Times bestseller and the inspiration for the hit Broadway musical Hamilton Pulitzer Prize winning author Ron Chernow presents a landmark biography of Alexander Hamilton the Founding Father who galvanized inspired scandalized and shaped the newborn nation Grand scale biography at its best thorough insightful consistently fair and superbly written A genuinely great book David McCullough A robust full length portrait in my view the best ever written of the most brilliant charismatic and dangerous founder of them all Joseph Ellis Few figures in American history have been more hotly debated or more grossly misunderstood than Alexander Hamilton Chernow s biography gives Hamilton his due and sets the record straight

deftly illustrating that the political and economic greatness of today's America is the result of Hamilton's countless sacrifices to champion ideas that were often wildly disputed during his time To repudiate his legacy Chernow writes is in many ways to repudiate the modern world Chernow here recounts Hamilton's turbulent life an illegitimate largely self-taught orphan from the Caribbean he came out of nowhere to take America by storm rising to become George Washington's aide de camp in the Continental Army coauthoring *The Federalist Papers* founding the Bank of New York leading the Federalist Party and becoming the first Treasury Secretary of the United States Historians have long told the story of America's birth as the triumph of Jefferson's democratic ideals over the aristocratic intentions of Hamilton Chernow presents an entirely different man whose legendary ambitions were motivated not merely by self-interest but by passionate patriotism and a stubborn will to build the foundations of American prosperity and power His is a Hamilton far more human than we've encountered before from his shame about his birth to his fiery aspirations from his intimate relationships with childhood friends to his titanic feuds with Jefferson Madison Adams Monroe and Burr and from his highly public affair with Maria Reynolds to his loving marriage to his loyal wife Eliza And never before has there been a more vivid account of Hamilton's famous and mysterious death in a duel with Aaron Burr in July of 1804 Chernow's biography is not just a portrait of Hamilton but the story of America's birth seen through its most central figure At a critical time to look back to our roots Alexander Hamilton will remind readers of the purpose of our institutions and our heritage as Americans 9780143034759 [Awakening Inner Passion: 25 Keys to Finding Your Life's Purpose and Turning Your Passion into Action and Results](#) Gael Navarro, **The Passion Principle** Donna LeBlanc, 2006-02-14 What Is Your Personal Passion Signature Are you the Visionary the Warrior the Lover the Creator or the Prophet Your answer determines how to deal with your fears what unleashes your passion and how to succeed in relationship with dates lovers family friends and co-workers By finding your passion signature or the way you express your passion and seek fulfillment you will have the keys to success in all areas of your life You will learn Your Personal passion signature and how you uniquely relate to others Your secret relationship gifts with the Passion Signature quiz How to avoid blow ups and break downs in relationships at home and work Let go of old patterns and heart wrenching cycles and open up to life-changing passion Secret opening formulas to deepen connection with your mate date or boss Why you don't have what you want and how to breakthrough and get it In this long-awaited book LeBlanc delivers to the point and life-changing advice on how to improve and triumph in relationships in love life and work **Catalogue** Liverpool Liverpool libr, 1889 *A Passion for Egypt* Julie Hankey, 2001-09-27 The biography of Arthur Weigall the British Egyptologist who was involved in the exploration and conservation of the monuments and antiquities of a region stretching from Luxor to the Sudan border At a time when Egypt was being ransacked by private collectors and the agents of Western museums it was said that without Weigall much more would have been lost altogether most notably the wall paintings in the Tombs of the Nobles The enthusiasm and energy of the man and of the books and articles he wrote played a large part in popularising Egypt and

Egyptology and in promoting the then radical view that Egypt's antiquities belonged to the Egyptians When in 1922 Tutankhamun's tomb was discovered by his old colleague Howard Carter Weigall came into open conflict with Carter's patron Lord Carnarvon for his handling of the question of rights in the tomb and for his sale of information from it to the London Times Following Carnarvon's premature death in Egypt it was Weigall's remarks to the press that led to the notorious story of the Curse of the Pharaohs a myth that persists to this day Weigall had many talents he also designed theatre scenery made films and wrote novels But his real legacy derives from his passion for Egypt both ancient and modern a passion that informs the whole of his compelling story
