of ideas Cooke shows that a longitudinal approach to each writer's career yields a set of central unit ideas that reappear in the new emotive context of the Affair Through close readings of material such as pamphlets newspaper columns and aesthetic essays the significance of often ephemeral writing to the larger questions of intellectual history and to the outcome of the Dreyfus Affair itself becomes clear Heidegger and Aquinas John D. Caputo, 2024-10-22 Available in a new digital edition with reflowable text suitable for e readers The purpose of the present study is to undertake a confrontation of the thought of Martin Heidegger and Thomas Aquinas on the question of Being and the problem of metaphysics Now a confrontation which does no more than draw up a catalogue of common traits and points of difference is no more than a curiosity an idle comparison which bears no fruit *Methodist Magazine and Quarterly Review*, 1871 **The Methodist Review**, 1896 **Cross is the time-honoured symbol of pre-Cosmic Divine Mind** Helena Petrovna Blavatsky, 2022-05-17 Cross is the time honoured symbol of pre Cosmic Divine Mind The four points correspond to birth life death and immortality The Hidden Deity represented by the circumference of a Circle and the Creative Power Androgynous Word by the diameter across it is the cornerstone of Esoteric Cosmogony Theogony and Anthropogony With the old Aryans the Egyptians and the Chaldeans the diameter across the Circle embraced the idea of eternal and immovable Divine Thought in its Absoluteness separated entirely from the incipient stage of the so called creation With the Hebrews however that which has been embodied in the Pentateuch and especially in Genesis is simply the secondary stage of Cosmogogenesis i e the mechanical law of creation or rather of construction while Theogony is hardly if at all outlined Jehovah was the tribal property of the Jews and no higher inseparable from and unfit to play a part in any other but the Mosaic Law Astronomically the Most High is the Sun and the Lord is one of his seven planets The meaning of Moses beseeching the Lord to show him his glory interpreted by two Kabbalists Moses and Jehovah are in numerical harmony because the number of Moses is that of I am That I am i e 345 The number of Jehovah is 543 the reverse of 345 When the back parts of Moses and his face are added up we have 888 which is the Gnostic Kabbalistic name of Jesus The Sphinx has been devouring the brightest and the noblest intellects of Christendom but at last she is now conquered It is not the Sphinx however who burning with the shame of defeat had to bury herself into the sea but the variegated symbol of Jehovah whom Christians have accepted as their God The Cross is one of the most ancient symbols perhaps the most ancient IAO is certainly a title of the Supreme Being and belongs partially to the Ineffable Name but it neither originated with nor was it ever the sole property of the Jews IAO is an old mystic name of the Supreme deity of the Semites In the old religion of the Chaldeans the highest divinity enthroned above the seven heavens representing the spiritual light principle was also called IAO who like the Hebrew Yaho was mysterious and unmentionable and whose name was communicated only to the initiated The ansated Cross represented Vishvakarman the carpenter and artificer of the Gods crucifying the Sun Initiate on the cruciform lathe imparted the grand idea of man's spiritual birth not his physical regeneration The candidate for initiation being attached to the astronomical Cross is a much

grander and nobler idea than that of the origin of terrestrial life On the other hand the Semites had no other or higher purpose in life than that of procreating their species Geometrically demonstrated the Jewish Deity is merely an even number the illusionary duad never the One Absolute All symbolically a euhemerized Priapus And all this can hardly satisfy those thirsting after real spiritual truths not such a blasphemous and gross caricature of the Ever Unknowable Even the most learned of modern Kabbalists can see in the Cross and Circle nothing but a symbol of the manifested creative and androgynous deity in this phenomenal world But the Eastern Occultist declines to worship any anthropomorphic God A Being having a mind like that of man only infinitely more powerful is no God that has any room beyond the cycle of physical creation That Being is at best one of the creative subordinate powers the totality of which is called the Sephiroth the Heavenly Man and Adam Kadmon the Second Logos of the Platonists The initiated Hindus know how to square the Circle far better than any European Western Mystics commence their speculation only at that stage when the universe falls into matter as the Occultists say From the first to the last chapter of the Pentateuch every scene character and event are connected with the origin of birth in its crudest and most brutal form God is a Circle the centre of which is everywhere and the circumference nowhere Circle and Cross are inseparable It is not in the Bible that we have to search for the origin of the Cross and Circle but beyond the Flood Deity is eternal perpetual motion the Ever Becoming as well as the Ever Universally present and the Ever Existing The Circle is its outward veil The Crux Ansata unites the Circle and the four corners of the Cross The Cross below the Circle stands for human procreation and therefore oblivion of the divine origin of the Cross within the Circle and the divine pedigree of Man The cruciform noose is a Cross in a Circle a Crux Ansata truly but it is a Cross on which all the human passions have to be crucified before the Yogin passes through the strait gate the narrow Circle that widens into an infinite one as soon as the inner man has passed the threshold The Pleiades are the central group of the Milky Way and the Central Point around which our Universe of fixed stars revolve in their respective orbits It is this Circle and the starry Cross on its face that play the most prominent part The Universe is periodically manifested by accelerated Motion propelled by the Breath of Unknowable Power The Spirit of Life Infinite Wisdom and Immortality are symbolised by the Circle and the Astronomical Cross within the ouroboric Serpent or Dragon and the Winged Globe which evolved as the Egyptian Scarab us suggesting the peregrinations of the Soul each lower form unfolding a higher one Self moving numbers preceded mathematical numbers The Planetary Spirits or Creative Powers were represented as Invisible Circles the prototypic causes and builders of the heavenly orbs which are Their visible bodies or coverings Our visible Sun orbits ever closer around the Invisible Central Sun which is the Spirit of Kosmos abstract and formless because homogeneous and impartite the Centre of Intelligence Wisdom in every organised Universe and Solar systems to be Theos is neither the Spirit of Truth nor Spiritual Intelligence but their Father Far greater and more exacting deity than the god of this world supposed to be good is the Law of Karma And this Universal Deity demonstrates that the lesser one our personal god has no power to arrest her mighty hand

for causes initiated by our thoughts and actions generate smaller causes and call forth the unerring Law of Retribution that predestines nothing and no one The Honoured One dwells in the Centre as in the Circumference but it is only the reflection of the hidden Deity The plane of the surface of the Circle is the World Soul Those who by unifying and individualizing the Universal Presence have synthesized it into one symbol the Central Point in the Crucifix they have never seized the true Spirit of the teaching of Christ and by their spurious interpretations they have degraded it in more than one way They have forgotten the Spirit of that universal symbol and have selfishly monopolized it as though the Boundless and the Infinite can ever be limited and conditioned in one man or even in a nation Alone among the Apostles of the Western religion Paul seems to have fathomed out the archaic mystery of the Cross The four points of the Cross represent in succession birth life death and immortality To crucify before the sun is a phrase used of initiation It comes from Egypt via from India The initiated adept who had successfully passed through all the trials was simply tied on a couch not nailed in the form of a Tau or a Svastika without the four prolongations and then plunged in a deep sleep the Sleep of Siloam Vishvakarman the all seeing god the great architect of the world and creative power sacrifices himself to himself The Spiritual Egos of every mortal are of His own essence and one with Him The symbol of Crucifixion is the origin of measures shadowing forth creative law and design Man was the primordial Word the very first word possessed by the Hebrews whoever they were to carry the idea by the sound of a man The numerical value of that word is 113 and carried with it the elements of the cosmical system displayed The figure of Vithoba even to the nail marks on the feet is that of Jesus crucified in all its details save the Cross That man was meant is proved by the fact of the Initiate being reborn after his crucifixion on the Tree of Life That tree through its use by the Romans as an instrument of torture and by the ignorance of Christian schemers has now become the tree of death Thus one of the seven esoteric meanings implied in the mystery of Crucifixion by the inventors of the system is now revealed by the geometrical symbols containing the history of the evolution of man The queer injunction in the Old Testament to crucify men before the Lord the Sun is no prophecy at all but has a direct phallic significance The Cross is not a human invention it is a time honoured symbol of cosmic ideation and of the divine soul in man eternal in its potentiality periodical in its potency Later it expanded in that of the mortal who by crucifying his flesh and passions on the Procrustean bed of torture is reborn Immortal leaving behind the animal man tied on the Cross of Initiation Like an empty chrysalis the Spiritual Soul is now free as a butterfly Much later owing to the gradual loss of spirituality the Cross was degraded to a phallic symbol Eventually the Cross was adopted and manipulated by Christianity yet it was phallic from the very beginning But the Cross does not belong exclusively to the Churches its metaphysical meaning is too much for the champions of the religion of sensualism to grasp The Cross is pre eminently is Kabbalistic representing the opposition and quaternary equilibrium of the elements The City of God Volumes I & II Revised Aurelius Augustine, 2019-08-27 One of Augustine's most famous works this book tells of the fall of the Roman Empire and the rise of the holy and righteous City of God from the ashes While building a utopia much

like The Republic does Augustine uses sound theology to build the foundations of the cities morals and lawful authority Many theologies especially within the Catholic tradition owe their beginnings to the teachings of Augustine and this work is one of the starts of the field Now in larger print *Image+ Vol. 2 #6* Various,2018-01-31 Volume two of the Diamond Gem Award winning comics magazine IMAGE continues with all the hard hitting content you love This issue features another 80 pages of interviews previews and in depth features plus exclusive comics content IMAGE remains your number one source for news and information about Image Comics and now s the perfect time to get in on the ground floor IMAGE is once again available for the low low price of FREE for anyone already purchasing a copy of Diamond s Previews
