Impossible Realities Maureen Caudill, 2012-09-01 *Impossible Realities* is one of the first books to examine the science behind psychic and paranormal activity. A former Defense Department expert on artificial intelligence, Maureen Caudill provides evidence for a wide range of paranormal phenomena. *Impossible Realities* presents a wealth of anecdotal and empirical evidence to prove the existence and power of psychokinesis, most famously spoon bending, remote viewing, energy healing, telepathy, animal telepathy, precognitions, survival after death, reincarnation. Caudill presents the strongest case yet for bringing paranormal phenomena from the margins into the realm of the normal and credible. This is a book both for true believers and skeptics alike. **Changing Fate Through Reincarnation** Gerald Sze, 2012-11-30 In *Changing Fate Through Reincarnation*, author Gerald Sze explores the theory of reincarnation connectivity. He provides a philosophical survey of the implications of reincarnation as they pertain to human responsibility, freedom, karma, fate, and spirituality. Adopting a multidisciplinary approach, the book challenges us to re-evaluate what we are doing at any moment, to re-think what is our purpose in life, and ultimately to re-live our very existence. While *Changing Fate Through Reincarnation* delves into many philosophical underpinnings behind our thirst for "Who Am I" and "What is Fate," it is also a practical self-help book using the simple technique of instant self-reflection to raise readers' awareness of their own thoughts and emotions for self-understanding and growth.

Aliens, Ufos and the End of Our World Nick Huntley, 2021-07-15 Global leaders, the Illuminati, shadow governments, and even the Vatican have great knowledge about aliens far beyond the common man, and all the little people. Could aliens already rule this world, pull all of the strings, and tell the world leaders what to do? Project Blue Book and the Majestic 12 both represent committees set up by US authorities to ascertain for once and for all that UFOs are real and whether they pose a threat to national security. My book takes the reader on a mind-blowing journey into the dark world of aliens, UFOs, and abductions, and we begin to realize that the Earth-ruling reptilians are shape-shifting aliens who live among us, ruling over many of the people in this world, taking on human form in order to blend in better. My book asks why it has taken so long for the Pentagon and the Air Force to admit that aliens have always existed. Other countries have. Was President Donald Trump's new Space Force created to take on and fight alien creatures that may be a threat to our world? Nonbelievers in aliens. Many people uninterested in UFOs and aliens confuse Area 51 and Roswell, believing that Roswell was where the

aliens supposedly crashed Well my book will set you straight and provide the reader with truth separate the fiction from fantasy and provide all the facts about aliens UFO s abductions and the end of our world *A New Year* Brian Monahan,2024-10-16 Introduction David has already found Worldwide success as the healer of celebrities Politicians and the everyman His book are selling in every country in the Globe He lives a blissful life with his wife Kadi in sunny Santa Barbara California Bring peoples consciousness to a higher plane of enlightenment Training large groups of aspiring healers from young to old Giving advice to powerful and influential politicians Even making a movie about his life and work in Hollywood his greatest dream of all This is the second book in a series The first being *Take The Good With The Bad* This work is loosely based on a true story Recognition the Key to Identity Catherine Monnet Ph.D.,2015-05-29 Have you posted on Facebook lately Tweeted your thoughts Bought the latest fashion Joined a club group or movement that suits you perfectly Recognition the Key to Identity explores the fundamental motive behind much of our behavior We see ourselves and build our identity through the mirror of others Recognition from those we know love or even hate is vital to our self image Consciously or not we constantly seek recognition from our friends our family groups we join the work we do and for some spiritual sources Being liked on Facebook admired for our work complimented on our clothing or cooking not only feels good but affirms how we identify ourselves How did the recognition we receive when growing up influence our self image What role did recognition play in constructing human consciousness from the time of the first humans How does recognition from our current milieu contribute to our identity How does a healthy self image differ from excessive self esteem and narcissism And finally what is the importance of mutual recognition for empathy and cultural harmony Learn why recognition is not only important in our lives but helps answer that timeless question Who am I **A Spiritual Hypothesis** Daniel Punzak,2017-04-06 Traditional Western religion explains that each human has a spiritual aspect called a soul However several passages in the Bible allude to humans having a soul and a spirit Dan has explored this idea and found numerous modern psychological findings that support this notion Shamanism and some Eastern religious concepts also support this idea Diverse concepts such as creativity and mental illness can be explained by the idea that two spiritual forms are in each human **Famous People Around The World.
