Castles, Siegeworks and Settlements Duncan W. Wright, Oliver H. Creighton, 2016-11-30 This volume comprises thirteen reports detailing fieldwork undertaken by a research project which sought to assess the archaeological evidence of the period of conflict that took place in mid twelfth century England popularly known as the Anarchy **The Dean and Canons' Houses of St George's Chapel, Windsor** John Crook, 2022-12-02 The College of St George at Windsor Castle was founded by Edward III in 1348 to support the newly created Order of the Garter and to this day fulfills the same primary purpose The domestic buildings provided for the Warden Canons and Priest Vicars now the Deanery and Canons Cloister are an astonishing survival despite enlargement and alteration over the centuries a significant amount of the mid fourteenth century fabric survives though often hidden from view A recent program of refurbishment and conservation revealed much hitherto unknown evidence for the way the buildings were constructed their fittings and decoration and their subsequent evolution The author maintained a continuous watching brief throughout the refurbishment works the results of which are published here for the first time The archaeological evidence is supplemented by the excellent survival of documentation both for the initial construction of the buildings and their subsequent development we know the precise date of each stage of construction the cost and even the names of the workmen involved The post medieval history of the buildings is also highly significant and for this period we have the benefit of knowing more about the deans and canons who influenced the ways their dwellings developed and of a continued wealth of documentary evidence **Daniel 11** Michelle Lynn, 2012-03 About 2500 years ago Daniel the Hebrew prophet penned some incredible words He wrote a history book in reverse as it were He was seeing forward through history in the same way we look back through it Quite an incredible claim yet as is demonstrated in this book a valid one Regardless of your background or belief system or lack of you will be astounded at the perfect marriage of the 45 verses of Daniel 11 and the history of the world This book is unique in concept and in form and will bring ease and clarity to the study of a difficult subject It naturally begins at verse one of the chapter focusing on the historical figure given and then follows the text to each subsequent point in history Reference materials are included to make study of the verse text simple **Castles and Landscapes** O. H. Creighton, 2005 This paperback edition of a book first published in hardback in 2002 is a fascinating and provocative study which looks at castles in a new light using the theories and methods of landscape studies **History of Urban Form Before the Industrial Revolution** A.E.J. Morris, 2013-12-02 Provides an international history of urban development from its origins to the industrial revolution This well established book maintains the high standard of information found in the previous two editions describing the physical results of some 5000 years of urban activity It explains and develops the concept of unplanned cities that grow organically in contrast with planned cities that were shaped in response to urban form determinants Spread throughout the texts are copious illustrations from a wealth of sources including cartographic urban records aerial and other photographs original drawings and the author's numerous

analytical line drawings **How the Country House Became English** Stephanie Barczewski, 2023-07-22 The story of how the country house historically a site of violent disruption came to symbolize English stability during the eighteenth century Country houses are quintessentially English not only architecturally but also in that they embody national values of continuity and insularity The English country house however has more often been the site of violent disruption than continuous peace So how is it that the country house came to represent an uncomplicated nostalgic vision of English history This book explores the evolution of the country house beginning with the Reformation and Civil War and shows how the political events of the eighteenth century which culminated in the reaction against the French Revolution led to country houses being recast as symbols of England's political stability **The Village & House in the Middle Ages** Jean Chapelot, Robert Fossier, 1985-01-01 **The Grove Encyclopedia of Medieval Art and Architecture** Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture **The Anarchy** Oliver Hamilton Creighton, Duncan W. Wright, 2016 The first ever archaeologically based study of the turbulent period of English history often known as the Anarchy of King Stephen's reign in the mid twelfth century covering battlefields and conflict landscapes arms armour and material culture fortifications and the church *Greater Medieval Houses of England and Wales, 1300-1500: Volume 3, Southern England* Anthony Emery, 2006-03-09 This is the third volume of Anthony Emery's magisterial survey *Greater Medieval Houses of England and Wales 1300-1500* first published in 2006 Across the three volumes Emery has examined afresh and reassessed over 750 houses the first comprehensive review of the subject for 150 years Covered are the full range of leading homes from royal and episcopal palaces to manor houses as well as community buildings such as academic colleges monastic granges and secular colleges of canons This volume surveys Southern England and is divided into three regions each of which includes a separate historical and architectural introduction as well as thematic essays prompted by key buildings The text is complemented throughout by a wide range of plans and diagrams and a wealth of photographs showing the present condition of almost every house discussed This is an essential source for anyone interested in the history architecture and culture of medieval England and Wales **GeoHibernica** Paul Lyle, 2025-08-27 *GeoHibernica* explores how Ireland's diverse geological foundations have shaped its people culture and heritage over millennia From ancient megaliths to modern artistic interpretations the book examines the deep connections between landscape and identity offering a scholarly yet personal perspective on Ireland's evolving relationship with its natural environment **Stronghold Britain** Geoffrey Williams, 1999 From prehistoric hill forts to grand medieval castles and from gentlemen's fortified country homes and Victorian follies to the defensive installations of World War II the whole range of

fortifications built in Britain is examined through the remains that can be found in every corner of the island **Medieval Archaeology** Pamela Crabtree,2013-05-13 This is the first reference work to cover the archaeology of medieval Europe No other reference can claim such comprehensive coverage from Ireland to Russia and from Scandinavia to Italy the archaeology of the entirety of medieval Europe is discussed *Offa's Dyke Path* Mike Dunn,2023-06-14 A guidebook to walking Offa s Dyke Path National Trail following Britain s longest ancient monument the eighth century earthwork that once marked the boundary between the Anglo Saxon kingdom of Mercia and the Welsh kingdoms to the east The 285km 177 mile route from Sedbury Cliffs near Chepstow to Prestatyn is suitable for walkers of most abilities The route is described from south to north in 12 stages of between 17 and 29km 11 18 miles with additional suggestions for faster and slower itineraries Contains step by step description of the route alongside 1 100 000 maps Includes a separate map booklet containing OS 1 25 000 mapping with the route line Public transport information for those wanting to break the trail into shorter sections Handy trek planner route summary table and accommodation listings help you plan your itinerary GPX files available to download

Bodmin Moor: An archaeological survey: Volume 1 Nicholas Johnson,Peter Rose,2014-06-30 Year by year encroachment in the 20th century for cultivation or tree planting provided the stimulus for the most extensive survey ever undertaken of the archaeological monuments of Bodmin Moor a previously little disturbed landscape rich in surviving structural evidence of the many ways from the Bronze Age to the post medieval period in which people settled and exploited the Moor and its surroundings The survey is remarkable not only for the extent of the area examined but also for the number of monuments newly identified in the course of the work Supplementing the survey text are detailed line drawings plans aerial photographs and large scale maps **The Norman Heritage** Trevor Rowley,2019-06-26 Originally published in 1983 The Norman Heritage looks at the Norman Conquest as a turning point in English history The book argues that not only was this the last time that England was successfully invaded but it followed a complete change in the ruling dynasty the introduction of military feudalism the reform of the church and the rapid spread of monasticism The book suggests that such social and political changes were accompanied by dramatic architectural and topographical developments Frenzied building activity resulted in the construction of cathedrals churches monasteries and castles and stone was used on a scale unknown since the end of the Roman Empire The Norman desire to exercise regional political control and to simulate trade resulted in a rash of newly planned towns across the country In many more subtle ways Anglo Saxon landscape was altered and modified by Norman coercion and influence Through their energy and administrative ability the Normans transformed the face of town and country alike and this book traces the impact of the Norman Conquest upon the British scene through both a historical narrative surviving structural remains of buildings and the patterns of settlements communications and land use that developed during this period An Inventory of the Historical Monuments in Herefordshire ...: Northwest Royal Commission on Historical Monuments (England),1934 *Glamorgan and Gwent* Elisabeth Whittle,1992 Through exploring 150

monuments accessible to the public this book aims to encourage an appreciation of such historic sites The examples range from palaeolithic caves at the earliest appearance of man through to the settlements of the mid 16th century AD
