Obstetric Prehospital Manual:

Pre-hospital Obstetric Emergency Training Advanced Life Support Group (ALSG), 2009-10-30 The Pre hospital Obstetric Emergency Training POET programme provides an introduction to the obstetric patient and the anatomical and physiological changes that occur during pregnancy including interpretation of patient held records and rapid assessment of the obstetric patient. It includes clear definitions and describes risk factors, diagnosis and pre hospital management of significant problems that occur in both early and late pregnancy and the immediate postnatal period. These are all situations that the pre hospital practitioner may attend. This text and the accompanying integrated on line and hands on course will help practitioners identify and manage a range of time critical obstetric emergencies specifically in the pre hospital setting and provides a structured examination and assessment technique as an aid to determining what treatment should be provided before transport as well as when and how urgently transport should be initiated. POET is of relevance to paramedics, ambulance staff, doctors and nurses working in the emergency pre hospital setting and to midwives facilitating home births. It will also be of considerable value to medical and nursing practitioners working in Emergency Departments and unscheduled care settings where immediate access to skilled obstetric assistance is not available.

Handbook of Obstetric and Gynecologic Emergencies Guy I. Benrubi, 2018-10-05 Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity or access to any online entitlements included with the product. Perfect as a quick reference in the emergency room or your office, the newest edition of this handbook is diagnostic and treatment focused, touching on a range of everyday conditions and problems. These include newer issues such as medico psychological ramifications of sexual assault, complications from abortion, assisted reproductive technologies and immunologic therapies. Obstetricians as well as non obstetric providers will find much here to help them assess and manage clinical situations.

Pre-Obstetric Emergency Training Mark Woolcock, 2018-11-13 Fully revised and now in full colour, the new edition of Pre Obstetric Emergency Training POET will help practitioners identify and manage a range of time critical obstetric emergencies specifically in the pre obstetric department setting. Providing structured examination and assessment techniques as an aid to determine what treatment should be provided before transport, this practical manual equips the practitioner with the knowledge necessary to save the mother and fetus in life threatening circumstances before admission to the hospital. New to the second edition are chapters covering non technical skills and communication as well as complicated labour and delivery. Designed to accompany the associated Advanced Life Support Group training course, Pre Obstetric Emergency Training serves as an authoritative guide for a range of pre hospital practitioners dealing with specialist situations.
