Trauma-Informed Juvenile Justice in the United States Judah Oudshoorn, 2016-08-23 Most youth who come in conflict with the law have experienced some form of trauma yet many justice professionals are ill equipped to deal with the effects trauma has on youth and instead reinforce a system that further traumatizes young offenders while ignoring the needs of victims By taking a trauma informed perspective this text provides a much needed alternative one that allows for interventions based on principles of healing and restorative justice rather than on punishment and risk assessment In addition to providing a comprehensive historical overview of youth justice in Canada Judah Oudshoorn addresses the context of youth offending by examining both individual trauma including its emotional cognitive and behavioural effects and collective trauma The author tackles some of the most difficult problems facing youth justice today especially the ongoing cycles of intergenerational trauma caused by the colonization of Indigenous peoples and patriarchal violence and demonstrates how a trauma informed approach to youth justice can work toward preventing crime and healing offenders victims and communities Featuring a foreword written by Howard Zehr case stories from the author s own work with victims and offenders questions for reflection and annotated lists of recommended readings this engaging text is the perfect resource for college and university students in the field of youth justice *Restorative Justice in a Prison Community* Cheryl Swanson, 2009-03-16 Americans are frustrated with prisons They recognize the need for these institutions but at the same time they worry about whether the money used to build and maintain them is well spent Older prisons are dirty disgusting and dangerous but even newer facilities come up lacking in terms of offering inmates opportunities to take responsibility for their crimes support their loved ones further their education learn job skills and develop positive relationships in healthy safe respectful communities This book provides insight into the philosophy of restorative justice which aims to develop ways we can manage our prisons differently to achieve more positive outcomes Using the case study of an honor dorm in a maximum security prison the book posits that most of the inmates never learned the basic tools for living life productively and responsibly They never thought much about their victims or how their actions affected others They never learned how to get along with others pick up after themselves or how to be of service to their fellow man Swanson uses the writings and reflections of inmates participating in a restorative justice program to demonstrate the challenges and transformative

preventive effect What are the side effects of imprisonment on the offenders and their families Are alternatives such as restorative justice or mediation more effective and cheaper Part V outlines proactive strategies of crime prevention e g for potential sex offenders or in the domain of internet crime Part VI envisions a more peaceful and inclusive society which would be realized by improving the protection of women and children in their everyday life and easing the reintegration of those who have become offenders The importance of the role played by the UN in formulating these goals is underlined The volume concludes with an epilogue of the 70th President of the United Nations Economic and Social Council Martin Sajdik and a post scriptum of the editors p

Forget Them Not Joanne M. Hemenway, 2010-07-09 To witness effectively and powerfully to Christian testimonies of care and compassion of justice and mercy of healing and wholeness it is necessary to foster awareness of the realities of the present system of retributive justice if there is to be any hope of transformation to a system of justice which is restorative **Forget Them Not** provides a history of the prison system as a means of punishment contrasting it with the relatively recent but growing practice of restorative justice Joanne Hemenway explores the concept of disconnection as radical evil as a separation from God who is the source of our being and shows how our present approach to punishment fosters this evil The present system with its motif of retributive justice generates shame rejection and loneliness which stokes the fires of anger and rage This breeds deep disconnection which only serves to fuel further cycles of violence Hemenway presents three vignettes designed to help explore forgiveness in the context of both retributive and restorative justice To promote healing and connection **Forget Them Not** introduces compassionate witnessing in prison ministry as a way to develop awareness and empowerment

Communities of Restoration Thomas Noakes-Duncan, 2017-10-19 By bringing together the insights of ecclesial ethics an approach that emphasizes the distinctive nature of the church as the community that forms its mind and character after its reading of Scripture with the theory and practice of restorative justice a way of conceiving justice making that emerged from the Mennonite Anabaptist tradition this book shows why a theological account of the theory and practice of restorative justice is fruitful for articulating and clarifying the witness of the church especially when faced with conflict or wrongdoing This can help extend the church's imagination as to how it might better become God's community of restoration as it reflects on the ways in which the justice of God is taking shape in its own community How does an ecclesial context shape the theological apprehension and praxis of justice This question orientates the book In particular it asks how in view of its members having been admitted into God's restoring justice in Christ the church might embody in the world this same justice of restoring right relationships While Christian reflection on the nature of justice has tended to favour a judicial and retributive conception of justice it will be argued that the biblical understanding of the justice of God is best understood as a saving liberating and restorative justice It is this restorative conception that ought to guide the community that reads Scripture so that it might be embodied in life
