

Femininity and Motherhood

- Dominant discourse: motherhood = ultimate expression of femininity (so women without children not 'real' women)
- Reality: some women definitely want children, others definitely don't, others are ambivalent
- 2nd-wave feminism exposed motherhood: as root of women's oppression via domestic confinement (Firestone); as an institution perpetuating unequal gender division of reproductive work (Rich)
- Dominant discourses about good mother (eg. kind, self-sacrificing) map onto dominant discourses of femininity, so when not coping some mothers reluctant to get help (Choi)
- Ideas about good and bad mothering not fixed but changing product of history (Smart)
- Today's MC ideals/practices of intensive motherhood at odds with women's career progression; fathers not limited in same ways
