**Lazy, Crazy, and Disgusting** Alexandra Brewis, Amber Wutich, 2019-11-19 How stigma derails well intentioned public health efforts creating suffering and worsening inequalities 2020 Winner Society for Anthropological Sciences Carol R Ember Book Prize Shortlisted for the British Sociological Association s Foundation for the Sociology of Health and Illness Book Prize Stigma is a dehumanizing process where shaming and blaming are embedded in our beliefs about who does and does not have value within society In Lazy Crazy and Disgusting medical anthropologists Alexandra Brewis and Amber Wutich explore a darker side of public health that well intentioned public health campaigns can create new and damaging stigma even when they are otherwise successful Brewis and Wutich present a novel synthetic argument about how stigmas act as a massive driver of global disease and suffering killing or sickening billions every year They focus on three of the most complex difficult to fix global health efforts bringing sanitation to all treating mental illness and preventing obesity They explain how and why humans so readily stigmatize how this derails ongoing public health efforts and why this process invariably hurts people who are already at risk They also explore how new stigmas enter global health so easily and consider why destigmatization is so very difficult Finally the book offers potential solutions that may be able to prevent challenge and fix stigma Stigma elimination Brewis and Wutich conclude must be recognized as a necessary and core component of all global health efforts Drawing on the authors keen observations and decades of fieldwork Lazy Crazy and Disgusting combines a wide array of ethnographic evidence from around the globe to demonstrate conclusively how stigma undermines global health s basic goals to create both health and justice

How to become a billionaire by selling nothing Aditya Magal, 2014-05-09 A billionaire stock investor with a dragon sized ego finds himself in an outrageous pickle when an eccentric entrepreneur approaches him to invest in his company which makes a revolutionary new product NOTHING While the billionaire dismisses him with 1 lakh rupees to seek psychiatric help the entrepreneur instead uses the money to start manufacturing NOTHING assigning him a stake in the company as a sign of gratefulness Caught in a precarious situation the billionaire must now debate the validity of the stake he has unintentionally picked up in the company as it becomes more and more valuable each day with everyone from politicians to filmstars to aam aadmis parading the power of Nothing Things escalate into a circus when another company sues for what they believe is a blatant patent plagiarism of their original idea Rambunctious packed with tons of sarcasm spoofs and sketches How to Become a Billionaire by Selling Nothing looks at the inherent madness of human nature and the ridiculous lengths people go to while doing business

The Disability Bioethics Reader Joel Michael Reynolds, Christine Wieseler, 2022-05-30 The Disability Bioethics Reader is the first introduction to the field of bioethics presented through the lens of critical disability studies and the philosophy of disability Introductory and advanced textbooks in bioethics focus almost entirely on issues that disproportionately affect disabled people and that

centrally deal with becoming or being disabled However such textbooks typically omit critical philosophical reflection on disability Directly addressing this omission this volume includes 36 chapters most appearing here for the first time that cover key areas pertaining to disability bioethics such as state of the field analyses of modern medicine bioethics and disability theory health disease and the philosophy of medicine issues at the edge and end of life including physician aid in dying brain death and minimally conscious states enhancement and biomedical technology invisible disabilities chronic pain and chronic illness implicit bias and epistemic injustice in health care disability quality of life and well being race disability and healthcare justice connections between disability theory and aging trans and fat studies prenatal testing abortion and reproductive justice The Disability Bioethics Reader unlike traditional bioethics textbooks also engages with decades of empirical and theoretical scholarship in disability studies scholarship that spans the social sciences and humanities and gives serious consideration to the history of disability activism

*KHAKI SMEAR 'Rock Rampant',* Weighty Problems Laura Backstrom, 2019-04-05 Many parents teachers and doctors believe that childhood obesity is a social problem that needs to be solved Yet missing from debates over what caused the rise in childhood obesity and how to fix it are the children themselves By investigating how contemporary cultural discourses of childhood obesity are experienced by children Laura Backstrom illustrates how deeply fat stigma is internalized during the early socialization experiences of children Weighty Problems details processes of embodied inequality how the children came to recognize inequalities related to their body size how they explained the causes of those differences how they responded to micro level injustices in their lives and how their participation in a weight loss program impacted their developing self image The book finds that embodied inequality is constructed and negotiated through a number of interactional processes including resocialization stigma management social comparisons and attribution

*The 28Th Amendment* N.O. Slak, 2010-04-22 In this epic sequel to *The American Nutcracker* political satirist N O Slak hits another home run for everyone who is tired of liberals making way too much noise Slak takes his audience on a hilarious ride throughout Hollywood Washington D C and beyond He rejects the notion that only celebrities

have a microphone and he contends that their knowledge about global warming or the lack thereof influences the mindless In his words celebrities and morons are killing this country Join Slak as he asks obvious questions such as Why do we accept illegal Mexican maids and fruit pickers but no one else Why do fat people think they have rights Why do companies promote Holiday Parties but have Christmas trees Slak also examines why racial slurs and Al Sharpton and others of his ilk always gain so much press coverage Explore an array of other hot button topics such as corporate greed and what motivates environmentalists and animal rights groups in The 28th Amendment Who is the Village Idiot Take Two Aspirins, But Don't Call Me in the Morning M. H. Genraich MD,2011-06 In response to the stifling socialism of the Canadian health care system and the intolerably long Canadian winters Dr Mel Genraich made a life altering decision leave Toronto for good and seek his fortune in Houston Texas Little did he know that in the short space of eight years he would be divorced from his wife and children remarried to a native Texan from a staunch Church of Christ family no less and would relocate his practice to the Texas Panhandle Take Two Aspirins but Don t Call Me in the Morning depicts the travels and struggles of a Canadian Jew living in an almost one hundred percent Christian world Genraich tells of his incredible swings of fortune and adaptation to events that change the course of his life He chronicles his travels in America and abroad in particular his transformational journey through Europe as a senior medical student Brutally honest and sprinkled with his personal observations Genraich shows that he is not afraid to be honest and controversial traits that most in his profession decry This is a memoir that is frank and engaging far removed from the private enclave of the medical world and yet also a story of that world
