Mount Analogue René Daumal, 2004-06-01 The cult classic allegory of a man's search for enlightenment and self knowledge by the French poet and literary critic In *Mount Analogue* René Daumal introduces readers to an anonymous protagonist much like himself a young author who travels in the literary circles of mid 20th century Paris When the author is reminded of an article he once wrote about the symbolism of mountains in ancient mythologies his speculation about the ultimate symbolic mountain sets him on a journey to discover it The narrator author sets sail in the yacht *Impossible* to search for *Mount Analogue* the geographically located albeit hidden peak that reaches inexorably toward heaven Daumal's symbolic mountain represents a way to truth that cannot not exist and his classic allegory of man's search for himself embraces the certainty that one can know and conquer one's own reality **Mount Analogue** René Daumal, 1959

Mount Analogue René Daumal, Roger Shattuck, 1974 *Mount Analogue* combines the author's poetic gifts and philosophical accomplishments in a manner that is both entertaining to read and profound to contemplate The novel is a representation of the author's own spiritual quest transposed into fictional form and was published posthumously in 1952 Among other things this is an allegory for the journey of life as well as a marvellous tale in which the narrator author one of an intrepid company of eight sets sail in the yacht *Impossible* to search for *Mount Analogue* the solid geographically located albeit hidden peak that reaches inexorably towards heaven as Mount Olympus reaching to the home of the Greek gods or Mount Sinai to the presence of Yahweh Daumal often described as one of the most gifted literary figures in twentieth century France died before the novel was completed providing an uncanny one way quality to the journey that the reader cannot help but share **Mount Analogue** René Daumal, 1968 **Mount Analogue** René Daumal, 2004 A twentieth century classic

Mount Analogue combines the author's poetic gifts and philosophical accomplishments in a manner that is both entertaining to read and profound to contemplate The novel is a representation of the author's own spiritual quest transposed into fictional form and was published posthumously in 1952 This edition is newly translated by Carol Cosman with an afterword by Vera Daumal Among other things this is an allegory for the journey of life as well as a marvellous tale in which the narrator author one of an intrepid company of eight sets sail in the yacht *Impossible* to search for *Mount Analogue* the solid geographically located albeit hidden peak that reaches inexorably towards heaven as Mount Olympus reached to the home of the Greek gods or Mount Sinai to the presence of Yahweh Daumal often described as one of the most gifted literary figures in twentieth century France died before the novel was completed providing an uncanny one way quality to the journey that the reader cannot help but share *René Daumal* Kathleen Ferrick Rosenblatt, 1999-01-01 Demonstrates how René Daumal author of *Mount Analogue* a study of Hindu philosophy and poetics and the teaching of G I Gurdjieff combined with Daumal's early surrealist tendencies in determining the quality of his writing *Mount Analogue* René Daumal, Vera Daumal, 1960

journey to discover how our modern estrangement from the natural world has affected our mental well being **Mount Analogue** Rene Daumal,1952 In this novel allegory the narrator author sets sail in the yacht Impossible to search for Mount Analogue the geographically located albeit hidden peak that reaches inexorably toward heaven Daumal s symbolic mountain represents a way to truth that cannot not exist and his classic allegory of man s search for himself embraces the certainty that one can know and conquer one s own reality *Mount Analogue* René Daumal,1972 *The Routledge Handbook of Literary Geographies* Neal Alexander,David Cooper,2024-08-09 The Routledge Handbook of Literary Geographies provides a comprehensive overview of recent research and a range of innovative ways of thinking literature and geography together It maps the history of literary geography and identifies key developments and debates in the field Written by leading and emerging scholars from around the world the 38 chapters are organised into six themed sections which consider differing critical methodologies keywords and concepts literary geography in the light of literary history a variety of places spaces and landforms the significance of literary forms and genres and the role of literary geographies beyond the academy Presenting the work of scholars from different disciplinary backgrounds each section offers readers new angles from which to view the convergence of literary creativity and geographical thought Collectively the contributors also address some of the major issues of our time including the climate emergency movement and migration and the politics of place Literary geography is a dynamic interdisciplinary field dedicated to exploring the complex relationships between geography and literature This cutting edge collection will be an essential resource for undergraduate and postgraduate students in both Geography and Literary Studies and scholars interested in the evolving interface between the two disciplines **City Lights Books** Ralph T. Cook,1992 Since 1955 City Lights Bookshop in San Francisco has published over 230 titles and its 1 500 authors include Jack Kerouac James Joyce Ernest Hemingway Hilda Doolittle Allen Ginsberg Goethe Walt Whitman Gregory Corso and Karl Marx Provides complete information on all City Lights publications from 1955 through 1990 **The Way Around** Nicholas Triolo,2025-07-08 The Way Around is the kind of book my soul perpetually yearns for It reshaped how I see the world Robert Moor author of On Trails An Exploration Growing up in northern California in a family of high achieving athletes Nicholas Triolo was imbued with a particularly acute form of our intensely goal oriented culture Do the reps he internalized Commit to the work Grind for your dreams Shortly after graduating from college he embarked on a solo circumnavigation of the globe And then after returning to the States he threw himself into ultrarunning all to combat a deepening discontent While traveling around the world it was in Kathmandu that Triolo first encountered kora a form of moving prayer in which pilgrims walk in circles around a sacred site or object a kind of ritualized remembering birthed by place Unable to shake this initial encounter with circumambulation he sets out here on three such extended walks First he completes the sacred thirty two mile revolution around Tibet s Mount Kailash in search of a cultural counter to Western linearity Then following his mother s diagnosis with breast cancer he returns home to California and takes part in an annual

circuit of Mount Tamalpais tracing a route made famous by Beat poets Gary Snyder Philip Whalen and Allen Ginsberg And then finally he meets up with a quirky hydrogeologist in Butte Montana and joins his walk around the Berkeley Pit Complex the largest Superfund site in the country At once uncommonly humble and thrillingly transcendent blurring the boundaries of inner and outer landscapes The Way Around models what it means to experience a true revolution of heart and home for the flourishing of all The Dictionary of Imaginary Places Alberto Manguel, Gianni Guadalupi, 2000 Describes and visualizes over 1 200 magical lands found in literature and film discussing such exotic realms as Atlantis Tolkien's Middle Earth and Oz

The Art of Christian Alchemy Roger Corless, 2008-10-01 The Art of Christian Alchemy is a witty and provocative book that explores in twentieth century terms the spiritual yearnings of modern people It is a magic tour through evolutionary theory and the bi cameral brain with detours into such areas as handicrafts dieting and sex But in all of these travels Roger Corless is tracking down an ancient and rich vein The Spiritual life he says is the transfiguration of the ordinary Through prayer meditation and ascetical practices we can take the ordinary stuff of life and change it into something more noble just as alchemists of old sought to transform base metals into gold The key to this transfiguration is the threefold way of work listening and praise outlined by St Benedict in the sixth century and still practiced by communities of Benedictines in the U S and elsewhere Corless initiates us into their method Ultimately he brings us to the place where St Francis Teilhard de Chardin Buddha Benedict and Jesus dwell together at the table of unity **Dive Bar Architect** George Baker, 2018-04-01

Sacred Mountains of the World Edwin Bernbaum, 2022-03-10 From the Andes to the Himalayas mountains have an extraordinary power to evoke a sense of the sacred In the overwhelming wonder and awe that these dramatic features of the landscape awaken people experience something of deeper significance that imbues their lives with meaning and vitality Drawing on his extensive research and personal experience as a scholar and climber Edwin Bernbaum's Sacred Mountains of the World takes the reader on a fascinating journey exploring the role of mountains in the mythologies religions history literature and art of cultures around the world Bernbaum delves into the spiritual dimensions of mountaineering and the implications of sacred mountains for environmental and cultural preservation This beautifully written evocative book shows how the contemplation of sacred mountains can transform everyday life even in cities far from the peaks themselves Thoroughly revised and updated this new edition considers additional sacred mountains as well as the impacts of climate change on the sacredness of mountains Lateness and Longing George Baker, 2023-05-23 How a generation of women artists is transforming photography with analogue techniques Beginning in the 1990s a series of major artists imagined the expansion of photography intensifying its ideas and effects while abandoning many of its former medium constraints Simultaneous with this development in contemporary art however photography was moving toward total digitalization Lateness and Longing presents the first account of a generation of artists focused on the work of Zoe Leonard Tacita Dean Sharon Lockhart and Moyra Davey who have collectively transformed the practice of photography using analogue

technologies in a dissident way and radicalizing signifiers of older models of feminist art All these artists have resisted the transition to the digital in their work Instead in what amounts to a series of feminist polemics they return to earlier incomplete or unrealized moments in photography's history gravitating toward the analogue basis of photographic mediums Their work announces that photography has become not obsolete but late opened up by the potentially critical forces of anachronism Through a strategy of return of refusing to let go the work of these artists proposes an afterlife and survival of the photographic in contemporary art a formal lateness wherein photography finds its way forward through resistance to the contemporary itself

Postcards from the Ledge Greg Child, 2012-10-02 Reflections and humorous pieces plus insights into some of mountaineering's more controversial events Revealing portraits of other Himalayan climbers Peeling back the layers to reveal the gritty truth about the elite climbing world is Greg Child's specialty With clever wit sharp observations and insightful reflections Child's writing covers the full spectrum of the mountaineering experience Entertaining even to those who have never been above sea level Child's stories reveal climbing's other face His description of the daily habits of mountaineers on expedition who don't bathe for months is both disgusting and horrifyingly funny A post climb fiasco in the offices of petty Pakistani bureaucrats proves that not all epics take place on high mountain faces Falling of a rock climb in front of his mother is an exercise in humility Child takes up climbing controversy with the same keen insight His investigation of Tomo Cesen's claimed first ascent of Lhotse's south wall is considered the definitive report on this controversial event A hard look at the media frenzy around the death of Alison Hargreaves on K2 evolves into a brilliant impassioned defense of a friend He also speaks out on the money and media driven expeditions that now crowd Everest But Child never preaches Whether contrasting his clumsy performance with Lynn Hill's elegant moves on a climb in the remote mountains of Kyrgyzstan or reflecting upon artifacts from crucifixes to pink flamingos that decorate the world's highest peaks he writes it as he sees it with a dose of wit A true insider Greg Child draws us deep into the world of climbing but never denies its dark side
