

Nursing Home Federal Requirements: Guidelines to Surveyors and Survey Protocols, 7th Edition

[The book] lists all the federal requirements that are evaluated by state surveyors during the annual survey visit to nursing homes and for complaint visits. The exhibit section contains forms used by surveyors to gather data during the survey visit. Visually, the format makes the regulations easy to read. If nursing home staff used the book to prepare for a survey, they would be well prepared.

From Doody's
Review

The Federal government, together with more than 50 advocacy groups, has spent the past 40 years writing and refining the rules and guidelines in this manual. This book presents the latest federal guidelines and protocols used by federal surveyors in certifying facilities for participation in Medicare and Medicaid funding. It is an essential resource for long-term care facilities to have on hand to be ready for a survey at any time. It provides information straight from CMS's Internet-Only Manual-in print and at your fingertips for easy access. Divided into four accessible and user-friendly parts, this manual includes:

- Federal requirements and interpretive guidelines
- Rules for conducting the survey
- Summary of the requirements for long-term care facilities and surveyors
- CMS forms commonly used by surveyors

This newly updated and revised edition spans every aspect and service of a nursing home and represents the latest requirements to ensure that outstanding quality assurance and risk management programs are in place.

New to This Edition:

- Section on how to use manual
- Summarization of federal requirements
- Updated

Nursing homes are now the most highly regulated environments in the United States in the service of maximizing the quality of each resident's life. This user-friendly guide has been updated to provide all of the requisite information needed by nursing home staff to prepare for a visit from federal surveyors. It provides the most current federal guidelines and the procedures used by federal surveyors in certifying facilities for participation in Medicare and Medicaid funding. It describes every aspect and service of a nursing home that is subject to inspection and includes the nearly 20% of new requirements established during the past three years with an emphasis on the new Minimum Data Set 3.0. The guide not only presents federal requirements and explanatory guidelines but also explains how to best interpret these guidelines so nursing home staff can be optimally prepared for a survey visit. It reflects changes in regulations regarding end of life care, nasogastric tube regulations, and rights to establish advance directives. The guide also provides information straight from CMS's Internet Only Manual New Features of Eighth Edition. Describes how to best use the updated manual. Focuses on Minimum Data Set 3.0. Explains clearly how to interpret the new requirements, 20% of which have been updated. Presents new quality measures. Includes new CMS forms. Reflects changes in regulations regarding end of life care, nasogastric tube regulations, and rights to establish advance directives.
