Seed Faith By Oral Robert:

The Miracle of Seed-Faith Oral Roberts, 2017-03-16 Oral Roberts was barely making ends meet when he discovered the three key principles of Seed Faith in God's Word. They have never failed me, he shares. When I had no earthly source or person to turn to when I was alone with nothing but big problems and challenges facing me, these principles showed me God is my Source. They showed me how to use my giving as a seed I was planting and to expect God to multiply it even if it took a miracle. The Miracle of Seed Faith has revolutionized the lives of millions of people. As you read it, let God show you how you can get your needs met through His eternal plan of seedtime and harvest, sowing and reaping, giving and receiving. Man's economic systems may fail, but God's plan never does. By getting into the rhythm of Seed Faith, living you'll learn that His more than enough resources are always available to you.

Seed-faith 2000 Oral Roberts, 1999 *Oral Roberts* David Edwin Harrell, Jr., 1985-09-22 This book may give you the best opportunity of deciding the truth about me and the ministry I hold so dear. Oral Roberts Among several biographies of Oral Roberts, the most recent, most accurate, and best documented is Oral Roberts: An American Life, an objective, impressive study. New York Review of Books Oral Roberts: An American Life is more than the story of a well-known evangelist and educator. It is the story of a part of the American religious life that not many Americans know or understand. Dr. Harrell has researched thoroughly and written superbly. Billy Graham, a first-rate biography, one which should give pause to Roberts supporters and critics alike. Roberts' first scholarly biographer has done a beautiful job. Allen Boyer, Newsday *Seed-faith* Brant A. Engel, 1985

A DAILY GUIDE TO MIRACLES ORAL ROBERTS, 1975 **The Preachers of a Different Gospel** Femi B. Adeleye, 2017-02-07 Name it and claim it. Just have faith. Give and you will get. Catchphrases like this have convinced many Christians that trusting in God will bring health and wealth. But the gospel does not promise prosperity without pain or salvation without sanctification. Femi Adeleye draws on his wide-ranging experience as he examines the appeal and peril of this new gospel of prosperity that has made deep inroads in Africa as well as in the West.

The Facts on False Teaching in the Church John Ankerberg, John Weldon, 2011-08-31 Would you recognize a false teaching if your pastor presented one next Sunday? The evidence is that Christians everywhere are enthusiastically embracing false teachings in the church regarding success, health, prosperity. Where are these teachings coming from? Why are pastors/laypeople so easily led astray when in reality these teachings distort the Word of God? If you are concerned about the philosophies/psychologies that are infiltrating today's churches, *The Facts on False Teaching in the Church* is an invaluable resource to help you judge which teachings are biblical, which are not.

Cult Watch John Ankerberg, John Weldon, 1991-01-01 A compilation of the entire Facts On series, *Cult Watch* gives you facts about the major cults and movements in a format you can use in counseling or witnessing.

Christianity in Crisis Hank Hanegraaff, 2012-06-18 Nearly two decades ago, Hank Hanegraaff's award-winning *Christianity in Crisis* alerted the world to the dangers of a cultic movement within Christianity that threatened to undermine the very foundation of biblical faith. But in

the 21st century there are new dangers new teachers who threaten to do more damage than the last These are not obscure teachers that Hanegraaff unmasks We know their names We have seen their faces sat in their churches and heard them shamelessly preach and promote the false pretexts of a give to get gospel They are virtual rock stars who command the attention of presidential candidates and media moguls Through make believe miracles urban legends counterfeit Christs and twisted theological reasoning they peddle an occult brand of metaphysics that continues to shipwreck the faith of millions around the globe God cannot do anything in this earthly realm unless we give Him permission Keep saying it I have equality with God talk yourself into it Being poor is a sin The Jews were not rejecting Jesus as Messiah it was Jesus who was refusing to be the Messiah to the Jews You create your own world the same way God creates His He speaks and things happen you speak and they happen Christianity in Crisis 21st Century exposes darkness to light pointing us back to a Christianity centered in Christ From the Preface Having lost the ability to think biblically postmodern Christians are being transformed from cultural change agents and initiators into cultural conformists and imitators Pop culture beckons and postmodern Christians have taken the bait As a result the biblical model of faith has given way to an increasingly bizarre array of fads and formulas *A Biblical Perspective On Tithing & Giving: A Believer's Stewardship Guide* Rich Brott,2008 According to author

Rich Brott nothing happens in the economy of God until you give something away It is a universal law of God Giving is the trigger for God s financial miracles When you give to the Kingdom of God it will be given back to you We must do so in complete confidence that our God will not only meet our needs but allow us to have plenty left over so that we can joyfully share it with others When it comes to personal possessions money and wealth you cannot take it with you but you CAN send it on ahead Bottom line is this what you keep you will lose but what you give away you will gain When you become a faithful tither and a generous giver you become an individual whom God can bless **The World's Greatest Religious Leaders**

Scott E. Hendrix,Uchenna Okeja,2018-03-01 This book provides reliable information about important world religious leaders correcting the misinformation that can be on the internet Religious leaders have shaped the course of history and deeply affected the lives of many individuals This book offers alphabetically arranged profiles of roughly 160 religious leaders from around the world and across time carefully chosen for their impact and importance and to maximize inclusiveness of faiths from around the world Scholars from around the world each one an expert in his or her field and all holding advanced degrees came together to create an essential resource for students and for those with an interest in religion and its history Every entry has been carefully edited in a two stage review process guaranteeing accuracy and readability throughout the work Not strictly a biographical reference that recounts the facts of religious figures lives the book helps users understand how the selected figures changed history The entries are accompanied by excerpts of primary source documents and suggestions for further reading while the book closes with a bibliography of essential print and electronic resources for further research *Theologies of the Gospel in Context* David Schnasa Jacobsen,2017-08-25 Many preachers and teachers

of preaching talk about the gospel few name it Theologies of the Gospel in Context assembles a gifted group of homiletics who think that preachers need to be able to articulate the gospel not in general but in a certain time and place in context They consider what gospel sounds like for people under oppression in capitalist economies in neocolonial contexts for survivors of trauma and for disestablished mainline churches marred by racism Preachers will appreciate these preacher scholars desire to articulate the gospel with clarity especially since the term is so often left unexplained Homiletics will see a new genre of doing their work as teachers and researchers in preaching a vision that helps preaching see itself not just as an adjunct to exegesis or communication but a place of doing theology In these pages homiletics is more than technique it is a truly theological discipline

A Sense of the Heart Bill J. Leonard, 2014-11-18 For many people knowing about God is not enough they also want to feel God's presence Whether like St Paul's experience on the road to Damascus or like Wesley's strangely warmed heart people believe that nothing can substitute for religious experience Even today people go to church in order to encounter the Divine by which they mean experience God in their midst This desire to meet or be met by God is as old as humanity but America especially has been the seed bed for what William James famously called varieties of religious experience These experiences cover a wide spectrum from classic mysticism to revivalist conversion to a contemporary pursuit of spirituality A Sense of the Heart traces the nature of religious experience from the colonial era to the present attempting to define and describe the nature of religious experience and noting common and distinct approaches in the work of various scholars and practitioners Following that A Sense of the Heart offers a historical review of representative types of religious experience the nature of such experiences and their impact on the American religious and cultural context as evident in awakenings controversies denominations and new religious communities

The New Pentecostal Message? Lewis Brogdon, 2015-06-22 The prosperity movement has influenced millions of people in North America Asia Europe South America and Africa through Pentecostal Charismatic and nondenominational preachers in some of the largest churches in the world CNN ABC and Time magazine have examined the preachers and churches in this popular and controversial movement Scholars and church leaders have studied it for more than two decades producing dozens of books and articles on it Considering the widespread popularity of the prosperity movement and the attention it is given by its critics Brogdon asks Is prosperity preaching the new Pentecostal message In order to answer this question one has to examine the prosperity movement as a Pentecostal movement instead of a Word of Faith movement that is a revised form of New Thought metaphysics and Science of Mind Brogdon provides an introduction to the prosperity movement as a Pentecostal movement He asks important questions in the study of the prosperity movement such as who popularized prosperity teaching Oral Roberts or Ken Hagin Do all Pentecostals agree with the prosperity doctrine Is prosperity teaching good news to the poor Has prosperity replaced the emphasis on the Holy Spirit The answers may surprise you

Abundant Life, 1989

Pentecostal Power Calvin Smith, 2010-11-26 During the 1980s an explosion of Pentecostalism across Latin America

attracted considerable attention among sociologists political scientists and regional experts eventually spreading to other academic disciplines Indeed ongoing spectacular growth and the social and political impact of the movement have strongly challenged secularization theory Yet while studies exploring the phenomenon are plentiful many limit their analysis to a single country issue or the perspective of a particular discipline Thus this edited volume provides readers with a multidisciplinary and continent wide treatment of the nature and effects of Latin American Pentecostalism including a theological analysis notably absent in most studies by various experts with published work in the field and as such represents an important contribution to the current literature

Grand Theft Jesus Robert S. McElvaine, 2009 We're mad as Heaven and we're not going to take it anymore declares historian Robert McElvaine in this passionate and often hilarious rallying cry for sincere Jesus followers He lets us know that the extreme right wing won't be allowed to speak for all Christians any longer This polemic blends outrage and humor to expose the televangelists and the leaders of megachurches as the people Jesus warned us about The religion McElvaine calls Christianity Lite promises Be saved without sacrifice or good works Run by a crew of politicians megachurch preachers televangelists hypocrites and snake oil salesmen it has hijacked true Christianity and distorted it into something Jesus wouldn't recognize a religion that advocates war and intolerance values money above charity preaches hatred instead of brotherhood and promises true believers the keys to the gates of the kingdom of God and to the bank From publisher description

The Eternal Church Bill Hamon, 2011-07-28 Hamon takes readers on a journey throughout the history of the church Beginning at the origination of the church in the 1st Century he proceeds to its deterioration during the Middle Ages to the restoration of the church from the time of the Reformation to the present

Faith Healers and the Bible Stephen J. Pullum, 2015-04-14 An insightful read for anyone who is interested in religion this book offers fresh biblical insight into the preaching of faith healing from a Christian perspective Faith healing has been a popular religious phenomenon in this country for well over a hundred years gaining thousands of followers and raking in millions of dollars annually What faith healers teach however often goes unchallenged *Faith Healers and the Bible: What Scripture Really Says* offers an informed critique of many of the themes found in faith healers preaching that documents that much of what they teach is not biblically based contrary to what they would like their listeners to believe Drawing on a lifetime of study and nearly two decades of teaching a university course titled *The Rhetoric of Faith Healing* Stephen J Pullum PhD provides scriptural insight into the false claims frequently found in the preaching of healing revivalists After an introductory chapter that explains why faith healers have been so persuasive the author addresses a breadth of topics including the miraculous the providential demon possession the call of God the indwelling of the Holy Spirit and the health and wealth gospel Meeting faith healers on their own turf the Bible Pullum clearly demonstrates that much of what faith healers preach cannot be scripturally supported
