

Graduation Speech Sample

Good evening friends, family, faculty, and fellow graduates.

As we stand here today, on the brink of a new chapter in our lives, it's hard to believe that it's already been four years (or however long it took us to get here). It seems like just yesterday that we were nervously stepping onto campus, not quite sure what to expect.

But as we look back on the past four years, it's clear that we've come a long way. We've made new friends, learned new things, and grown as individuals. We've faced challenges and overcome them, and we've learned to persevere through difficult times.

And as we move on from this chapter in our lives, I encourage each and every one of us to remember the lessons we've learned and the experiences we've had. These experiences will shape who we are and how we approach the world, and they will serve us well in the years ahead.

But before we get too ahead of ourselves, let's take a moment to reflect on how we got here. I'm sure we all have different stories and experiences, but there are a few things that I think we can all relate to.

For starters, I'm sure we can all agree that college is a lot of hard work. Between classes, assignments, and exams, it's easy to get bogged down and feel overwhelmed. But despite the challenges, we've persevered and made it to this point.

I'm also sure that we've all had moments where we felt lost or unsure of ourselves. It's natural to feel that way, especially when you're trying to navigate a new environment and figure out your place in the world. But despite these moments of uncertainty, we've found our footing and discovered our passions.

And most importantly, I'm sure we can all agree that college has been an amazing experience. We've had the opportunity to learn from some of the best professors in the field, engage in meaningful discussions and debates, and be part of a community of like-minded individuals.

So, as we move on from this chapter in our lives, let's remember to be grateful for the experiences we've had and the people who have supported us along the way. To our parents, who have always believed in us and encouraged us to pursue our dreams, thank you for your unwavering love and guidance. To our teachers and mentors, who have imparted their knowledge and wisdom upon us, thank you for your invaluable guidance and encouragement. And to our friends, who have stood by us through thick and thin, thank you for your friendship and support.

Student Success Sia Samimi MA, Terry D. Anderson PhD, 2010-05-18 STUDENT SUCCESS VALIDATES WHAT WE TEACHERS DO Yet not all students succeed Many give up helplessly reaching unnecessarily the end of their ropes We teachers spent years honing our craft figuring out ways to reach out to connect and to positively affect the lives of our students not only while in college but well beyond the often treacherous college years Paving the students path toward a thriving university life and a rewarding career therefore gives meaning to what we do for a living The art of learning has indeed transformed Both the Internet and distinct generational preferences of our students have introduced new paradigms in post secondary education Whereas years ago the teacher and the local university library were the main repositories of knowledge today s students can use the Internet indeed the libraries of the entire planet to instantly locate the information they need often effortlessly from the comfort of a couch What the students want is not mere information they need and demand practical knowledge and how information is applied To be a successful teacher one must constantly experiment with new and more effective learning strategies that combine best practices in learning In this book the authors have assembled numerous strategies and techniques for academic success We have emptied our bags of tricks onto these pages We have witnessed how these

strategies rejuvenate our students university experience By authoring this book we pass on to you our student the intricacies of the art of learning From the role of motivation to memory retention to the ins and outs of connecting with your teachers we have provided not only what is needed to succeed academically but also the evidence for our recommendations We offer you this book not only for us to make sense of our professional lives but also for you to make sense of yours
