A New Way of Seeing** Patternity, 2015-10-06 Pattern is everywhere we go and in everything we do We wear patterns we walk over them we even eat drink and think them we always have and we always will but it s unlikely they demand too much of our attention Innovative creative and cultural organization PATTERNITY exists to join the dots From fashion and design to the natural world look beyond the mundane forms that we see every day to find the hidden beauty in the underlying patterns that normally pass us by A source of endless inspiration and innovation this uniquely curated book will open your eyes anew **Neisha Crosland** Neisha Crosland, 2016 Neisha Crosland sees pattern everywhere Her extraordinary eye seeks out symmetry order and structure wherever she goes in artefacts buildings paintings and above all in nature This book is a

tribute to that talent a visual feast of pattern color unexpected information and surprising personal stories It is also an exploration of why pattern matters to every single one of us Artists are often asked the origin of their ideas This remarkably beautiful book is Neisha s answer to that question She takes the reader from first spark of an idea to the finished product exploring a myriad of cultural pathways and making unusual connections along the way For in art Neisha believes nothing is ever truly original This book is a personal and revealing account of Neisha s own story as a designer but it also draws on conversations about pattern she has had with musicians mathematicians psychotherapists as well as other designers Beginning as an art student standing in the Basilica di San Marco in Venice it travels through many continents and eras from Mughal India to Moorish Spain and from pilgrims on the route to Santiago de Compostela to Jacobean England there are tales of mankind s earliest rituals alongside explorations of 16th century court dresses Baroque wood carving 17th century shell collecting and Russian Constructivist paintings It ends in Japan over a delicious meal There is fascinating technical detail too including wonderful examples of Neisha s early work using weaving and printing methods that have now vanished because of contemporary commercial pressures on mills and manufacturers She also explores the ways a technique or color can completely reinvent a design and how that design can alter its mood when placed in a different interior or when applied to a different medium or product Working sketches illuminate her argument as well as visuals of her key sources of inspiration Abundant photographs too showing Neisha s work in the interiors of fashionable restaurants nightclubs hotels and homes around the world strikingly illustrate the text The patterns themselves are stunningly animated by Anikst Design s specially commissioned photography magazine files become skyscrapers fine china glides across mirrors rugs take to the air and fabrics appear like wild seas and rivers The result is a kind of visual onomatopoeia as well as a thrillingly surreal visual experience for the reader This book is a loving tribute to the power of pattern that will appeal to anyone who appreciates beauty and has ever wondered why their eye is so delighted *A New Approach to Pattern and Picture* O.
