The Way Around Nicholas Triolo,2025-07-08 The Way Around is the kind of book my soul perpetually yearns for It reshaped how I see the world Robert Moor author of *On Trails An Exploration* Growing up in northern California in a family of high achieving athletes Nicholas Triolo was imbued with a particularly acute form of our intensely goal oriented culture Do the reps he internalized Commit to the work Grind for your dreams Shortly after graduating from college he embarked on a solo circumnavigation of the globe And then after returning to the States he threw himself into ultrarunning all to combat a deepening discontent While traveling around the world it was in Kathmandu that Triolo first encountered kora a form of moving prayer in which pilgrims walk in circles around a sacred site or object a kind of ritualized remembering birthed by place Unable to shake this initial encounter with circumambulation he sets out here on three such extended walks First he completes the sacred thirty two mile revolution around Tibet's Mount Kailash in search of a cultural counter to Western linearity Then following his mother's diagnosis with breast cancer he returns home to California and takes part in an annual

circuit of Mount Tamalpais tracing a route made famous by Beat poets Gary Snyder Philip Whalen and Allen Ginsberg And then finally he meets up with a quirky hydrogeologist in Butte Montana and joins his walk around the Berkeley Pit Complex the largest Superfund site in the country At once uncommonly humble and thrillingly transcendent blurring the boundaries of inner and outer landscapes The Way Around models what it means to experience a true revolution of heart and home for the flourishing of all

The Art of Christian Alchemy Roger Corless,2008-10-01 The Art of Christian Alchemy is a witty and provocative book that explores in twentieth century terms the spiritual yearnings of modern people It is a magic tour through evolutionary theory and the bi cameral brain with detours into such areas as handicrafts dieting and sex But in all of these travels Roger Corless is tracking down an ancient and rich vein The Spiritual life he says is the transfiguration of the ordinary Through prayer meditation and ascetical practices we can take the ordinary stuff of life and change it into something more noble just as alchemists of old sought to transform base metals into gold The key to this transfiguration is the threefold way of work listening and praise outlined by St Benedict in the sixth century and still practiced by communities of Benedictines in the U S and elsewhere Corless initiates us into their method Ultimately he brings us to the place where St Francis Teilhard de Chardin Buddha Benedict and Jesus dwell together at the table of unity

[Lateness and Longing](#) George Baker,2023-05-23 How a generation of women artists is transforming photography with analogue techniques Beginning in the 1990s a series of major artists imagined the expansion of photography intensifying its ideas and effects while abandoning many of its former medium constraints Simultaneous with this development in contemporary art however photography was moving toward total digitalization *Lateness and Longing* presents the first account of a generation of artists focused on the work of Zoe Leonard Tacita Dean Sharon Lockhart and Moyra Davey who have collectively transformed the practice of photography using analogue technologies in a dissident way and radicalizing signifiers of older models of feminist art All these artists have resisted the transition to the digital in their work Instead in what amounts to a series of feminist polemics they return to

earlier incomplete or unrealized moments in photography's history gravitating toward the analogue basis of photographic mediums. Their work announces that photography has become not obsolete but late, opened up by the potentially critical forces of anachronism. Through a strategy of return or refusing to let go, the work of these artists proposes an afterlife and survival of the photographic in contemporary art, a formal lateness wherein photography finds its way forward through resistance to the contemporary itself.

The Dissertation Journey Carol M. Roberts, 2004-03-23 This book is not a technical manual to help doctoral students through the minutiae of conducting in-depth qualitative or quantitative research. Instead, this how-to manual will focus on the practical aspects of writing and organizing a dissertation, in particular the psychological and social hurdles that are involved. The author uses a conversational and encouraging tone along with plenty of graphics, quotes, illustrations, and sample forms to guide doctoral students through the process of preparing, writing, and defending their dissertations. Features: checklists, organizing graphics in depth, list of resources for further inquiry, quotations, illustrations, and other user-friendly elements full of easily accessible practical advice that is administered in small bites. Conversational, warm, and personal writing style unique to this genre.

The Dictionary of Imaginary Places Alberto Manguel, Gianni Guadalupi, 2000 Describes and visualizes over 1,200 magical lands found in literature and film, discussing such exotic realms as Atlantis, Tolkien's Middle Earth, and Oz.

Postcards from the Ledge Greg Child, 2012-10-02 Reflections and humorous pieces plus insights into some of mountaineering's more controversial events. Revealing portraits of other Himalayan climbers. Peeling back the layers to reveal the gritty truth about the elite climbing world is Greg Child's specialty. With clever wit, sharp observations, and insightful reflections, Child's writing covers the full spectrum of the mountaineering experience. Entertaining even to those who have never been above sea level, Child's stories reveal climbing's other face. His description of the daily habits of mountaineers on expedition who don't bathe for months is both disgusting and horrifyingly funny. A post-climb fiasco in the offices of petty Pakistani bureaucrats proves that not all epics take place on high mountain faces. Falling of a rock, climb in front of his mother, is an exercise in humility. Child takes up climbing controversy with the same keen insight. His investigation of Tomo Cesen's claimed first ascent of Lhotse's south wall is considered the definitive report on this controversial event. A hard look at the media frenzy around the death of Alison Hargreaves on K2 evolves into a brilliant, impassioned defense of a friend. He also speaks out on the money and media-driven expeditions that now crowd Everest. But Child never preaches. Whether contrasting his clumsy performance with Lynn Hill's elegant moves on a climb in the remote mountains of Kyrgyzstan or reflecting upon artifacts from crucifixes to pink flamingos that decorate the world's highest peaks, he writes it as he sees it with a dose of wit. A true insider, Greg Child draws us deep into the world of climbing but never denies its dark side.
