

ALL ABOUT SKATING

- 1 Roller skating is a fun activity where you go around on roller skates. You can do it for fun, in sports, or to get from one place to another. Roller rinks and skate parks are made for roller skating, but people also do it on the streets, sidewalks, and bike paths.
- 2 Roller skating started a long time ago, in the 18th century. It became really popular in the 1880s and was super popular in the United States in the 1930s to the 1950s. People even danced to disco music while they roller skated in the 1970s. In the 1990s, lots of people started roller skating outside.
- 3 There are different kinds of roller skating like going fast, playing hockey, doing tricks, and figure skating. Some people like to go really fast on roller skates. This started a long time ago with four wheels on each skate. The first big competition was in 1935 in Detroit, Michigan. At first, people from the middle states were the best at speed skating, but later on, people from the east and west coast got better too. They had coaches and trained really hard. They would have competitions in each state and then the top skaters would go to regional and national tournaments. Some skaters even got to go to the Olympic Training Center in Colorado Springs for special training.
- 4 Inline speed skating is another type of roller skating. It's a race where people go really fast on inline skates. You can do it indoors, on a track, or on the road. There are different levels of skaters, so everyone in the family can join in and compete. Roller skating is a fun way to move around and have a good time!
