Paul Ehrlich Zijn Leven En Zijn Werk:

Paul Ehrlich zijn leven en werk Walter Greiling, Paul Ehrlich, 1955 **The Life and Work of Isidore Snapper (1889-1973)** Arie Berghout, 2022-01-18 The life of Isidore Snapper 1889 1973 the son of a diamond worker was defined by ambition cosmopolitanism conflict and antisemitism As a Professor of Medicine in Amsterdam Beijing and New York he played a major role in important developments in medicine during the first half of the last century He was a medical celebrity who combined supreme bedside skills and diagnostic acumen masterly integrated with basic science at a time when big egos were still tolerated and accommodated Never living a boring moment Snapper acted as a football referee and sport scientist at the Olympic Games in Amsterdam in 1928 was a POW of the Japanese and a consultant to the US War Department and finally fell in love with a CIA agent His Bedside Medicine became a bestseller This book presents the story of one of the last great generalists a race of physicians that is now extinct and a great champion of the holistic approach to patients His legacy is still refreshing topical and challenging for anyone with an interest in all matters of health **Nederlandsch tijdschrift voor geneeskunde** ,1916 Out of Otherness Annet Mooij, 2020-02-10 From a punishment for the immoral acts of others venereal disease has become a malady that may confront any one of us This book examines the different stages in this long development and reveals the strange disjunction between waves of public anxiety and the factual incidence of disease in this troubled overlap between medical science and social life It describes the various efforts that have been made since 1850 to contain the hazard of sexually transmitted diseases and places the changing views on venereal infection in their historical and social context The comparisons drawn between the late 19th century battle against syphilis and present day responses to the AIDS epidemic underscore the notable changes that have taken place not only in thinking about sexuality but also in the authority of the medical profession and in the position of patients vis vis policy makers and all those involved in determining modes of treatment and prevention **Inleiding tot de geschiedenis der geneeskunde** G.A.
