What Can We Really Know? David R. Andersen, Angus J.L. Menzies, 2023-06-13 Today it is not uncommon to get the impression that our claims to know are either doomed before they begin or that they have a status that approaches certainty The pendulum seems to swing from one end to the other with our educational institutions too often

perpetuating both depending on the person being asked Yet the question of how and if our claims to know are really justified remains central Is knowledge a purely social construct without any objective basis as many claim Or if we do have some basis to believe some of our claims are we justified in holding those claims with an attitude of certainty as others in today's environment seem to imply And what role do our quick judgments play in those claims From the tenor of our public debates one could easily be left with the suspicion that either we can't know anything or that whatever the present state of knowledge is shouldn't be questioned What Can We Really Know The Strengths and Limits of Human Understanding aims to bring some balance to the topic and argues that while we do have reason to believe that a great many of our claims are justified it's also true that much of what passes for knowledge is a social product and therefore vulnerable to future revision Exploring how knowledge can be understood how far science can take us and what its limitations might be and the status of some of the most recent arguments for God's existence it will be suggested that a healthy dose of humility should be reincorporated in our public and private debates

Signs of Continuity Greg Rhodea, 2019-06-11 For more than a century scholars have debated whether Paul the apostle was a faithful follower of Jesus or a corruptor of Jesus's message and the true founder of Christianity *Signs of Continuity* intervenes in this debate by exploring a largely overlooked element of similarity between the two men the place of miracles in their ministries In his close analysis of the miracles performed by Jesus and Paul Greg Rhodea points to signs of continuity between these two historical figures of Christianity He argues that both Jesus and Paul understood their miracles as accompanying and actualizing a message of gracious inclusion of the marginalized resisted proving their ability to work miracles to those who asked for a sign despite the importance of miracle working to their personal authentication and interpreted miracles as proof of the presence of the eschatological kingdom Based on these similarities Rhodea concludes that Paul the apostle knew of Jesus's miracles and that he imitated Jesus in his own ministry of miracle working In highlighting this previously unexplored area of continuity Rhodea makes a significant contribution to the debate over the relationship between Jesus and Paul Biblical scholars and students interested in this debate will find *Signs of Continuity* enlightening and informative

Good News for Moderns Nero James Pruitt, 2015-06-27 There are many ways to be a Christian In *Good News for Moderns* author Nero James Pruitt shows that within the pages of the New Testament there is room for a diversity of Christianities This is a diversity that is not talked about often but when properly understood expands the perception of what a Christian is Consider the words of Justin Martyr the second century Christian writer recognized as a saint by the Catholic Church the Anglicans and the Eastern Orthodox in about 150 AD We are taught that Christ is the first born of God and we have shown that He is the reason word of whom the whole human race partake And those who live according to reason are Christians even though they are counted atheists Such were Socrates and Heraclitus among the Greeks and those like them Consider the words of John Adams the second President of the United States in 1816 The Ten Commandments and the Sermon on the Mount contain my religion Consider the words Bill Clinton

the forty second President of the United States In 1955 I had absorbed enough of my churchs teachings to know that I was a sinner and to want Jesus to save me Finally consider the words of the writer of the small New Testament Book of III John Whoever does good is from God Good News for Moderns is based on Pruitts reading of the scriptures and over one hundred authors of various points of view In our busy time it is brief slightly more than one hundred thousand words supplemented by slightly less than one hundred thousand words of end notes It recognizes that human life moves by fast in what seems like an infinity of time and space and the book closes this way By listing many who have come before us and the immensity of time and space I have underscored the brevity of our lives because as a Psalmist taught recognizing our own mortality is the path to wisdom

Prophecy Unfulfilled Wayne Talbot, Prophecy Unfulfilled represents a continuation of the author s quest for the truth of God by firstly uncovering the untruths that he had been taught during his formative years as a Catholic Earlier works focused on the claimed new replacement covenant the rejection of the Sabbath and the rejection of Torah Using the rules of evidence as in a court of law this study seeks to evaluate the claimed messianic prophecy fulfillment by Jesus some two thousand years ago The first part of the book discusses the nature of evidence and how the rules regarding written evidence vary significantly from those of oral evidence the latter being used most often by biblical scholars and Christian apologists The first step is to authenticate the extant documents by examining the chain of custody and thus establish authority Next is to authenticate the attributed authorship of the writings to determine whether the authors were firsthand witnesses of the events they described or whether their narratives are hearsay with or without corroboration Where little verbal agreement is found this is circumstantial evidence of separate traditions developing the resultant theology The study proceeds by examining every verse in the NKJV New King James Version of the New Testament that is annotated as being in fulfillment of prophecy comparing the wording against both the NKJV Old Testament and an English translation of the Hebrew scriptures Where significant variations exist the author seeks an understanding from New Testament scholars whom he frequently quotes The eschatological temper of the early church is given due consideration especially concerning the expectations of the Jews regarding the mission of the Messiah Finally the accomplishments of Jesus as enshrined in Christian creeds is compared with what is spoken of by the prophets The author s conclusion is encapsulated in the book s title

Comparing Christianities April D. DeConick,2023-10-09 A ground breaking introductory textbook for the study of the New Testament and the first Christians written for the next generation of students Comparing Christianities An Introduction to the New Testament and the First Christians maps the historical rise of Christianity out of a network of early Christian movements This major new textbook systematically explores the struggles to define the faith by presenting Christianity as the result of a lengthy process of religious consolidation which emerged from a landscape of persistent Christian diversity The book delves into the history of the first five generations of Christians from Paul to Origen The first chapter considers the challenges of constructing Christian histories and offers a new model of Christian families to organize and explain the

emergence and competition of different varieties of Christianity Each successive chapter focuses on key issues that Christian leaders engaged over the centuries demonstrating how the questions they posed and the answers they provided gave Christianity its distinct shape As the movements competed for social advantage Christians began identifying certain Christian movements as enemies and consolidated against them The final chapter schematizes the Christians studied in the book into three families of Christian movements based on the particular God they worshipped and other shared patterns of thought and practice This chapter also explains where the varieties of Christianities came from and how the process of consolidation undertaken by some churches shaped Christian identity within a forge of intolerance that still affects us today Comparing Christianities explores the answers to questions Who were the early Christians and what did they write What did Christians think about sex women immortality Judaism suffering and death What rituals did the first Christians practice and what did their religious experiences mean to them How did Christians live in a Roman dominated world How did the first Christians explain the origins of their movement Comparing Christianities An Introduction to the New Testament and the First Christians serves as an excellent primary textbook in undergraduate classrooms for Introduction to Christianity Introduction to Religion New Testament Studies Christian Origins World Religions and Western World Religions and a thought provoking resource for anyone wishing to know more about Christianity

The Islamic Jesus Mustafa Akyol, 2017-02-14 The intriguing connection between Christianity and Islam through the lost heresy of Jewish Christianity [Steward of God's Mysteries](#) Jerry L. Sumney, 2017-09-14 One view that perennially springs up among biblical scholars is that Paul was the inventor of Christianity or that Paul introduced the idea of a divine Christ to a church that earlier had simply followed the ethical teaching of a human Jesus In this book Jerry Sumney responds to that claim by examining how in reality Paul drew on what the church already believed and confessed about Jesus As he explores how Paul's theology relates to that of the broader early church Sumney identifies where in the Christian tradition distinctive theological claims about Christ his death the nature of salvation and eschatology first seem to appear Without diminishing significant differences Sumney describes what common traditions and beliefs various branches of the early church shared and compares them to Paul's thought Sumney interacts directly with arguments made by those who claim Paul as the inventor of Christianity and approaches the questions raised by that claim in a fresh way

Divine Agency and Divine Action, Volume II William J. Abraham, 2017-10-20 Divine Agency and Divine Action Volume II builds on Volume I which established that no generic concept of action will suffice for understanding the character of divine actions explicit in the Christian faith Volume II argues that in order to understand divine action one must begin with the array of specific actions predicated of God in the Christian tradition William J. Abraham argues that one must practice theology in order to analyze properly the concept of divine action Abraham offers a careful review and evaluation of the particularities of divine action as they appear in the work of biblical patristic medieval and Reformation era theologians Particular attention is given to the divine inspiration of scripture creation incarnation transubstantiation in the

Eucharist predestination and divine concurrence The work does not simply repeat the doctrinal formulations found in the Christian tradition but examines them in order to find fresh ways of thinking about these issues for our own time especially with respect to the contemporary debates about divine agency and divine action The Lost Gospel Simcha Jacobovici, 2014-11-12 Waiting to be rediscovered in the British Library is an ancient manuscript of the early Church copied by an anonymous monk The manuscript is at least 1 450 years old possibly dating to the first century And now The Lost Gospel provides the first ever translation from Syriac into English of this unique document that tells the inside story of Jesus social family and political life The Lost Gospel takes the reader on an unparalleled historical adventure through a paradigm shifting manuscript What the authors eventually discover is as astounding as it is surprising the confirmation of Jesus marriage to Mary Magdalene the names of their two children the towering presence of Mary Magdalene a previously unknown plot on Jesus life thirteen years prior to the crucifixion an assassination attempt against Mary Magdalene and their children Jesus connection to political figures at the highest level of the Roman Empire and a religious movement that antedates that of Paul the Church of Mary Magdalene Part historical detective story part modern adventure The Lost Gospel reveals secrets that have been hiding in plain sight for millennia **Divine Agency and Divine Action** William James Abraham, 2017 This volume argues that in order to understand divine action one must begin with the array of specific actions predicated of God in the Christian tradition *The Lost Mary* James D. Tabor, 2025-09-30 A world renowned historian of early Christianity and ancient Judaism lifts the veil on the life of Mary revealing her revolutionary role as the matriarch of the Jesus movement Tabor restores her voice her faith her motherhood and most of all her humanity in this groundbreaking portrait that challenges everything we thought we knew about the origins of Christianity Reza Aslan author of *Zealot* Mary mother of Jesus is the best known and least known woman in history Revered and worshipped by millions she remains a figment of the imagination the ethereal subject of Raphaels and Botticellis bathed in heavenly light too virginal and pure to move among us But what about the real Mary The young Jewish woman and single mother of eight five boys and three girls The defiant citizen of Roman occupied Galilee who survived through one of the most dangerous periods of Jewish history an ancient game of thrones that claimed the lives of three of her sons Jesus and Simon by crucifixion James by stoning The historical Mary whose teachings and courageous example may in fact make her the first founder of what we now call Christianity This Mary has not only been lost to us she has been systematically erased over the past two millennia by a theological cultural and political program intent on removing her from the human realm and marginalizing her womanhood motherhood and Jewishness In *The Lost Mary* James D Tabor corrects the record laying out the results of his intensive textual and archaeological sleuthing over the past three decades including new evidence regarding Mary s genealogy which may be hiding in plain sight in the New Testament Tabor s quest for the historical Mary offers a transformative perspective on Jesus and his early followers and recovers the nature and essence of earliest Christianity *The Branch* Preston T.

Massey,2018-07-24 The thesis of the book may be stated simply it is an argument based upon the four prophetic texts of Jer 23 5 Zech 3 8 6 12 and Isa 4 2 as a foundational pattern for the four Gospels These four prophetic texts it will be argued mention a King Branch a Servant Branch a Man Priest Branch and a Lord God Branch This study seeks to show how Matthew presents Jesus as the King Branch Mark as the Servant Branch Luke as the Priest Man Branch and John as the Lord God Branch Consideration will also be given to explore the ramification of the four living Beings as described in Rev 4 6 7 Given the sum total of this sequence of literary facts the conclusion of this book will raise a number of possible implications One of these implications will offer the conclusion that the four evangelists could not have written their four Gospels solely on their own human unaided efforts *A Beginner's Guide to New Testament Studies* Nijay K. Gupta,2020-03-17 This accessible and balanced introduction helps readers sort out key views on the most important debated issues in New Testament studies Well known New Testament scholar Nijay Gupta fairly presents the spectrum of viewpoints on thirteen topics and offers reflections on why scholars disagree on these matters Written to be accessible to students and readers without advanced training in New Testament studies this book will serve as an excellent supplementary text for New Testament introduction courses God Versus the Idea of God Thomas Richard Harry,2017-09-21 Mankind society and cultures have progressed over the past two millennia but the Church seems to have not kept up Is it the Church's obligation to adapt Yes to some degree it is if it wants to continue to be considered relevant a significant issue today is reason vs revelation But because the Church claims it alone possesses the truth and truth is immutable but is however subject to context it seems reluctant to demonstrate willingness to adapt tradition to a changed world Today we have a great deal of accumulated knowledge and scholarship that at least suggests some of the Church's teachings are not immune to question which produces skepticism which in turn erodes faith This book is intended to respectfully address these questions from a layman's perspective for the potential benefit of other lay persons of all ages and conviction or lack thereof **Sorting Out Paul** Chris Albert Wells,2015-07-08 This book provides the basis for revising early Roman church history The second century confrontations that structured the church were symbolized by Peter representing the church's initial Judean legacies and by Paul signifying the Hellenistic theology Paul is a key actor whose role cannot be correctly understood without separating the first century man from his second century legend Historical Paul brought to Gentiles a new salvation promise in the name of Jesus Son of Israel's Creator God Legendary Paul belonged to a Christianity that radically departed from the original matrix Paul posthumously became an apostle to the second century Hellenistic heretics under Marcion's guidance who rejected the Messiah's Judean legacy The centrist Christian group challenged by Marcion used Peter's primacy to defend their cause Winning an important political battle centrists created a wide anti heretical front and established the church's primary Judean orthodoxy Paul losing the keys to Peter but finally occupying a third of the New Testament resumes the agitated history of the early Roman Church It comprises an initial layer of Judean influenced orthodoxy Paul rejected as the least of

the apostles completed by a second layer of Hellenistic inspired orthodoxy Paul rehabilitated The continuing confrontations between Peter and Paul produced important texts influenced the Gospels made the church evolve and falsified church history by introducing traditions that still confuse Christians Understanding the political battles involved in establishing the Roman Church will help in reading all the texts that went into the Christian Bible with their conflicting ideals

Saint Paul Irving L. Brittle Jr., 2014-08-07 Saint Paul the Right Man at the Right Time was written to get a comprehensive biographical sketch of Saint Paul including his early life his life as a Pharisee his direct contact with Jesus Christ on the Damascus road his conversion from the many teachings of the Torah and his God given mission as the Apostle to the Gentiles The times in which he lived proved that God chose him as his apostle due to his brilliance and his ability to communicate in both written and verbal forms not only in Hebrew but in the Greek language which was important in that historical time His words and letters are as relevant today as they were in the first century of Christianity and his teachings are still presented in Protestant churches and sermons today My hope is one may read Saint Paul the Right Man at the Right Time and have the ability to teach a basic class on the life of Saint Paul and encourage students to further their understanding of the importance of this biblical figure The work touches on his theology but I was more intent on giving the reader a personal overview of the man we know as Saint Paul He very much lived in a time trying to spread a new religion in Christ that was very different from the belief systems of the Jews and Gentiles in the first century
