Stephanie A. Sellers, PHD, 2023-04-18 A galvanizing call to end family based anti female violence shaming and shunning stories and practices for healing from Family Mobbing Family Mobbing is a strategic process of power and control When daughters are mobbed they re not just shunned attacked or slandered they re also subjugated by a system of family rules that reinforces patriarchal oppression What makes mobbing so insidious and so under reported is that here family itself is the site of violence trauma and shame Family violence against girls and women is still legal even in America and even now Across cultures girls and women may be shunned or shamed emotionally mistreated or physically attacked by their families to maintain status social conventions and the family s own standing within their community Family Mobbing tactics can include slander gossip rejection beatings anti Queer violence and even honor killings child marriages and forced abortion Author Stephanie Sellers herself a survivor explores the global phenomenon of Family Mobbing revealing the secrets and patterns that play out behind closed doors and remain unseen unacknowledged and unaddressed She discusses Why families and communities alienate members of their groups Why women girls and LGBTQIA2S people are at higher risk of mobbing The ramifications of raising daughters to be submissive How and why mothers and grandmothers perpetuate cycles of Family Mobbing against their daughters How to move on after being mobbed shunned or shamed Firsthand accounts from people all over the world who were mobbed by their families How different religious worldviews inform the practice and perpetuation of Family Mobbing Sellers offers stories definitions and solutions to help women girls and people of all genders who have been mobbed by their families She remembers and honors vast ancient traditions that recognize female sanctity and personhood as paths forward to healing with a focus on the practices and worldviews of Mother first cultures that can illuminate the path toward honoring valuing and respecting daughters [Break Free from Narcissistic Mothers](#) Hannah Alderete, 2022-01-25 Heal from childhood trauma overcome the damaging effects of emotionally immature behaviors and discover your true self through guided activities in this friendly workbook Many daughters struggle with their self worth when dealing with a narcissistic mother It is easy to criticize yourself and bury your emotions The effects of this trauma can lead to self doubt depression anxiety people pleasing tendencies fear and many other complications that follow you into adulthood Break Free from Narcissistic Mothers gives you the tools to reconnect with yourself and reintroduce all of your emotions back into your psyche It includes Journal prompts to cultivate flexible boundaries and challenge inaccurate beliefs Reflective exercises for managing your relationship with your mother Interactive activities to help you redefine yourself Written by an experienced mental health counselor this book is designed to help readers access their feelings and emotions build their confidence and establish clear boundaries to live a fulfilling life **Selfish Women** Lisa Downing, 2019-05-24 This book proceeds from a single and very simple observation throughout history and up to the present women have received a clear message that we are not supposed to prioritize ourselves Indeed the whole question of self is a problem for women and a problem that issues from a wide range of locations including in some cases feminism itself When women espouse

discourses of self interest self regard and selfishness they become illegible This is complicated by the commodification of the self in the recent Western mode of economic and political organization known as neoliberalism which encourages a focus on self fashioning that may not be identical with self regard or self interest Drawing on figures from French US and UK contexts including Rachilde Ayn Rand Margaret Thatcher and Lionel Shriver and examining discourses from psychiatry media and feminism with the aim of reading against the grain of multiple orthodoxies this book asks how revisiting the words and works of selfish women of modernity can assist us in understanding our fraught individual and collective identities as women in contemporary culture And can women with politics that are contrary to the interests of the collective teach us anything about the value of rethinking the role of the individual This book is an essential read for those with interests in cultural theory feminist theory and gender politics

NARCISSISTIC MOTHERS AMANDA HOPE, Do you want to learn how to protect yourself from your narcissistic mother If yes then this book is perfect for you Narcissistic mothers are susceptible to any real or imagined criticism and are prone to having emotional outbursts that may include verbal abuse passive aggressive behavior infantilism and even physical violence They often try to control their children through guilt or bribes such as gifts or money and sometimes therapy sessions are used in the same way They tend to be rigid controlling condescending and critical This book covers the following topics The narcissistic personality Signs that you have a Narcissistic Mother Types of Narcissistic Mothers Daughters and Mothers Effects of Being Raised by a Narcissistic Parent Mental Manipulation and Control Protection tips Things Narcissistic Mothers Say for Mental Manipulation and Control And much more According to Dr Joseph Burgo author of The Narcissist You Know It s not just that narcissists lack empathy it s that they have a very particular kind of empathy deficit empathy the ability to sense and share another person s feelings does exist in narcissists but it is not what you would call ordinary empathy It is a highly selective form of emotional resonance with people in their immediate environment Narcissists can intuitively sense when others are under stress or emotionally aroused and they will respond emotionally and even engage in small talk with these people to comfort them or make them feel better But they will not respond with genuine empathy unless the other person demonstrates some tangible sign of distress Ready to get started Click the button and Get your copy NOW

Becoming a Religious Sister Patience Quayson, 2023-04-26 Patience Quayson explores what compels someone to answer the call to live a religious life in this book She undertook this study to fully understand the extent of the psychological imbalance or immaturity of individuals answering the call to the religious life She highlights the psychological traits that can help young adults thrive when they decide to serve the Lord While such service can be incredibly rewarding she does not gloss over the not so positive aspects of living in a convent that are so little talked about which can bring sorrow to others Poor interpersonal relationships between the leaders and the sisters ineffective decision making processes and the arbitrary sending home of younger members are all addressed Anyone who decides to make serving the Lord their life s work must possess a certain level of maturity The author explores what someone must ask

themselves before embarking on a religious life including looking at their past and making an honest assessment about their potential for growth
