Slashback Rob Thurman, 2013-03-05 I stopped and let them circle me first because it was intriguing and second because honestly what could they do Only knives but all armed and that made them even more interesting Interesting Fun Playtime Taking on bloodthirsty supernatural monsters is how Caliban and Niko Leandros make a living But years ago before they became a force to be reckoned with the brothers were almost victims of a very human serial killer Almost Unfortunately for them that particular depraved killer was working as apprentice to a creature far more malevolent the legendary Spring heeled Jack He's just hit town He hasn't forgotten what the Leandros brothers did to his murderous protégé He hasn't forgotten what they owe him And now they are going to pay and pay and pay

Fang-tastic Fiction Patricia O'Brien Mathews, 2011 Mathews uses a limited definition of paranormal and examines works set for the most part in a relatively realistic modern world inhabited by both humans and paranormal beings

Slashback Rob Thurman, 2013-03-14 The eighth book in the Cal Leandros series that began with *Nightlife* *Slashback* is clever ironic and hugely entertaining urban fantasy in the vein of Jim Butcher by the New York Times bestselling author Rob Thurman I stopped and let them circle me first because it was intriguing and second because honestly what could they do Only knives but all armed and that made them even more interesting Interesting Fun Play time Taking on bloodthirsty supernatural monsters is how Caliban and Niko Leandros make a living But years ago before they became a force to be reckoned with the brothers were almost victims of a very human serial killer Almost Unfortunately for them that particular depraved killer was working as apprentice to a creature far more malevolent the legendary Spring heeled Jack He's just hit town He hasn't forgotten what the Leandros brothers did to his murderous protégé He hasn't forgotten what they owe him And now they are going to pay and pay and pay A dark contemporary fantasy with a humorous edge Rob Thurman's *Slashback* should not be missed Praise for Rob Thurman Supernatural elements put this in the company of Jim Butcher and Charlaine Harris SFRevu A roaring rollercoaster of a read
