Motherload Ana Villalobos,2014-09-05 In a time of economic anxiety fear of terrorism and marital uncertainty insecurity has become a big part of life for many American mothers With bases of security far from guaranteed mothers are often seeking something they can count on In this beautifully written and accessible book Ana Villalobos shows how mothers frequently rely on the one thing that seems sure to them the mother child relationship Based on over one hundred interviews with and observations of mothers single or married but all experiencing varying forms of insecurity in their lives Villalobos finds that mothers overwhelmingly expect the mothering relationship to make it all better for themselves and their children But there is a price to pay for loading this single relationship with such high expectations Using detailed case studies Villalobos shows how women's Herculean attempts to create various kinds of security through mothering often backfire thereby exhausting mothers deflecting their focus from other possible sources of security and creating more stress That stress is further exacerbated by dominant ideals about good mothering ideals that are fraught with societal pressures and expectations that reach well beyond what mothers can actually do for their children Pointing to hopeful alternatives Villalobos shows how more realistic expectations about motherhood lead remarkably to greater security in families by prompting mothers to cast broader security nets making conditions less stressful and just as significantly bringing greater joy in mothering

Chamber's Journal of Popular Literature, Science and Arts, 1865 **Sculpting the Buddha Within** Shuri Kido, 2019-09-03 The definitive biography of Shinjo Ito the founder of one of the main traditions of Buddhism which has almost 1 million members worldwide This is the first major biography of Shinjo Ito the founder of the Shinnyo en tradition of Buddhism and one of the twentieth century s most innovative spiritual teachers Shinjo was schooled in the millennium old esoteric Buddhism of Japan and used that as the basis for developing a unique lay practice grounded in the principles and concepts of the Mahayana version of the Nirvana Sutra Sculpting the Buddha Within is an important book that traces Shinjo

Ito's evolution not only as a spiritual master but also as a human being. Living in a time of unprecedented change, Shinjo Ito's personal life was often marked by hardships and personal grief experiences that became the foundation for cultivating universal compassion. Committed to making buddhahood tangible for others and a goal worth aspiring to, Shinjo Ito also excelled as a sculptor of devotional images. His wish was to help his practitioners see their own potential for goodness so that they too would want to work diligently to shape and give form to their inner buddha. Rather than encouraging his followers to believe in a fixed system of practice or beliefs, Shinjo Ito taught how to live life in accordance with one's buddha nature and the gratitude, creativity, and happiness latent within it.

Kate Douglas Wiggin 1856-1923 was an American educator and author of children's stories, most notably the classic children's novel *Rebecca of Sunnybrook Farm*. She devoted her adult life to the welfare of children in an era when children were commonly thought of as cheap labor.

The Slave Race John Hall, 2019-12-12. Life for Joe. Peter's is good, but it is about to change. Little does he know, mankind's future may depend on it. But will humanity be ready for the challenge? An ancient alien nation has plans for this young world's people; they have the technology and the need to succeed, but is arrogance their downfall? Mankind, for the first time, has the answer to the one question that has been asked down the centuries: are we alone? But what now? The world leaders each have their own agenda, so what is the next move? All in authority believe they have the right to dictate their own rules and boundaries with their self-belief in what is right. But in the eyes of the visitors, all of this is as insignificant as an anthill is to man. Joe finds himself at the center of a race to save all that he loves.
