Security Challenges and Management in Modern Nigeria Abimbola Adesoji, Ayodeji Olukoju, Oluyato Adesina, 2019-01-15 This collection of essays explores the critical and fluid nature of security challenges that have plagued Nigeria since colonial times Insecurity in diverse forms remains the bane of growth and progressive development in the country and has the capability to derail a society no matter how sophisticated What has generated insecurity at the macro and micro levels How has insecurity been tackled Why have security challenges escalated particularly in the post independence period What lessons could be learnt from the way security matters have been mis handled in the past This volume presents chapters on the historical roots and antecedents of security challenges and

considers the nexus between the economy political leadership and development and its impacts on security in modern Nigeria It also explores the effectiveness of the strategies employed to address security challenges and discusses why some security challenges have lingered Yorùbá Performance, Theatre and Politics Glenn Odom,2015-06-23 This book explains the connections between traditional performance e g masked dances prophecy praise recitations contemporary theatre Wole Soyinka Ola Rotimi Tess Onwueme Femi Osofisan and Stella Oyedepo and the political sphere in the context of the Yor b people in Nigeria Vision of Change in African Drama Sola Adeyemi,2019-08-05 F mi s fisan is a major dramatist from Nigeria who experiments with forms and theatrical traditions This book focuses on his development as a dramatist and his contribution to world drama as a postcolonial African writer whose major preoccupation has been to question the colonial and postcolonial issues of identity in theatre literature and performance The volume explores how s fisan exploits his Yor b heritage in his drama and the performances of his plays by reading new meanings into popular mythology and by re writing history to comment on contemporary social and political issues s fisan has often introduced new motifs and narratives to energise dramatic performances in Nigeria and globally and this text discusses developments in his theatre practices in the context of changing cultural trends **Lagos Review of English Studies** ,2018 **Theory of African Literature** Chidi Amuta,2017-06-15 This groundbreaking work first published in 1989 was one of the first to challenge the conventional critical assessment of African literature and remains highly influential today Amuta s key argument is that African literature can be discussed only within the wider framework of the dismantling of colonial rule and Western hegemony in Africa In exploring the possibility of a dialectical alternative critical base he draws upon both classical Marxist aesthetics and the theories of African culture espoused by Fanon Cabral and Ngugi From these explorations Amuta derives a new language of criticism which is then applied to works by modern African writers as diverse as Achebe Ousmane Agostinho Neto and Dennis Brutus Amuta s highly original and innovative approach remains relevant not only for assessing the literature of developing countries but for Marxist and postcolonial theories of literary criticism more generally The author s elegance of argument and clarity of exposition makes this a distinguished and lasting contribution to debates around cultural expression in postcolonial Africa *Pathways to Alternative Epistemologies in Africa* Adeshina Afolayan,Olajumoke Yacob-Haliso,Samuel Ojo Oloruntoba,2021-01-04 This volume investigates alternative epistemological pathways by which knowledge production in Africa can proceed The contributors using different intellectual dynamics explore the existing epistemological dominance of the West from architecture to gender discourse from environmental management to democratic governance and offer distinct and unique arguments that challenge the denigration of the different and differing modes of knowing that the West considered barbaric and primitive This volume therefore constitutes a minimal gesture that further contributes to the ongoing discourse on alternative modes of knowing in Africa
