Pdf Online Unretirement Boomers Changing Think Community:

Unretirement Chris Farrell, 2014-09-02 The budget battles of recent years have amplified the warnings of demographic doomsayers who predicted that a wave of baby boomers would bleed America dry bankrupting Social Security and Medicare as they faded into an impoverished old age On the contrary argues award winning journalist Chris Farrell we are instead on the verge of a broad positive transformation of our economy and society The old idea of retirement a word that means withdrawal describing a time when people gave up productive employment and shrank their activities was a short lived historical anomaly Humans have always found meaning and motivation in work and community Farrell notes and the boomer generation poised to live longer in better health than any before is already discovering unretirement extending their working lives with new careers entrepreneurial ventures and volunteer service Their experience wisdom and importantly their continued earnings will enrich the American workplace treasury and our whole society in the decades to come Unretirement not only explains this seismic change now in its early stages it provides key insights and practical advice for boomers about to navigate this exciting but unsettled new frontier drawing on Chris Farrell's decades of covering personal finance and economics for Bloomberg Businessweek and Marketplace Money This will be an indispensable guide to the landscape of unretirement from one of America's most trusted experts
