Blake, Gemma Stacey, 2022-11-23 This important new book provides the first comprehensive compilation of strategies for promoting physical and mental wellbeing specifically for nurses and midwives. Written by experts on workforce health and wellbeing in conjunction with the Florence Nightingale Foundation, the book emphasises the importance of supporting the wellbeing of self and others even during times of extreme stress such as during winter or when dealing with COVID 19. It covers multiple aspects of self care including how to tackle shift work, prevent dehydration and cope with moral injury and guilt, all illustrated with real life case studies from nurses and midwives working at the coalface. *Health and Wellbeing at Work for Nurses and Midwives* is suitable for students right through to Chief Nursing Officers and is applicable to readers from all countries. It is sure to stand the test of time as a trusted guide to this crucial aspect of the professional lives of nurses and midwives. Authentic case studies bring concepts to life. Written in a conversational and accessible style, suitable for readers of all levels. Contributions from across the nursing and midwifery workforce speak directly to the nursing/midwifery experience. Key recommendations for translating theory to practice. Reflective exercises used throughout to allow readers to engage deeply with the strategies and ideas. Edited by experts in their fields and based on evidence.

**Lewis's Medical Surgical Nursing - E-Book** Diane Brown, Helen Edwards, 2011-11-21 A fully revised new edition of Australia and New Zealand's most highly esteemed medical surgical nursing text. The thoroughly revised third edition of *Lewis's Medical Surgical Nursing* builds on the respected quality content of its previous editions. Authored by Di Brown and Helen Edwards with contributions from an impressive pedigree of leading academics and clinical experts, this latest edition cements Lewis's position as the region's premier medical surgical nursing textbook. Fully updated, this hardback nursing text reflects recent changes in clinical nursing practice in Australia and New Zealand. Its local focus is strengthened by up to date research, data, policies, procedures and guidelines, with an emphasis on current issues. All text in *Lewis's Medical Surgical Nursing* is underpinned by evidence based practice, with an emphasis on the pathophysiological mechanisms of disease. *Lewis's Medical Surgical Nursing 3e* provides nurses in Australia and New Zealand with clear and concise guidance on the assessment and management of conditions. The content is arranged by body systems and addresses myriad conditions relevant to medical surgical nursing, including respiratory problems, cardiovascular disease, cancer, gastrointestinal problems, renal and urological problems, reproductive problems, movement and coordination, and emergency care. *Lewis's Medical Surgical Nursing 3e* by Brown and Edwards is accompanied by an impressive suite of resources for instructors and students, including a test bank, image banks, and PowerPoint slides available on Elsevier's Evolve website. Also available for purchase separately are companion publications: *Simulation Learning System for Lewis's Medical Surgical Nursing* 9780729541060 AU 89.95 ANZ, adaptation by Karen Wotton outlining anatomy and physiology, health history and physical assessment skills. *Management chapters* focus on pathophysiology, clinical manifestations, collaborative care, and nursing management of disease and disorders. Features include: Nursing Research, Evidence Based Practice, Clinical Practice, Health Promotion.

Complementary and Alternative therapieso Health Disparities Tables featuring the most up to date data for ANZ Boxed information across a range of nursing care issues Nursing care plans Case studies accompanied by critical thinking questions Multiple choice review questions at the end of each chapter Extensive References and Online Resources listed at the end of each chapter for further research Evolve and resources
