Motivational Immediacy in the Workplace Jonathan E. Taylor,2022-05-02 Learners are always motivated they just may not be motivated to learn the things you are wanting them to learn Motivational Immediacy refers to the moment by moment motivation of learners during a learning event This is in contrast to typical global views of motivation and while casting a much heavier burden on the instructor brings with it more deep meaningful and permanent learning Motivational Immediacy in the Workplace focuses not only on fostering learner engagement with a primary emphasis on the role of the instructor but also addresses the work and concerns of curriculum writers and training directors The author defines Motivational Immediacy as both a phenomenon and a practice and provides concrete steps for practical action Motivational Immediacy as a construct refers to a moment by moment feeling of motivation on the part of the learner to engage in the learning opportunity directly at hand As a practice it is the instructor s process of working to stay connected with individual learners and foster engagement consistently at every moment of the teaching activity The author addresses this idea from a learner centered orientation making the case that understanding and empathizing with the learner s perceptions is the most effective way to promote efficient meaningful learning The book will provide a comprehensive conceptualization of learning engagement and learning resistance It begins with a substantial theoretical framework and then shifts to direct applications to practice in the workplace Motivational Immediacy is multidisciplinary and draws from fields such as Adult Education

Workplace and Training Development Psychology Educational Psychology Sociology Cultural Anthropology and
Communications **Reading at Greater Depth in Key Stage 2** Suzanne Horton, Louise Beattie, Sharon Lannie, 2018-11-20
The book covers research theory and practical application of developing higher level readers within the primary classroom
