Opening the Parables M. D. Hayden, 2024-07-11 For centuries Jesus parables have been and still are extensively interpreted by those who impose Christian dogma and tradition on a parable told decades before Christianity *per se* even existed There was no Christian tradition when Jesus was teaching his followers and he was teaching regular people not theologians No wonder then that after two millennia Jesus parables coated with a confusing overlay of Christian dogma still puzzle readers of the New Testament *Opening the Parables* is based on the premise that Jesus taught a singular spiritual truth which once the clutter of others words and interpretations is cleared away appears consistently in all his teachings even in his parables In the best possible way Jesus was a one subject teacher one subject using various teaching techniques both deductive and inductive a one sermon preacher one message told in various ways Everything he taught or preached was about love in the infinite here and now Kingdom of God All his parables proverbs aphorisms and direct statements teach one

Karen D. Scheib, 2016-02-16 Christian pastoral care is a narrative ecclesial theological practice NET As a narrative practice pastoral care attends to the inseparable interconnection between our own lifestories others stories the larger cultural stories and God's story As a ministry of the church pastoral care is an ecclesial practice that derives its motivation purpose and identity from the larger mission of the church to bear witness to and embody God's mission of love that extends beyond the church for the transformation of the world As a theological practice pastoral care is grounded in God's love story God's profound love for humankind heals our brokenness when human love fails and invites us into an ongoing process of growth in love of God self and neighbor Intended for those who provide care with and on behalf of religious communities author Karen Scheib focuses on listening and restorying practices occurring in the context and setting of congregations By coauthoring narratives that promote healing and growth in love pastoral caregivers become cocreators and companions who help others revise and construct life stories reshaped by the grace of God What Karen Scheib has done in this book is to reposition pastoral care as a theological activity performed in the context of the church She draws deeply upon her Wesleyan theological heritage upon an understanding of life in its fullness as growth in love and grace and upon a communion ecclesiology undergirded by a communal understanding of the Trinitarian life of God Thus grounded she envisions pastoral care first as a rhythm of the life of the whole church and secondarily as a work of trained pastors In her vision pastoral care

is rescued from a narrow understanding of it as exceptional acts of intervention performed only in moments of dire crisis. Instead it becomes a daily practice of pastoral care: attending in love to the stories of others and listening for ways God is already present in a life story. Solidly theological, grounded in the life of the church and eminently teachable, Karen Scheib has given us a great gift in this book.

Foreword Thomas G. Long, Bandy Professor of Preaching Emeritus, Candler School of Theology, Emory University, Atlanta, GA. In a wonderfully engaging, reflective, and useful way, Karen Scheib captures something absolutely essential to pastoral care and yet often overlooked: the utter centrality of storytelling, listening, the power of stories to heal, and their vital connection to bigger stories told within religious communities. This book is a real milestone reclaiming the importance of narrative, knowing, and grounding care not only in community but also within a comprehensive theological framework.

Bonnie J. Miller-McLemore, E. Rhodes and Leona B. Carpenter Professor of Religion, Psychology, and Culture, The Divinity School and Graduate Department of Religion, Vanderbilt University Divinity School, Nashville, TN. Implementing narrative, personality, and therapy theories and anchored in ecclesiology and Wesleyan theology, NET: Karen Scheib's book advances a long-awaited and holistic approach to pastoral care. Her NET approach presents the embodiment of pastoral care by emphasizing both narrative and paradigmatic knowing, proposes the subjectivity of our stories in pastoral care by pointing out the interchangeability between us and our stories as subject and object, and underscores the dynamic process of pastoral care through the interconnection of the storyteller, listener, and context. Scheib's image of story companion contributes to the field as a new paradigm of pastoral care and promises to be a significant resource in generating hope and growth in love for both pastoral caregiver and receiver.

Angella Son, Associate Professor, Drew University, Madison, NJ. Pastoral theologian, Scheib describes a narrative, ecclesial, and theological approach for listening to people's life stories in such a way as to engender spiritual formation and growth in love. Scheib clarifies the connections between caring conversations and Christian theology. Clear and accessible prose, as well as helpful exercises and discussion starters, make this a fine teaching text.

A Stone in My Shoe, J. Michael Walters, 2021-06-15. What's more miserable than trying to walk with a stone in your shoe? Many American evangelicals are experiencing pain and discomfort in their relationship to the church. Stones in their shoes make the faith journey uncomfortable and increasingly untenable. They either leave the church altogether, become church shoppers, or live on the margins of the church as outliers. This book presents the vantage point of a lifelong evangelical pastor and religious educator who sees himself as an outlier. Walters draws on decades of pastoral life and classroom experience to engage the church in a conversation aimed at clarifying the concerns and discomforts of evangelical outliers. While this is one person's

story it intersects with the stories of many others in American evangelicalism especially clergy In identifying the stones which trouble and discomfort so many like him Walters continually calls the church his church back to its biblical and theological foundations

All Who Are Weary Emmy Kegler, 2021-11-09 We live in an age uniquely attentive to the problem of mental illness More than half of us will be diagnosed with a mental illness or disorder at some point in our lifetime It has been easy for centuries to relegate persistent emotional and mental struggles entirely to the realm of a failed personal work ethic Just don t worry so much not enough faith Just pray harder or in recent years a chemical imbalance in our brains Just take this pill Yet for those of us who live with mental illness none of these suggestions provides the quick relief it promises and the continued struggle takes its toll on our already burdened hearts and minds In All Who Are Weary Emmy Kegler joins the reader on the long walk of reflection understanding and compassion calling followers of Jesus back to ancient practices of lament vulnerability honesty community and hope This book is not a map to a cure nor a perfectly restorative prayer Written with a wide community in mind patients but also parents and partners coworkers and friends pastors and therapists and the whole church All Who Are Weary points to the embodied grace known in Jesus trusting in the promise of a lighter load for all

Spirit and Sport Sean Samuel O'Neil, 2023-08-18 In Spirit and Sport Religion and the Fragile Athletic Body in Popular Culture Sean O Neil studies the intersectionality of religion and disability as it exists within contemporary sports To do so he calls to the forefront various contemporary stories about trauma and disability some fictional others biographical and examines how we tell and interpret these stories within the frameworks of athletic activity competition failure and success O

Neil studies a wide range of perspectives from John Irving's *A Prayer for Owen Meany* and the big screen's *Signs* to the experiences of real life athletes like Tim Lincecum, Muhammad Ali and Bethany Hamilton. Woven throughout his examination of each is a consideration of religious belief and practice especially within Christianity as it relates to athletic ability the lighthearted stories of victory and overcoming the inspiring triumph over fragility and limitation so often couched in religious terms. O Neil's study draws upon his experiences as a hospital chaplain and his own battle with skin cancer. By blending personal experience with sociological observation O Neil argues that the intersection of religion sports and disability in popular culture is a revealing site of cultural struggle over competing myths identities and values related to the body both the physical bodies we inhabit as well as the broader social bodies to which we subscribe. *Spirit and Sport* is a study with broad appeal from O Neil's autoethnographic storytelling to the wide range of narrative media he examines. Religious scholars sports historians and general audiences alike are sure to find it a thought provoking and engaging read. *Book of Harmony* Martin J. Lohrmann, 2016-09-07 The Reformation era writings that make up the Lutheran Confessions remain lively resources for Christian ministry and mission today. Because each of the documents within the Book of Concord was written with a specific context and rhetorical purpose in mind each has its own compelling story and objectives. Luther's catechisms present the faith for daily life at the grass roots level with teaching elements that we might now view as typical of social media and multimedia. The Augsburg Confession and its Apology provide an adaptable foundation for preaching teaching church organization and dialogue that is rooted in the promise of Christ received through faith. Fifteen years after the Diet of Worms the Smalcald Articles reveal yet another Here I stand moment for Luther. Finally the Formula of Concord shows how the next generations of Lutherans used collaboration and consensus as they wrestled with important themes of faith and life. In summary as these texts engage us with their stories they invite us to consider what is most important about our journeys of faith and Christian witness in today's twenty first century contexts. *Grace Notes* Dr Ken Baker, 2016-07-02 A grace note is a music notation that the individual performer has to interpret for himself. Isn't that amazing? Here's the main melody the composer seemed to say and sort the rest of it out for yourself. It's like a parable for how to do life. There are general broad principles to follow like the Ten Commandments but the real fun comes in the grace notes the extra bits that you learn to play by feel. The New Testament word is *Charis*. In modern Greek it's the word for birthday present. Imagine that. Something you just don't deserve at all but which is rather nice and makes you smile inside. This is a prayer journal that is to say it's a daily collected random assortment of prayers notes from books that I'm reading and reflections on my daily reading of the Bible. Some of these pieces made it into sermons or even into magazine articles. Most languished in online blogs until summoned into service into this little book of grace notes. Hope you hear the song.
