Most Unlikely to Succeed - The Trials, Travels, and Ultimate Triumphs of a "Throwaway" Kid Nelson Lauver,2011 Life in idyllic 1960s McAlisterville Pennsylvania seems so promising to young Nelson Lauver But undiagnosed dyslexia soon turns hope and optimism into struggle and shame as he falls far behind in school and is branded lazy Confused angry and determined not to be the dumb kid he chooses instead to become the bad kid ending up a loner at odds with the world and with himself Nelson resigns himself to being hopelessly different and joins the ranks of millions of Americans who try to hide their inability to read and write At age 29 a chance encounter leads to a diagnosis of dyslexia and a profound rebirth Ironically the boy who was afraid to have anyone hear him try to read launches a new career as a writer broadcaster and speaker An estimated 10 to 20 percent of Americans suffer from a learning disability 14 percent of American adults are considered functionally illiterate More than personalizing these sobering statistics this uplifting memoir goes beyond one man's account of rising above a learning disability *Most Unlikely to Succeed* is an inspirational story that will speak eloquently and profoundly to anyone who has ever struggled to be heard to be understood or to make his or her way in the world
