Peasants Under Siege The Collectivization Of Romanian Agriculture 1949 196:

Peasants Under Siege Gail Kligman, Katherine Verdery, 2011 *Peasants under Siege* provides the first comprehensive look at the far reaching social engineering process that ensued **Peasants under Siege** Gail Kligman, Katherine Verdery, 2011-07-25 In 1949 Romania's fledgling communist regime unleashed a radical and brutal campaign to collectivize agriculture in this largely agrarian country following the Soviet model *Peasants under Siege* provides the first comprehensive look at the far reaching social engineering process that ensued Gail Kligman and Katherine Verdery examine how collectivization assaulted the very foundations of rural life transforming village communities that were organized around kinship and status hierarchies into segments of large bureaucratic organizations forged by the language of class warfare yet saturated with vindictive personal struggles Collectivization not only overturned property relations the authors argue but was crucial in creating the Party state that emerged its mechanisms of rule and the new persons that were its subjects The book explores how ill prepared cadres themselves unconvinced of collectivization's promises implemented technologies and pedagogies imported from the Soviet Union through actions that contributed to the excessive use of force which Party leaders were often unable to control In addition the authors show how local responses to the Party's initiatives compelled the regime to modify its plans and negotiate outcomes Drawing on archival documents oral histories and ethnographic data *Peasants under Siege* sheds new light on collectivization in the Soviet era and on the complex tensions underlying and constraining political authority *The Routledge History Handbook of Central and Eastern Europe in the Twentieth Century* Włodzimierz Borodziej, Stanislav Holubec, Joachim von Puttkamer, 2020-04-21 *Challenges of Modernity* offers a broad account of the social and economic history of Central and Eastern Europe in the twentieth century and asks critical questions about the structure and experience of modernity in different contexts and periods This volume focuses on central questions such as How did the various aspects of modernity manifest themselves in the region and what were their limits How was the multifaceted transition from a mainly agrarian to an industrial and post industrial society experienced and perceived by historical subjects Did Central and Eastern Europe in fact approximate its dream of modernity in the twentieth century despite all the reversals detours and third way visions Structured chronologically and taking a comparative approach a range of international contributors combine a focus on the overarching problems of the region with a discussion of individual countries and societies offering the reader a comprehensive nuanced survey of the social and economic history of this complex region in the recent past The first in a four volume set on Central and Eastern Europe in the twentieth century it is the go to resource for those interested in the challenges of modernity faced by this dynamic region **Stalin's Legacy in Romania** Stefano Bottoni, 2018-05-29 This study explores the little known history of the Hungarian Autonomous Region HARG a Soviet style territorial autonomy that was granted in Romania on Stalin's personal advice to the Hungarian Székely community in the summer of 1952 Since 1945 a complex mechanism of ethnic balance and power sharing helped the

Romanian Communist Party RCP to strengthen with Soviet assistance its political legitimacy among different national and social groups The communist national policy followed an integrative approach toward most minority communities with the relevant exception of Germans who were declared collectively responsible for the German occupation and were denied political and even civil rights until 1948 The Hungarians of Transylvania were provided with full civil political cultural and linguistic rights to encourage political integration The ideological premises of the Hungarian Autonomous Region followed the Bolshevik pattern of territorial autonomy elaborated by Lenin and Stalin in the early 1920s The Hungarians of Székely Land would become a titular nationality provided with extensive cultural rights Yet on the other hand the Romanian central power used the region as an instrument of political and social integration for the Hungarian minority into the communist state The management of ethnic conflicts increased the ability of the PCR to control the territory and at the same time provided the ruling party with a useful precedent for the far larger nationalization of the Romanian communist regime which starting from the late 1950s resulted in ethnicized communism an aim achieved without making use of pre war nationalist discourse After the Hungarian revolution of 1956 repression affected a great number of Hungarian individuals accused of nationalism and irredentism In 1960 the HAR also suffered territorial reshaping its Hungarian born political leadership being replaced by ethnic Romanian cadres The decisive shift from a class dictatorship toward an ethnicized totalitarian regime was the product of the Gheorghiu Dej era and as such it represented the logical outcome of a long standing ideological fouling of Romanian communism and more traditional state building ideologies

Holy Legionary Youth Roland Clark, 2015-11-16

Founded in 1927 Romania's Legion of the Archangel Michael was one of Europe's largest and longest lived fascist social movements In *Holy Legionary Youth* Roland Clark draws on oral histories memoirs and substantial research in the archives of the Romanian secret police to provide the most comprehensive account of the Legion in English to date Clark approaches Romanian fascism by asking what membership in the Legion meant to young Romanian men and women Viewing fascism from below as a social category that had practical consequences for those who embraced it he shows how the personal significance of fascism emerged out of Legionaries interactions with each other the state other political parties families and friends and fascist groups abroad Official repression fascist spectacle and the frequency and nature of legionary activities changed a person's everyday activities and relationships in profound ways Clark's sweeping history traces fascist organizing in interwar Romania to nineteenth century grassroots nationalist movements that demanded political independence from the Austro-Hungarian Empire It also shows how closely the movement was associated with the Romanian Orthodox Church and how the uniforms marches and rituals were inspired by the muscular martial aesthetic of fascism elsewhere in Europe Although antisemitism was a key feature of official fascist ideology state violence against Legionaries rather than the extensive fascist violence against Jews had a far greater impact on how Romanians viewed the movement and their role in it Approaching fascism in interwar Romania as an everyday practice *Holy Legionary Youth* offers a new perspective on

European fascism highlighting how ordinary people performed fascism by working together to promote a unique and totalizing social identity *Enduring Change* Ju Li, 2019-01-29 In *Enduring Change* Ju Li explores the concrete labor and social history of one particular Third Front industrial complex in China from the 1960s to the globalized present By connecting the micro historical ethnographic research with larger structural dynamics Li provides a vivid in depth and multi layered account of how the transformative history of the past half century has manifested itself in this small industrial site and how several generations of workers there have lived through these turbulences **Kultur der politischen Eliten in Osteuropa** Nicole Gallina, Katerina Gehl, 2016 **Between Propaganda and Repression**, 2013 **Transforming Peasants, Property and Power** Dorin Dobrinco, Constantin Iordachi, 2009-06-15 The result of a project initiated and coordinated by Gail Kligman and Katherine Verdery research for this volume was conducted by a group of twenty anthropologists historians sociologists and literary critics from Romania United States and Great Britain Employing interdisciplinary methods and using a wealth of previously unexplored archival and oral sources the authors managed to produce the most solid monograph to date on the process of collectivization in Romania Book Jacket **Transforming Peasants, Property and Power** Constantin Iordachi, Dorin Dobrinco, 2009-01-01 The subject matter of the volume is part of larger research agenda on the process of land collectivization in the former communist camp focusing on state identity and property The main innovation of the volume is to apply recent interdisciplinary approaches to the study of the collectivization process asking what types of new peasant state relations it formed and how it transformed notions of self persons and things such as land The project conceived of changes in the system of ownership as causing changes in the identity and attitude of people similarly it regarded the study of personal identities as essential for understanding changes in the system of ownership This perspective is rare in the area studies approaches to the topic Unlike other works on the subject the volume treats the entire history of the campaign of collectivization in Romania between 1949 and 1962 It also fully covered Romania s territory with at least two researchers in every historical province Since the process of collectivization varied across space and time the participants to the volume selected a broad sample of research sites differing in religious and ethnic composition economy terrain date of collectivization and other related variables Several of the project participants focused on national level policies and practices i e property legislation and debates about the form collectivization should take the others conducted case studies working across a broad span of communities and experiences *On Romania's Western Borders* Cătălin Cristoloveanu, 2017 **The First Steps of Collectivization of Agriculture in Eastern Europe ; 1949-1954** Zygmunt Kozłowski, Michael Charles Kaser, 1975 The Collectivization Process in Communist Romania Cezar Avram, Roxana Radu, B Rbieru Mihaela, Mihaela Barbieru, 2014-08-18 The liquidation of private property and the establishment of socialist ownership over the means of production collectivization of agriculture planned development of the national economy were the basic principles of the communist regime s establishment In the scenario of agriculture s

collectivization total war against land owning peasantry had to play the lead role in the establishment of socialist order and in building the new man Cancellation of links between individuals through the defeat of the resistance destroying the three basic elements of the traditional social structure family religion and the national culture land confiscation flagrant violation of fundamental rights were all forms of violation of human dignity that stopped ultimately the natural development of the Romanian society as a whole through State terrorism represented by people s justice and secret police This work is supposed to throw a light upon a black period in the history of Romania and should be especially useful to professionals in History and Law fields or to anyone else who may be interested in understanding the mechanisms of the Communist terror **Abusive**
