RECORD COR AUDIT MANUAL 08 May 2017 **United States of Socialism** Dinesh D'Souza, 2020-06-02 The New York
Times USA Today Publishers Weekly and Wall Street Journal Bestseller For those who witnessed the global collapse of
socialism its resurrection in the twenty first century comes as a surprise even a shock How can socialism work now when it
has never worked before In this pathbreaking book bestselling author Dinesh D Souza argues that the socialism advanced
today by the likes of Alexandria Ocasio Cortez Bernie Sanders Ilhan Omar and Elizabeth Warren is very different from the
socialism of Lenin Mao and Castro It is identity socialism a marriage between classic socialism and identity politics Today s
socialists claim to model themselves not on Mao s Great Leap Forward or even Venezuelan socialism but rather on the
socialism that works in Scandinavian countries like Norway and Sweden This is the new face of socialism that D Souza
confronts and decisively refutes with his trademark incisiveness wit and originality He shows how socialism abandoned the
working class and found new recruits by drawing on the resentments of race gender and sexual orientation He reveals how it
uses the Venezuelan not the Scandinavian formula D Souza chillingly documents the full range of lawless gangster and
authoritarian tendencies that they have adopted United States of Socialism is an informative provocative and thrilling expos
not merely of the ideas but also the tactics of the socialist Left In making the moral case for entrepreneurs and the free
market the author portrays President Trump as the exemplar of capitalism and also the most effective political leader of the
battle against socialism He shows how we can help Trump defeat the socialist menace PC Magazine ,2008
