-27 **Moonshifted An Edie Spence Novel** Cassie Alexander After surviving a brutal vampire attack, Nurse Edie Spence is ready to get back to work, attending to supernatural creatures in need of medical help. But her nursing skills are put to the test when she witnesses a hit and run on her lunch break. The injured pedestrian is not only a werewolf, he's the pack leader. And now Edie's stuck in the middle of an all-out war. With two rival packs fighting tooth and nail, Edie has no intention of crossing enemy lines. But when she meets her patient's nephew, a tattooed werewolf named Lucas, with a predatory gleam in his eye that's hard to resist, Edie can't help but choose sides. The question is, can she trust this dangerous new ally? And can she trust her own instincts when she's near him? Either way, Edie can't seem to pull away, even if getting involved makes her easy prey.

Deadshifted Cassie Alexander, 2013-12-31 As Nurse Edie Spence embarks on her latest supernatural adventure from Cassie Alexander, the perils of the deep threaten to pull her under. Edie Spence is in desperate need of a vacation, some R & R away from the craziness that shadows her as a nurse dealing with paranormal patients. But as she and her shapeshifter boyfriend, Asher, set sail on a cruise for Hawaii, they'll realize that seasickness isn't the only thing threatening their romantic getaway. **DEADSHIFTED** While on board, Asher comes face-to-face with Nathaniel, an old nemesis from his dark past. Asher is convinced he's up to no good, especially when passengers start to come down with a mysterious illness, unlike anything Edie and Asher have ever encountered. Soon Edie finds herself fighting for the life of the one person who means the most to her, Asher. As chaos explodes, will Edie be able to save their future together, or will this close encounter with the paranormal side
