Covey, 2012-12-11 Children in today's world are inundated with information about who to be what to do and how to live But what if there was a way to teach children how to manage priorities focus on goals and be a positive influence on the world around them The Leader in Me is that programme It is based on a hugely successful initiative carried out at the A B Combs Elementary School in North Carolina To hear the parents of A B Combs talk about the school is to be amazed In 1999 the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students The parents reported an incredible change in their children who blossomed under the programme By the end of the following year the average end of grade scores had leapt from 84 to 94 This book will launch the message onto a much larger platform Stephen R Covey takes the 7 Habits that have already changed the lives of millions of people and shows how children can use them as they develop Those habits be proactive begin with the end in mind put first things first think win win seek to understand and then to be understood synergize and sharpen the saw are critical skills to learn at a young age and bring incredible results proving that it is never too early to teach someone how to live well *Adventures in Philosophy at Notre Dame* Kenneth M. Sayre, 2014-04-30 *Adventures in Philosophy at Notre Dame* recounts the fascinating history of the University of Notre Dame's Department of Philosophy chronicling the challenges difficulties and tensions that accompanied its transition from an obscure outpost of scholasticism in the 1940s into one of the more distinguished philosophy departments in the world today Its author Kenneth Sayre who has been a faculty member for over five decades focuses on the people of the department describing what they were like how they got along with each other and how their personal predilections and ambitions affected the affairs of the

department overall The book follows the department's transition from its early Thomism to the philosophical pluralism of the 1970s then traces its drift from pluralism to what Sayre terms professionalism resulting in what some perceive as a severance from its Catholic roots by the turn of the century Each chapter includes an extensive biography of an especially prominent department member along with biographical sketches of other philosophers arriving during the period it covers Central to the story overall are the charismatic Irishmen Ernan McMullin and Ralph McInerny whose interaction dominated affairs in the department in the 1960s and 1970s and who continued to play major roles in the following decades Philosophers throughout the English speaking world will find *Adventures in Philosophy at Notre Dame* essential reading The book will also appeal to readers interested in the history of the University of Notre Dame and of American higher education generally

Teaching Motivation for Student Engagement Debra K. Meyer, Alyssa Emery, 2021-03-01 Helping teachers understand and apply theory and research is one of the most challenging tasks of teacher preparation and professional development As they learn about motivation and engagement teachers need conceptually rich yet easy to use frameworks At the same time teachers must understand that student engagement is not separate from development instructional decision making classroom management student relationships and assessment This volume on teaching teachers about motivation addresses these challenges The authors share multiple approaches and frameworks to cut through the growing complexity and variety of motivational theories and tie theory and research to real world experiences that teachers are likely to encounter in their courses and classroom experiences Additionally each chapter is summarized with key take away practices A shared perspective across all the chapters in this volume on teaching teachers about motivation is walking the talk In every chapter readers will be provided with rich examples of how research on and principles of classroom motivation can be reconceptualized through a variety of college teaching strategies Teachers and future teachers learning about motivation need to experience explicit modeling practice and constructive feedback in their college courses and professional development in order to incorporate those into their own practice In addition a core assumption throughout this volume is the importance of understanding the situated nature of motivation and avoiding a one size fits all approach in the classroom Teachers need to fully interrogate their instructional practices not only in terms of motivational principles but also for their cultural relevance equity and developmental appropriateness Just like P 12 students college students bring their histories as learners and beliefs about motivation to their formal study of motivation That is why college instructors teaching motivation must begin by helping students evaluate their personal beliefs and experiences Relatedly college instructors need to know their students and model differentiating their interactions to support each of them The authors in this volume have collectively decades of experience teaching at the college level and conducting research in motivation and provide readers with a variety of strategies to help teachers and future teachers explore how motivation is supported and undermined In each chapter in this volume readers will learn how college instructors can demonstrate what effective motivationally supportive classrooms look

*and the Multilingual Ideal* Toshiyuki Nakamura,2019-08-08 Examining the motivational development of Japanese language learners this book investigates the relationship between their future self image as Japanese speakers and their broader self image as multilingual individuals The book compares two groups of Japanese language learners one from Australia and the other from South Korea Questioning how motivation is influenced both by native languages and by the other languages which learners speak or study Toshiyuki Nakamura uses dynamic systems theory DST to uncover how knowledge of English in these different contexts motivates the learning of Japanese Employing the concept of domain of possible selves as an analytical framework the book also provides a detailed description of the development of the learners visions of themselves as users of Japanese and uncovers various aspects of Japanese language learners L2 self Strategic Language Learning Xuesong Gao,2010 This monograph reports on a longitudinal inquiry into mainland Chinese undergraduates language learning

experiences at an English medium university in a multilingual setting with a focus on their strategic language learning efforts. This book examines the issue as to what extent language learners' strategic learning efforts depend on their choice if the element of choice is the defining characteristic of language learners' strategic learning behavior. The inquiry using a qualitative and ethnographic research approach reveals dynamic interaction between learners' agency and contextual conditions underlying the participants' strategic learning process. Such understanding informs pedagogical efforts to foster individual learners' capacity for strategic learning and their capacities in opening up and sustaining a social learning space for exercising their strategic learning capacity or utilizing their strategic learning knowledge.

**Book Jacket**     Proceedings of the International Conference on Sustainable Innovation on Humanities, Education, and Social Sciences (ICOSI-HESS 2022) Dyah Mutiarin, Achmad Nurmandi, Arie Kusuma Paksi, Zain Rafique, 2023-02-10. This is an open access book. This proceeding consists of research presented in ICOSI UMY on 20-21 July 2022 at Universitas Muhammadiyah Yogyakarta. The conference covers the topic of governance, international relations, law, education, humanities, and social sciences. The COVID-19 pandemic, first time that occurred in 2019, has brought many changes that constrain all countries to adapt quickly. The crisis has shown vulnerabilities and gaps in several primary systems including healthcare, social protection, education, value chains, production networks, financial markets, and the ecosystem. One of the efforts that each country can take to rise from the COVID-19 pandemic is through strengthening multilateralism, international solidarity, and global partnerships. Hence, this conference raises the central theme: Strengthening Global Partnership for Resilience. This theme covers sub-themes that allow prospective scholars to submit their papers for Virtual Conferences presentation under the following scopes: Social Sciences, Humanities, Educations, and Religious Studies. Presented papers will also get a chance to be published in our remarkable partner publishers. Through the International Symposium on Social Humanities Education and Religious Studies (ISSHERS) and Asian Conference on Comparative Laws (Asian COL), we hope that participants will express their innovative and creative ideas to provide benefits and contribute knowledge to strengthen global partnerships among countries. Finally, all 75 papers published in this proceedings are expected not only as research output but can be developed further into prototypes or evidence for policy making.
