Christopher Kennedy Lawford,Beverly Engel,2016-10-04 Your partner s addiction takes a toll on both of your lives That doesn t mean you should turn your back on the person you love We ve been told that staying with a partner who struggles with addiction whether it be with drugs alcohol or addictive behaviors means that we re enabling their destructive behavior That wanting to help them means we re codependent and that the best thing for both of us is to walk away from the relationship entirely But is that true When Your Partner Has an Addiction challenges the idea that the best chance for recovery for the addict and their partner is to walk away Instead it makes the revolutionary claim that you and the love you have for your partner can be a key part of his or her journey to recovery Together addiction activist and bestselling author Christopher Kennedy Lawford and psychotherapist Beverly Engel MFT take a fresh look at addiction and codependency the latest research on what causes them and what the two have in common Rather than treat addiction or codependency as disease or weakness When Your Partner Has an Addiction honors the trauma and shame that often lie at their source and shows you how to use your love to combat that shame allowing you to more effectively support your partner and heal yourself The
