Harold Ellens,2013-11-26 The product of 35 senior scholars research these volumes examine the psychology driving the religious political and economic forces that cause turbulence and violence in human society Religious political and economic revolts have defined the human experience throughout history These kinds of universal turbulence continue to be the dominate source of human suffering and perplexity during the first decade of the 21st century What can intensive study of the psychodynamics of cultural and social eruptions tell us that may serve to move cultures around the world beyond ongoing strife This work seeks to find out examining the spectrum of cultural and social eruptions from ancient Jewish Christian and Muslim revolutions to the modern day economic and political turbulence in Eastern Europe the Near East and Latin America The breadth of this three volume set ranges from the 12th century BCE to the current struggles in Iraq Afghanistan and Syria and from the irrational violence of the French Revolution to the genuine quest for liberty of the American Revolution and the Singing Revolutions in the Baltic States in recent decades Each volume is introduced with a description of its philosophical perspective and concludes with a brief summarization of the takeaways of the research presented **Subject Guide to Books in Print** ,1991 **Terrorist Assemblages** Jasbir K. Puar,2018-01-26 Tenth Anniversary Expanded Edition Ten years on Jasbir K Puar s pathbreaking *Terrorist Assemblages* remains one of the most influential queer theory texts and continues to reverberate across multiple political landscapes activist projects and scholarly pursuits Puar argues that configurations of sexuality race gender nation class and ethnicity are realigning in relation to contemporary forces of securitization counterterrorism and nationalism She examines how liberal politics incorporate certain queer subjects into the fold of the nation state shifting queers from their construction as figures of death to subjects tied to ideas of life and productivity This tenuous inclusion of some queer subjects depends however on the production of populations of Orientalized terrorist bodies Heteronormative ideologies that the U S nation state has long relied on are now accompanied by what Puar calls homonationalism a fusing of homosexuality to U S pro war pro imperialist agendas As a concept and tool of biopolitical management homonationalism is here to stay Puar s incisive analyses of feminist and queer responses to the Abu Ghraib photographs the decriminalization of sodomy in the wake of the Patriot Act

and the profiling of Sikh Americans and South Asian diasporic queers are not instances of a particular historical moment rather they are reflective of the dynamics saturating power sexuality race and politics today This Tenth Anniversary Expanded Edition features a new foreword by Tavia Nyong'o and a postscript by Puar entitled Homonationalism in Trump Times Nyong'o and Puar recontextualize the book in light of the current political moment while reposing its original questions to illuminate how Puar's interventions are even more vital and necessary than ever

Competing Fundamentalisms Sathianathan Clarke, 2017-03-29 Why do certain groups and individuals seek to do harm in the name of God While studies often claim to hold the key to this frightening phenomenon they seldom account for the crucial role that religious conviction plays not just in radical Islam but also in the fundamentalist branches of the world's two other largest religions Christianity and Hinduism As the first book to examine violent extremism in all three religions together *Competing Fundamentalisms* draws on studies in sociology psychology culture and economics while focusing on the central role of religious ideology to paint a richer portrait of this potent force in modern life Clarke argues that the forces of globalization fuel the aggression of these movements to produce the competing feature of religious fundamentalisms which have more in common with their counterparts across religious lines than they do with the members of their own religions He proposes ways to deescalate religious violence in the

service of peacemaking Readers will gain important insights into how violent religious fundamentalism works in the world's three largest religions and learn new strategies for promoting peace in the context of contemporary interreligious conflict

Losing My Religion Tom Frame, 2010-10-14 In this challenging and provocative book Tom Frame one of Australia's best known writers on religion and society examines diminishing theological belief and declining denominational affiliation He argues that Australia has never been a very religious nation but that few Australians have deliberately rejected belief most simply can't see Jesus, Prince of Hell Adam Weishaupt, 2013-01-26 You many think you know everything you need to

know about the historical figure Jesus Christ but every cherished belief you have is false Jesus Christ is a fraud For a start his name wasn't Jesus Christ but Yehoshua ben Yosef And just as his name is a fiction designed to disguise the truth so is everything else about him We will demonstrate the following 1 The central promise of Christianity the resurrection of the dead is utterly wrong The Christian Gospels demonstrate conclusively that Jesus Christ was reincarnated 2 Jesus Christ was the central figure in one of the most audacious plots in history 3 He was head of an Elite Family that wished to rule the world The Family exists to this day 4 Jesus Christ was the leader of an army that sought to overthrow Roman rule in Judea He was executed as a violent revolutionary attempting to set himself up as a king 5 Judas the infamous traitor was the brother of Christ The greatest lie in history has endured too long **Thinking on the Edge: An Interdisciplinary Look at**
