# Mother Troubles Rethinking Contemporary Maternal Dilemmas

**Stacey Elin Rossi**

## **Mother Troubles Rethinking Contemporary Maternal Dilemmas:**

**Mother Troubles** Julia Hanigsberg, 1999-08-01 A marvelous collection unified by its determination to speak on behalf of mothers assailed by government policies social institutions and a culture of mother blaming These essays open the way for more direct compassionate respectful and constructive responses to the dilemmas facing families and mothers Alison M Jaggar author of *Feminist Politics and Human Nature* *Misconception* Ann V. Bell, 2014-09-02 Despite the fact that statistically women of low socioeconomic status SES experience greater difficulty conceiving children infertility is generally understood to be a wealthy white woman's issue In *Misconception* Ann V Bell overturns such historically ingrained notions of infertility by examining the experiences of poor women and women of color These women so the stereotype would have it are simply too fertile The fertility of affluent and of poor women is perceived differently and these perceptions have political and social consequences as social policies have entrenched these ideas throughout U S history Through fifty eight in depth interviews with women of both high and low SES Bell begins to break down the stereotypes of infertility and show how such depictions consequently shape women's infertility experiences Prior studies have relied solely on participants recruited from medical clinics a sampling process that inherently skews the participant base toward wealthier white women with health insurance In comparing class experiences *Misconception* goes beyond examining medical experiences of infertility to expose the often overlooked economic and classist underpinnings of reproduction family motherhood and health in contemporary America Watch a video with Ann V Bell Watch video now <http://www.youtube.com/watch?v=qz7qiPyuyiM>

**Marriage Proposals** Anita Bernstein, 2006 The essays in *Marriage Proposals* envision a variety of scenarios in which adults would continue to join themselves together seeking permanent companionship and sustenance linking sexual intimacy to a long commitment usually caring for each other and building new families What would disappear are the legal consequences associated with marriage No joint income tax return no immigration privileges like the fiancé visa or the right to bring in a husband or wife no special statuses for prison visits or hospital decisions no prerogative to remain silent in court by claiming confidential marital communications no pension entitlements no marital benefits and detriments regarding criminal or civil liability The anthology makes a unique contribution amid the two marriage furors of the day same sex marriage and the Bush Administration's marriage movement that marrying is good and more marriages would be better for society Abolishing the legal category of marriage is the only policy suggestion in current American discourse that speaks to both causes Activists on both sides of the same sex marriage fight along with marriage movement partisans all seek improvement through law reform *Marriage Proposals* gives them a viable reform abolition of marriage as a legal status for fighting battles in the courtroom and the streets Contributors include Anita Bernstein Peggy Cooper Davis Martha Albertson Fineman Linda C McClain Marshall Miller Lawrence Rosen Mary Lyndon Shanley and Dorian Solot **The Ethics of Care** Virginia Held, 2006 The author assesses the ethics of care as a promising alternative to the familiar moral theories that serve so inadequately to

guide our lives Held examines what we mean by care and focuses on caring relationships She also looks at the potential of care for dealing with social issues and global problems *Motherhood and Love* Cristina Grenholm,2011 It is possible to reinterpret the biblical portrayal of motherhood so that it no longer perpetuates the subordination of women Responding to a perceived conflict between feminism and theology feminist theologian Cristina Grenholm blends systematic theology gender studies and biblical interpretation to construct a nontraditional understanding of motherhood in the Bible Grenholm s innovative approach revisits the biblical figure of Mary whom she calls a theological challenge in our time with a view to analyzing critiquing and revising the traditional Christian understanding of motherhood and maternal love **Disability and Equality Law** ElizabethF. Emens,2017-07-05 This interdisciplinary collection of essays addresses the theoretical practical and legal dimensions of equality for persons with disabilities The issues covered include the central problem of defining disability and impairment the dilemma of same versus different treatment the balance between autonomy and external influence and support linkages to other anti discrimination categories such as race and sex the place of disability theory within identity politics and issues of life death and our most intimate relationships The articles reflect a wealth of international viewpoints and interdisciplinary areas which include philosophy economics memoirs cultural studies empirical studies and legal scholarship The selection also includes classic texts which set out foundational ideas such as the social model of disability or the goal of integration alongside essays that critique these conceptual mainstays This volume brings into sharp focus a wide range of contentious and complex issues in the field of disability studies and is of interest to researchers and students from a wide range of fields [The Routledge Handbook of Motherhood on Screen](#) Susan Liddy,Deirdre Flynn,2025-04-25 The Routledge Handbook of Motherhood on Screen offers a comprehensive global analysis of the representation of Mothers and Motherhood in contemporary screen industries and online spaces Over five distinct sections this handbook examines how the complexities and realities of contemporary motherhood are translated to the screen Offering a full scholarly overview of the field this handbook provides a ground breaking and important contribution to our understanding of motherhood on screen The geographical and genre reach of the handbook presents new ways of theorising and reframing current scholarly debate and gives a wide ranging and comprehensive contribution to knowledge of on screen representations An international team of established scholars and emerging voices provide analysis of representations from around the world spanning a breadth of genres The chapters situate transnational screen representations of motherhood in the 21st Century and assess the implications of contemporary representation of motherhood Thoroughly challenging and expanding understandings of motherhood and mothers this handbook will be an essential multi faceted publication for researchers and students of film TV animation motherhood gender studies feminism ageing studies anthropology and sociology [Opting In](#) Amy Richards,2008-04-29 For contemporary women motherhood has become as polarizing a proposition as it is a powerful calling For some women this tension is manifest in a debate over whether or not to have

children For others it concerns whether to stay at home with their children or stay in the workforce Still others feel abandoned altogether by the supposedly pro family and pro mother social justice movement that is feminism and are at a loss when it comes to reconciling their maternal instincts with their political beliefs With *Opting In* Amy Richards addresses the anxiety over parenting that women face today in a book that mixes memoir interviews historical analysis and feminist insight In her refreshingly direct and thoughtful approach Richards covers everything from the truth about our biological clocks and the trends toward extending fertility to parenting with nature and nurturing in mind to our relationship with our own mothers to what feminism's relationship to motherhood is and always has been Speaking from the vantage point of someone who is both a parent and one of our leading feminist activists Richards cuts through the cacophony of voices intent on telling women the appropriate way to be a mother and reveals instead how to confidently forge your own path while staying true to yourself and your ideals

**Reconceiving Pregnancy and Childcare** Amy Mullin, 2005-03-14 This highly original book argues for increased recognition of pregnancy birthing and childrearing as social activities demanding simultaneously physical intellectual emotional and moral work from those who undertake them Written from the perspective of a feminist philosopher the book draws on the work of and seeks to increase dialogue between philosophers and childcare professionals disability theorists nurses and sociologists

*Mediated Deviance and Social Otherness* Kylo-Patrick R. Hart, 2009-01-14 If in fact Lizzie Borden took an axe and gave her step mother forty whacks why from a representational standpoint did her stepmother deserve it If older gay men in Internet chat rooms regularly provide much needed acceptance and advice to younger gay males during the coming out process how is it that they continually reinforce racist ideologies and powerless subjectivities while doing so What sorts of media images are commonly presented of individuals and groups that are regarded as being deviant in society and whose interests do they ultimately serve The answers to these important questions and many others are provided in the pages of *Mediated Deviance and Social Otherness Interrogating Influential Representations* which explores provocative representations of deviance in various media forms including books films musical offerings news accounts television programs and Internet sites and their substantial cultural political and social consequences for the lived realities of individuals of different backgrounds and lifestyles The eye opening chapters of this book enable readers to more fully realize the regularity with which media representations continuously contribute in powerful ways to the formation and perpetuation of influential social constructions of deviance and otherness as they pertain to delinquents criminals and individuals of all ages classes genders races sexual orientations and health disability statuses *Mediated Deviance and Social Otherness Interrogating Influential Representations* is a thought provoking anthology that offers fresh insight and new approaches to critically analyzing social constructions of deviancy across a variety of media forms While scholars have long examined the relationship between media and deviancy this collection of essays features a range of theoretical perspectives through which to investigate deviancy and its various interpretations in original ways In the

process it deepens our understanding of how deviancy has been constructed across time and in differing social cultural milieus The essays in this anthology reflect the diverse disciplines of their contributing scholars At the same time the anthology does not waver from its clear focus on deviancy lending it substantial coherence and readability The book is expertly structured and edited Each of the essays draws inspiration from a refreshing variety of sources and fields of study The anthology is accordingly divided into six distinct yet related sections that mark its coherence and readability Simultaneously the essays within each section are quite different from one another allowing the reader to make thought provoking connections between representations of deviancy both within sections and among them Mediated Deviance and Social Otherness Interrogating Influential Representations is an important text Considering the growth of new media forms its investigation of both old and new media in relation to social constructions of deviancy represents a timely and topical contribution to the field of media and cultural studies Given its breadth and scope the anthology represents a highly significant scholarly contribution that will greatly benefit scholars students and interested individuals of all levels It offers eye opening insights to anyone with an interest in cultural studies disease and disability studies film and television studies LGBT studies criminal justice sociology and related fields

Brief Reviewer Bio Metasebia Woldemariam Ph D is an associate professor of communication and media studies at Plymouth State University who specializes in media representations of deviancy and otherness Mediated Deviance and Social Otherness Interrogating Influential Representations is an erudite collection offering critical and cultural analysis of media representations within various media forms including journalism film documentary television fiction music and the Internet The book is divided into six sections that highlight the categories of deviance and otherness the contributors emphasize 1 Age 2 Crime and Criminals 3 Disease and Disability 4 Gender Race and Class 5 Sexual Orientation and 6 Other Forms of Deviance which include masochism carnival spectacles and cultures of violence While some chapters feature links to topics common to media studies such as the Motion Picture Production Code what is powerful about the collection is how varied the interpretive standpoints of the contributors are An example of one such unique interpretive perspective comes from Linda K Fuller whose chapter examines the sexual political aspects of African AIDS related films based on her work in West Africa with a sexologist collating and critiquing appropriate media for Life Skills This interpretive variety inspires novel examination of media representations through the originality of varied genres of analysis the collection offers analysis of classic as well as popular literature popular as well as veiled news media award winning as well as obscure television series and outlaw country music as well as rap music Because media is so broadly interpreted within the collection readers are encouraged to view mass media as a crucial cultural landscape for meaning making Each contributor offers a timely perspective about past or contemporary society through the analysis of unique media genres and artifacts or even through analysis of representations in multiple media forms For example Annette Holba examines multiple forms of the media representations of a less emphasized person in the Lizzie Borden case Borden s

stepmother Editor Kylo Patrick R Hart's own contribution examines multiple media representations of the visible physical signs of AIDS before focusing on their representation in two particularly noteworthy film melodramas Rather than focusing on stereotypical categories of deviance and otherness the contributors focus on less commonly acknowledged representations or challenge commonly acknowledged understandings of media This is evident through Christopher J P rez's ethnographic observation of instant messages from Gay.com participants which dispels the notion that such online communities allow for positive expressions of gay identity Through its broad interpretation of media the collection offers an ample array of less commonly acknowledged media genres as evident in Margaret Weigel's class analysis of the electric bulb advertising sign spectaculars in Manhattan from 1892 to 1917 Wendy Korwin's visual analysis of a set of four image plates used within prescriptive literature and Amanda Klein's cinematic comparison of portrayed deviance in the 1950s juvenile delinquency teenpic and the 1990s ghetto action film Incorporated also are unique perspectives on traditional news media representations as in Thomas Grochowski's interpretation of celebrity defendant perspectives of O J Simpson Occasionally common themes thread particular chapters together allowing opportunities to understand how critics view the same or similar media differently For example David Sealy and Georges Claude Guilbert as well as Valentin Locoge offer analysis of the HBO television series OZ Additionally contemporary moral dilemmas and societal issues are covered as they appear in various media representations as when Barbara Barnett's discussion of journalistic representations of maternal infanticide and perfection appear alongside Robert Goff's analysis of the textured view of abortion provided by the film Vera Drake Hart's collection is important to expanding the scholarly understanding of media representations because it provokes thinking about what makes media mean so much to humans in particular social cultural historical and even technological contexts The issue of the detrimental effects of shared notions of deviance and social otherness is evident in chapters that highlight original perspectives useful for either scholarly analysis or challenging graduate level classroom discussions Also because the collection includes literary analysis it could serve well those with interest in literary criticism ELESJA RUMINSKI Ph.D is an assistant professor of English at Indiana University of Pennsylvania with experience teaching mass communication film studies and visual communication

**Fertile Ground** Stephanie Paterson, Francesca Scala, Marlene K. Sokolon, 2014-06-01 Ideas of choice and rights traditionally dominate discussions concerning reproduction and gender politics Fertile Ground argues that the current political climate in Canada necessitates a broader understanding of the links between the politics of reproduction the state and gender relations Three major themes are developed in the book women's lived experiences the role of the state in reproductive politics and discourses around reproduction Contributors examine unequal access to in vitro fertilization treatments depending upon class race age disability and health status critique Health Canada's adherence to a medical model of breastfeeding analyze marketing campaigns for birth control products and recount the Aamjiwnaang First Nation's experience of seeking recognition for reproductive health concerns Fertile Ground links reproduction to

marginalization contestation and the state in order to illuminate the continuity of reproductive moments and their implications for identity activism policy formation and further scholarship A timely and multidisciplinary account of reproduction and gender politics in Canada Fertile Ground will interest academics activists and professionals involved in the areas of women s studies politics sociology and public health

### **Regulating Family Responsibilities** Jo

Bridgeman,2016-04-08 This collection brings together some of the most eminent and exciting authors researching family responsibilities to examine understandings of the day to day responsibilities which people undertake within families and the role of the law in the construction of those understandings The authors explore a range of questions fundamental to our understanding of responsibility in family life To whom and to what ends are family members responsible Is responsibility primarily a matter of care Can we fulfil our family responsibilities by paying those to whom we owe responsibility Or by paying others to fulfil our caring obligations for us In each of these circumstances the chapters in this collection explore what it means to have family responsibilities what constitutes an adequate performance of such responsibilities and the point at which the state intervenes At the heart of this collection is an interest in the way in which the changing family affects people s perception and exercise their family responsibilities and how the law attempts to regulate and understand those responsibilities The essays range across intact and separated or fragmented families from lone and shared parenting in single homes to caring across households and even across international boundaries to reflect on the actual caring responsibilities of family members and on the fulfilment of financial responsibilities in families This collection seeks to advance our understanding of the attempts of the law and its limits in regulating the responsibilities which family members take for each other

### **Parental Responsibility, Young Children and Healthcare Law** Jo

Bridgeman,2007-04-19 This book provides a comprehensive examination of the legal regulation of the provision of healthcare to young children in England and Wales A critical analysis is given on the law governing the provision of healthcare to young and dependent children identifying an understanding of the child as vulnerable and in need of protection including from his or her own parents The argument is made for a conceptual framework of relational responsibilities which would ensure that consideration is given to the needs of the child as an individual to the experiences of parents gained as they care for their child and that the wider context such as attitudes towards disability public health issues or the support and resources available is examined This book makes an important contribution to understanding the law regulating the provision of healthcare to young and dependent children and to the development of a discourse of responsibility

**Globalization and Transnational Surrogacy in India** Sayantani DasGupta,Shamita Das Dasgupta,2014-02-14 From computer support and hotel reservations to laboratory results and radiographic interpretations it seems everything can be outsourced in our globalized world One would not think so with parenthood however especially motherhood as it is a fundamental activity humans have historically preserved as personal and private In our modern age however the advent and accessibility of

assisted reproductive technologies ARTs and the ease with which they have traversed global borders has fundamentally altered the meaning of childbearing and parenting In the twenty first century parenthood is no longer achieved only through gestation adoption or traditional surrogacy but also via assisted reproductive technologies ARTs where science and technology play lead roles Furthermore in a globalized world economy where the movement and transfer of people and commodities are increasing to serve the interests of capitalism gamete donation and surrogate birth can traverse innumerable geographic socio economic racialized and political borderlands Thus reproduction itself can be outsourced This edited volume explores one specific aspect of the new assisted reproductive technologies gestational surrogacy and how its practice is changing the traditional concept of parenthood across the globe The phenomenon of transnational surrogacy has given rise to a thriving international industry where money is being legally exchanged for babies and reproductive labor has taken on a lucrative commercial tone Yet law research and activism are barely aware of this experience and are still playing catch up with rapidly changing on the ground realities This interdisciplinary collection of essays assuages the dearth of knowledge and addresses significant issues in transnational commercial gestational surrogacy as it takes shape in a peculiar relation between the West primarily the United States and India

**Reconciling Art and Mothering** Rachel Epp Buller, 2017-07-05 *Reconciling Art and Mothering* contributes a chorus of new voices to the burgeoning body of scholarship on art and the maternal and for the first time focuses exclusively on maternal representations and experiences within visual art throughout the world This innovative essay collection joins the voices of practicing artists with those of art historians acknowledging the fluidity of those categories The twenty five essays of *Reconciling Art and Mothering* are grouped into two sections the first written by art historians and the second by artists Art historians reflect on the work of artists addressing motherhood including Marguerite G r d Chana Orloff and Ren Cox from the early nineteenth century to the present day Contributions by contemporary artist mothers such as Gail Rebhan Denise Ferris and Myrel Chernick point to the influence of past generations of artist mothers to the inspiration found in the work of maternally minded literary and cultural theorists and to attempts to broaden definitions of maternity Working against a hegemonic construction of motherhood the contributors discuss complex and diverse feminist mothering experiences from maternal ambivalence to queer mothering to quests for self fulfillment The essays address mothering experiences around the globe with contributors hailing from North and South America Europe Asia Africa and Australia

**Gender, Sexualities and Law** Jackie Jones, Anna Grear, Rachel Anne Fenton, Kim Stevenson, 2011-03-17 Bringing together an international range of academics *Gender Sexualities and Law* provides a comprehensive interrogation of the range of contemporary issues both topical and controversial raised by the gendered character of law legal discourse and institutions The gendering of law persons and the legal profession along with the gender bias of legal outcomes has been a fractious but fertile focus of reflection It has moreover been an important site of political struggle This collection of essays offers an unrivalled examination of its various contemporary dimensions focusing

on issues of theory and representation violence both national and international reproduction and parenting and partnership sexuality marriage and the family Gender Sexualities and Law will be invaluable for all those engaged in research and study of the law and related fields as a form of gendered power      **The Political Geographies of Pregnancy** Laura R. Woliver, 2010-10-01 A searing study of how modern reproductive politics shapes women's bodily agency Pregnancy indisputably takes place within a woman's body But as reproductive power finds its way into the hands of medical professionals lobbyists and policymakers the geographies of pregnancy are shifting and the boundaries need to be redrawn argues Laura R Woliver The Political Geographies of Pregnancy is a vigorous analysis of the ways modern reproductive politics are shaped by long standing debates on abortion and adoption surrogacy arrangements new reproductive technologies medical surveillance and the mapping of the human genome Across a politically charged backdrop of reproductive issues Woliver exposes strategies that claim to uphold the best interests of children families and women but in reality complicate women's struggles to have control over their own bodies Utilizing feminist standpoint theory and promoting a feminist ethic of care Woliver looks at abortion politics modern adoption laws that cater to male headed families regulations that allow the state to monitor pregnant women but not always provide care for them and the power structures behind the seemingly benign world of egg selling and surrogate parenting She also considers the potentially staggering political implications of mapping the human genome and the exclusion of women's perspectives in discussions about legislation and advancements in reproductive technologies      **Fixing Families** Jennifer A. Reich, 2012-12-06 In Fixing Families Jennifer Reich takes us inside Child Protective Services for an in depth look at the entire organization Following families from the beginning of a case to its discharge Reich shows how parents negotiate with the state for custody of their children and how being held accountable to the state affects a family      *Feminist Thought* Rosemarie Putnam Tong, 2013-07-09 A classic resource on feminist theory Feminist Thought offers a clear comprehensive and incisive introduction to the major traditions of feminist theory from liberal feminism radical feminism and Marxist and socialist feminism to care focused feminism psychoanalytic feminism and ecofeminism The fifth edition has been thoroughly revised and now includes a new chapter on Third Wave and Third Space Feminism Also added to this edition are significantly expanded discussions on women of color feminisms psychoanalytic and care feminisms as well as new examinations of queer theory LGBTQ and trans feminism Learning tools like end of chapter discussion questions and the bibliography make Feminist Thought an essential resource for students and thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates      **The Battle and Backlash Rage On** Stacey Elin Rossi, 2004-07-07 In The Battle and Backlash Rage On Why feminism cannot be obsolete edited by Stacey Elin Rossi hot topics include misogyny antifeminism and or bigotry in men's rights groups and feminist groups such as ifeminists critiques of the mainstream view that feminism is an outdated idea and no longer needed contemporary obstacles to overcoming backlash such as corrupt

manipulation of data in antifeminist rhetoric and the like Issues covered include Rhetorical denial that men hold the responsibility to end rape Me too ism by some men in regard to women s only programs such as healthcare Distortion of the image of the father by mens rights groups Implicit and explicit misogyny and antifeminism among ifeminists and mens rightists Sexism and the patriarchal birthright in divorce and its harm to children manifest in the custodial decisions taking away children from their mothers and leaving them in the hands of the abuser Prevalence of domestic violence and its impact on the nations children Backlash against an ill informed view of affirmative action and political correctness that allegedly gives privilege particularly to women The compendium presents a combination of scholarly and nonscholarly works a blend that appeals to both academics and nonacademics alike Its ultimate purpose is to demonstrate that feminism works for the benefit of all humankind and not as claimed to the detriment of men These articles and essays will hopefully demystify the issues give a desperately needed more powerful force in favor of feminism and serve to controvert rampant antifeminism which can be in effect cleverly masqueraded misogyny This material is all rather cutting edge No volume to date has encompassed these very current developments in the sexual political landscape All over the westernized world the cultural melee surrounding the issue of sex gender sounds like a cacophony of agitated voices screaming in rage From angryharry blaming global warming on feminists as well as rape on women the very victims themselves 1 to MS Magazine bulletin board participants claiming that men hate women2 the ideological battle seems to be at a greater intensity than ever before However this battle remains relatively confined to the fringes of society and to academe feminism per se is no longer part of our cultural mainstream While women all over the world particularly in developing countries are increasingly associating themselves with the label feminist women in the United States seem to be abandoning the term in droves From boardrooms to bedrooms not the four letter version but the eight letter F word appears verboten As criticized by some European feminists American women particularly those otherwise would be feminists dont like to offend their men Standing by their men they have begun to increasingly eschew feminism and even have begun to join the ranks of the enemy the mens rightists A search on the internet for articles and essays may produce thousands of hits on the obsolescence of feminism however polls and general trends indicate that the vast majority of women as well as men believe in gender equity One might hear a young woman say contradictorily Sure I believe women should be equal to men but Im not a feminist According to Geni Hawkins Somehow the term nazi has gotten tacked onto the end of the word feminist and the prevailing opinion seems to have become that the word connotes a shrill man hating bra burning I m surprised they re not still going off about us bobbing our hair unfulfilled female 3 One major unresolved and possibly unresolvable problem is unsurprisingly just how to proceed in such a splintered and alienating movement and one that has been given such a bad reputation Like so many other cultural stereotypes such as the shad
