Less Is More in Elementary School Renee Rubin,Michelle Abrego,John Sutterby,2014-10-10 In this era of rigorous standards testing and overcrowded curricula many teachers are left wondering how they re ever going to cover the material Less Is More in Elementary School offers realistic solutions by providing ways teachers can streamline their curriculum get the most out of assessment communicate with families and engage students in their own learning This much needed book will help you meet the demands of the Common Core more efficiently and effectively You ll learn how to integrate the curriculum so that you can take time to slow down and explore topics in depth help students become critical readers problem solvers collaborators and communicators make students more engaged reflective and self regulating get the most out of assessment during this era of high stakes testing maintain high expectations for all students but modify instruction to ensure all students progress communicate more effectively with families to build trust during a time of change and high stakes assessments and overcome obstacles such as the emphasis on testing the need for more technology and finding teacher collaboration time Each chapter is filled with practical strategies that you can implement immediately as well as suggested resources for learning more about a particular topic **Quality Instruction and Intervention for Elementary Educators**

Brittany L. Hott, Pamela Williamson, 2024-10-02 Effective teaching starts with quality instruction that most students respond well to. However, about 35% of students will require specialized and more intensive instruction to meet academic and behavioral standards. Both students with exceptionalities who are eligible to receive special education and related services and students who are placed at risk due to circumstance require, deserve, and are legally entitled to quality intervention. Quality Instruction and Intervention for Elementary Educators offers an accessible resource for educators interested in evidence-based strategies to ensure all students have access to an excellent education. Two dedicated chapters authored by leading content and strategy experts in the field are devoted to content areas. The first chapter focuses on quality instruction with academic subject matter specialists as lead authors with interventionists supporting. The second chapter focuses on effective intervention with the interventionists taking the lead author roles and academic subject matter specialists supporting. Between the two chapters is a dialogue between the teams of authors bridging instruction and intervention. This unique approach bridges the gap between quality instruction and effective intervention, an often overlooked component of teacher education. The book also includes dedicated chapters on the integration of instructional technology and executive functioning. After reading the book, educators will be able to describe the components of effective instruction and intervention in each of the content areas, access empirically validated materials, and locate resources for continued learning.

Assessment Portfolios for Elementary Students Milwaukee Public Schools, Kathryn Henn-Reinke, 2002. Developed by educators in Milwaukee's public schools and successfully used with over 15,000 students, this book will show you how to engage your students in high-quality work, reveal information about your students which cannot be seen through standardized tests, help students become responsible for their own academic growth. The tasks and rubrics in this book will help you discover the strengths and learning needs of your students. With concrete, detailed examples from Kindergarten through 5th grade, this book demonstrates how to implement assessment portfolios in your classroom. Part I provides concrete details about how to organize, implement, and maintain assessment portfolios throughout the school year. In Part II are assessments in reading, writing, and math featuring class-tested scoring rubrics and samples of student work. Also included are learning projects, rich classroom activities requiring high-quality intellectual work. Part III contains student handouts and scoring sheets ready for you to distribute and use with the students in your class. **Making Assessment**
